Kermit Roosevelt, son of former President Roosevelt, has written to J. Rush Street, of Belair, that he is coming back to Maryland again next month to perfect himself in the art of jumping horses. Dorchester county is congratulating itself upon being selected unanimously as the county in which the Eastern Shore Hospital for the Insane is to be located. During a meeting held as Baltimore Wednesday, May 15, the members of the Commission appointed by the last session of the Legislature in connection with the appropriation for the erection and establishment of a hospital for the insane on the Eastern Shore, chose Dorchester as the most desirable spot for such an institution. It is probable that either Cambridge or Hurlock will be selected. The building is to cost $200,000.

Two Mormon elders have recently been in Easton distributing literature and for sometime they have been working in Trappe district, and is reported that Tuesday evening they left the county and that two young girls of Trappe district are reported to have left also, presumably for Utah. Just about this time last year three girls left Talbot county, with Mormon elders who had made a canvass of the outlaying sections. It is said that the elder's method is to conduct a house to-house canvass, giving out literature relative to the Mormon faith and inviting persons with whom they come in contact to attend their meetings.

A few household hints which may prove of value at this season are given here: Before oil and gas heaters are put away for the summer a safe plan for their protection from rust or dry rot is to grease all of the nickel parts with petrolium jelly. For the iron parts make a paste of ordinary stove polish and petrolium jelly and rub in well When the stove is needed again the grease will burn off in a few minutes, leaving the polish firmly ground in the iron. A few strokes with a brush or cloth will make it bright and shining black and will wear nearly all season without further attention. Zinc burned in the fire or placed in the furnace will turn the soot in the chimney to a white powder, thus doing away with the need of chimney sweeping.

Children's Day.

The Sunday Schools began observing Children's Day last Sunday and many more will hold their services next Sunday. At Central M. E. Church, on Burrsville Circuit, a lengthy program was rendered on Sunday morning before a large congregation, many persons being unable to get inside of the doors. The singing was unusually good and the little folks had been well trained and drilled. People from Burrsville, Hobbs and Denton helped to swell the large attendance, and all went away well pleased. Mr. M. Lee Wyatt is Superintendent of the school and Mrs. Wyatt presided at the organ. The day was extremely hot and the roads very dusty. The floral decorations were handsome, three arches covered with evergreen and flowers being arranged in front of the altar. Large bouquets and wreaths were tastefully distributed about the room.

The committee appointed by the Woman's Christian Temperance Union, Preston, to draft resolutions on the life and services of Mrs. Manie T. Noble, one of their valued members, who departed this life May 21, 1912, produced the following, which they requested to have published in the county papers.

Realizing the great loss we have sustained, the removal by death of our friend and co-laborer, Mrs. Dr. J. L. Noble, we desire to place upon record a brief tribute of our love and respect for her memory,

RESOLVED, That in the death of this dear friend, our Union has lost one of its most conscientious members, one who had faith in and cheerfully helped the White Ribbon cause, and was one of the charter members of the Preston organization. Her duties were performed with that willingness which comes from an unselfish desire to be of service to others. "Not in years, but in deeds" her mission in life was ended and the memory of this noble woman and sweet singer lingers with us, like a benediction and we extend our sympathies to those of her household who mourn the loss of a loving wife, an affectionate mother, a dear sister and a sincere friend.

RESOLVED, That although her sudden transition to the "life above", was a great shock to her family and to the entire community, yet we know that "to live in hearts we leave behind is not to die," and we trust her sweet Christian spirit, like a beautiful star set in heaven, by God, may guide and light us on the "upward way."

Children Win Election.

Dover's annual school election, Saturday afternoon far exceeded in interest any previous contest, especially as to the number of votes cast, the total poll being 404. Every possible influence was brought to bear on citizens and taxpayers to turn out and vote, and nearly 50 women, who own property and pay school taxes responded to the appeals.

The ticket nominated by the school children who, in public meeting, protested against the removel of Prof. Alexander Crawford, supervising principal, was elected. It was called the Taxpayers' ticket. The vote was as follows:

Taxpayer's Ticket (for fair play; for the taxpayers; for the children) Wesley Webb, 269; Elmer E. Benson, 266; Douglas C. Allee, 278.

School Board Ticket—James H. Hughes, 143; Dr. Wilbur D. Burton, 126; Amos A. Watson, 123.

The victory of the school children, however, will not bring about Mr. Crawford's reinstatement, as there are six holding-over members of the board who will stand by the election of Prof. George S. Messersmith, successor to Mr. Crawford.

Escaped Lynchers.

On the morning train, which passed through Denton at 8.17, Tuesday was Sheriff Harding Tull, of Somerset county, and Wesley Miles, a negro charged with committing an assault on the 14-year-old daughter of former Sheriff Phillips, of Princess Anne. The negro was given a hasty hearing on Monday morning and the evidence was of such a character as to arouse all who heard it, and the Sheriff immediately took steps to leave with his prisoner in an automobile. A mob formed and took the train to Salisbury where it was expected the Sheriff would stop. He continued to Seaford, however, where he stayed in the woods all night and then drove to Greenwood and took the train for Baltimore. The mob searched the Salisbury jail and then hired automobiles in which they followed after the Sheriff, who eluded them at Seaford.

The negro is charged with two or more assaults upon the little girl and the people are in a very violent temper. Miles threatened to kill the girl and her mother on Saturday.

FOLEY'S HONEY AND TAR
stops the cough and heals lungs

Wives, Don't Nag.

A few "don'ts" for wives were given by Rev. Dr. W. W. Bustard, pastor of Euclid Avenue Baptist Church, Cleveland, O., of which John D. Rockefeller is a member, in his sermon Sunday night. Some of them follow:

Don't marry a man for a living, but for love. Manhood without money is better than money without manhood.

Don't overdress or underdress; common sense sometimes is better than style. A wife with a hobble skirt and a husband with patched trousers make a poor pair.

Don't tell your troubles to your neighbors. Fight it out with your husband if it takes all Summer.

Don't nag. The saloon keeper is always glad to welcome your husband with a smile.

Don't forget that home is woman's kingdom, where she reigns as queen. To be the mother of a Lincoln, a Garfield, a McKinley is to be the mother of a prince.

When Buying, Buy Only The Best.

H. L. Blomquist, Esdaile, Wis., says his wife considers Foley's Honey and Tar Compound the best cough cure on the market. "She has tried various kinds but Foley's gives the best result of all. Sold by C. H. Redden, Denton Md.
