Great Revival at Laurel.

The religious enthusiasm, which has been prevalent at Centenary M. E. Church, where nearly a hundred conversions have resulted since the beginning of the revival services, five weeks ago, is spreading throughout the community. Last week there was a great awakening at Christ M. P. Church, where a revival also is in progress, and a large number of conversions followed.

At Bethel M. E. Church, three miles from Laurel, the meetings, which had dragged along for four weeks with little interest shown, suddenly became intensely effective and 30 conversions resulted On Sunday evening 34 persons were converted.

The interest at Centenary Church now seems greater than ever. Thursday afternoon the employes of Fooks & Hastings' shirt factory, most of whom attend Centenary Church became so enthused with religious fervor that the factory was shut down and a rousing prayermeeting was held in the stockroom. Rev. George C. Williams of Centenary, Rev. J. H. Straugh of Christ, and Rev. Norman Ward, who is visiting here, were called in and five conversions were the fruits of the meeting.

Never in the history of the town were the peorle of Laurel more interested in religious thought, and the meetings are almost the sole topic of discussion.—Dispatch to Every Evening.

ADVERTISING

The purpose of store advertising is not merely to sell goods, but to sell more goods—to make friends, build up a patronage that will not only stick but grow. Newspapers reach the greatest number of people in the immediate vicinity in the most natural way, at the least expense, and they are therefore the best of all mediums for stores. In a newspaper you follow the lines of least resistance—you follow the stream—you talk to an audience already assembled, to the people who want to read—their mental cosmos is right—they are on your wire, and they won't ring off if you hold their interest. Attraction is the basis of all advertising—the store is the sum, the customers the planets that revolve around it.

HOW FAR IS WEST DENTON?

Not So Far That the Statements Of Its Residents Cannot Be Varified.

Rather an interesting case has been developed over in West Denton. Being so near by, it is well worth publishing here. The statement is sincere—the proof convincing:

D. J. Willoughby, River Road, W. Denton, Md., says:

"In 1907 I allowed my name to be used, publicly recommending Doan's Kidney Pills and today I can say that my opinion of this remedy is not changed. For years I was afflicted with kidney complaint. I suffered from an almost constant ache and weakness in my back, which interfered with my work. The passages of the kidney secretions were irregular, sometimes profuse and again scanty and contained sediment. I used many remedies in the hope of correcting these disorders but nothing gave me relief until I used Doans Kidney Pills procured at Duffey's Pharmacy. This remedy strengthened my kidneys wonderfully, and disposed of the backache. I never hesitate to recommend Doan's Kidney Pills to persons I hear complaining, and I know of several cures that have been made by their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
