THURSDAY, JANUARY 20, 1910.

A School Improvement Association has been formed at Ridgely and already meetings have been held and school questions discussed. The school building is being improved by additional windows, painting, etc. A part of which expense is being shared by the Association, which, we understand, proposes to spend about $300 upon the building and grounds. Denton's citizens will have to wake up if they keep pace with our enterprising neighbors. The School Board is glad to assist and encourage every kind of interest in our schools, no more worthy object for a little time and attention could be found.

The total value of exhibits at the Tenth National Automobile Show, which opened at Madison Square Garden, New York, last week, mounts up to the enormous figure of $2,250,000. The building was packed with a crowd which numbered about 8,000 persons. The decorations form one of the features of the exhibit, and, it is said, cost the association $35,000. Overhead was a canopy, composed of 7,000 yards of azure blue bunting so cleverly arranged that it gave the appearance that above there was nothing save the sky of night in which here and there gleamed a star. Among the classes displayed were 323 gasoline, electric and steam vehicles, both for pleasure and for purposes of commerce; 42 standardized American cars; 20 types of motor-cycles and 245 varieties of accessories. Baltimore will hold an automobile show in the Fifth Regiment Armory from February 22 to 26, but it will not be upon such an extensive scale.—Ex.

TO STOP STOCK GAMBLING.

Stock gambling in wheat, corn, cotton and other products of the farm will be prohibited hereafter, if recommendation, soon to be made to Congress by Mr. Taft is enacted into law. The President is convinced that legitimate industry suffers from gambling in futures, and he believes a gulible public should be protected from this form of speculation.

Accordingly he has decided to urge Congress to adopt a law that will be as effective in dealing with stock gambling as was the law aimed at the sale of lottery tickets and the great concerns engaged in the business. The evil of stock gambling will form the subject of a conference soon to be held at the White House. The President is deeply interested and will make known his views on the question in a special message, or in a report on the bill soon to be introduced by Representative Scott, of Kansas, chairman of the house committee.

Baltimore Sun Sold.

Charles H. Grasty, formerly proprietor of the Baltimore News, closed negotiations for the purchase of Baltimore Sun from the Abell estate, The transaction has been pending for three weeks and was definitely closed last Friday afternoon. Mr. Grasty will take charge within a week.

The Sun has been the property of the Abell estate for more than a generation. Mr. Grasty, the purchaser, also owns the Baltimore Evening World, which he recently bought at public auction.

Mr. Grasty will infuse new life and vigor in the Sun, which has been conducted for a number of years under a trusteeship, headed by former Attorney General Bonaparte, with the active management in the hands, successively, of Walter W. and Charles S. Abell. Mr. Grasty is an exponent of conservative, sound journalism, and will maintain all the best traditions of the Sun. Whether the Evening World will be conducted as an afternoon edition of the Sun remains to be determined.

FEW PERSONS APPLY.

Salisbury, Md. Jan. 18th, 1910.

Mr. Editor:—

I am suffering much concern over the small number of applications from your County for positions of enumerators of the 13th Census and without I receive a much increased number by Jan. 31st, 1910, the last day provided by law in which I can receive applications, I will fall short of the number required for the work in your County.

It is my firm conviction that all eligible candidates will stand more than a fair show of appointment.

The examination, which is to be conducted at the County seat, Saturday, the 5th of February, is a simple, practical test of handwriting and reasonable intelligence and can be passed by any child with a grammar school education.

Very truly,
ISAAC H. WHITE.
