Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

A Christmas Tragedy,

The body of a man found floating in the Christiana River, Wilmington on Sunday was identified as that of William Carroll, aged 40 years, a farmer of Bethlehem in this county. It is believed he is the man who jumped or fell from the King street wharf on the night of December 27th.

Domestic troubles are said to have caused Carroll to commit suicide. He and his wife did not live together. On Christmas Carroll visited Mrs. Carroll at No. 411 South Jackson street, and tried to induce her to return and live with him, but she refused. The next day Carroll returned, but his wife was not there. That was the last seen of him alive.

PENNSYLVANIA RAILROAD

Bulletin.

DREADNAUGHT CARS.

The nub of railroading is first-class equipment and reliable service. The Pennsylvania Railroad provides this for the public. For many months big all-steel coaches, built like Dreadnaughts, have been operated on all through trains. Their easy-riding qualities and steadiness of motion have been widely praised. The all-steel dining cars too have distinct advantages over the wooden ones. They are stroger and steadier, and the act of eating is made more enjoyable by the smoother movement.

There are also some steel Pullman Cars—Combined Parlor-Smokers and Baggage—in the service now. Travelers like them. They have plenty of elbow room and they glide over the rails. The Sleeping Cars are coming. Some four hundred parlor and sleeping cars will be [illegible] Summer.

These steel coaches and cars are the strongest vehicles ever built for passenger transportation. They are fire proof, break proof and bend proof. They represent the climax of safety and the perfection of comfort in railroad travel.

The Pennsylvania Railroad has always been the leader in all manner of improved equipmentas well as in all methods of making their patrons more comfortable. This is why it is known and honored as The Standard Railroad of America. [m10†
