B. Gootee Stevens Dead.

Mr. B. Gootee Stevens aged 75 years, died at his home at Williston on Sunday morning after a protracted illness of kidney disease. He survived his wife, who was a daughter of the late Col. Arthar John Willis, less than two years. Mr. Stevens was a son of the late Gootee and Elizabeth Stevens, and spent his entire life in this county. For years he was engaged in the merchantile business at Williston and was postmaster of the town. He was quite successful in business, so much so that upon the death of the late Col. P. W. Downes he was elected President of the Denton National Bank, which position he held for a number of years. He was an ardent Republican and gave much time and valuable advice to the campaigns in the county. In 1885 he was the candidate of his party for clerk of the Circuit Court, but was defeated. For many years he was the County Chairman of the party.

An interesting and popular family of children grew up in his home and for years it was the centre of the social circle of the neighborhood. His death and the passing of the family from the town will be deeply regretted.

He leaves to survive him the following children: Mrs. William W. Crosby and Mrs. Elmer E. Wheeler, of Baltimore; Mrs. H. Earl Smith of Denton; Mrs. William D. Uhler, of Philadelphia; Clarence Stevens, of New York and Bruce Stevens of Williston. Messrs. William Stevens, of Denton, and John Stevens, of Hickman, are brothers of the deceased, and Mrs. W. E. Liden, of near Smithsville, is his only surviving sister.

The funeral took place yesterday afternoon at 2 o'clock from the late home of the deceased, Rev. H. A. G. Westerfield of Denton officiating, and the burial was at Concord.

Mistook Horse For Thief.

Mistaking a neighbor's horse for a thief Tuesday night of last week, Charles Williams, a farmer living between Federalsburg and Williamsburg, shot the animal dead. Mr. Williams was awakened by a noise near his meathouse. Getting out of bed he yelled at the supposed thief, but the racket continued. Securing his gun he fired out of the window in the direction of the meathouse. The noise ceased at once.

The next morning Mr. Williams was horrified when he went out to find a strange horse dead near his meathouse. Upon investigation it proved to be Mr. Albert Corkran's driving horse. It is supposed the animal wandered out of its master's barnyard during the night.

The Next Conference.

Bishop Berry and his cabinet held a meeting in Dover on Tuesday of last week.

The meeting was held at the home of Rev. and Mrs. R. K. Stephenson. Plans for the coming session at Crisfield were gone into. At the request of the cabinet, Bishop Berry changed the date of the conference from March 19 to March 26. The cabinet made this request because Easter Sunday comes on March 23 and the pastors therefore will be at home for the services on that day. Appointments were discussed with the probability of few changes. That nine-tenths of the appointments to be made at the coming session, will be in the nature of returning pastors to their present charges was the intimation of Bishop Berry, who will preside over the session. His cabinet, consisted of District Superintendents Hoffecker, Watt, Stephenson and Jones, and matters were gone into more or less in detail. Few changes will therefore be made, and the indications are that a quiet session of conference will be held. The bishop and his cabinet held an all day session, at which many of the preliminary matters pertaining to the conference session were discussed and settled. No appointments were made, only a general review of the work. The meeting was very pleasant and Dr. and Mrs. Stephenson were hosts providing an enjoyable dinner.

Rowan Drug Co., is an Old Reliable House, write to day for the free medicine. Cure the affiicted members of your family, then tell your neighbors and friends about this remedy.

Why Change The Star Route.

Under the above caption the editor of the Caroline Sun becomes very much exercised in an article published last week. In the proposed change the Ridgely editor sees some of the disadvantages for Ridgely that Denton has been putting up with for years. To have our mail reach Ridgely to-day we must mail our letters yesterday, or get up at 5.30 in the morning to do it the same day. At six o'clock a mail leaves for Ridgely, Greensboro, and other points north. In 24 hours, or the next day at 6 o'clock we have another chance to get mail to Ridgely, and so on. What Denton wants is another mail each day whether it goes by Ridgely or Greensboro. The advantages of the Greensboro route would be the arrival of the mails in Denton one hour earlier than from Ridgely under the present system. Mail to the banks from Ridgely reaches Denton at 12.00 o'clock, but there is no way to get an answer back the same day. Denton mail to Ridgely reaches Ridgely at 7.30 and an answer can be returned at 12.00. The people of Denton want, and propose to have, as good mail facilities as Ridgely or any other town. The daily papers come to Ridgely at about eleven o'clock, they are hauled over the star route for an hour and arrive in Denton at noon. If this route changed to Greensboro we have an hour longer to mail our letters north and get our mail an hour earlier. The rural carriers could get out an hour earlier and be back to the postoffice in time to start all their mail out the same day. If the farmers are to be deprived of their mail, establish a new rural route from Denton and make Mr. Price the faithful star route man the driver, at something more than starvation wages. Competative bidding years ago put the price for carrying the Denton—Ridgely mail down to a figure that would scarcely buy horse feed let alone allowing the driver fair wages and the only way anyone has ever made anything out of it has been by hauling passengers.

Fruit Prospects Bright.

Orlando Harrison of Berlin, senior partner of J. G. Harrison & Sons, who are largely interested in orchards in various parts of the county, states that so far as he can learn orchards have not been injured during the winter.

"Monday," said Mr. Harrison, "I was in our peach orchard of 10,000 bearing trees at Berlin and found a good prospect of a crop of peaches. Our Wine Sap and other winter apples, as well as summer varities, look good. Strawberries are in good condition. I do not see anything alarming. The warm weather has given opportunity for more attention to orchards than usual, and more work has been done in that direction.

"During the past few weeks I visited our orchards and others in Maryland, Delaware, Virginia, West Virginia and New York, and, as far as I could learn, all fruits are safe, though there is plenty of time for the whole situation to change. The plantings of apples the last few years have been larger than the plantings of peaches, and unless the peach orchards are renewed in larger proportions dnring the next few years there will soon be a scarcity of peaches on the Eastern Shore."

The State Highway Commission have notified the Harford County Commissioners that they have available from the state from last year's appropriation the sum of $23,000 towards the construction of a macadam road under the Shoemaker law.

Seven cases of scarlet fever have developed in Centreville during the past week. The epidemic seems to be chiefly among the children of the primary school, and the school board had the school closed and fumigated on Tuesday of last week and opened again for the classes on Wednesday.

The date for holding the Wilmington Annual Conference of the Methodist Episcopal Church, at Crisfield, Md., has been changed from March 19 to March 26, by concurrent action of the presiding bishop, Joseph F. Berry, and his cabinet. The change is desired so as to permit the full observance of Easter services in the churches.

The new gymnasium of Washington College, Chestertown, was opened with appropriate ceremonies Friday evening last. The addition of this modern athletice department will be a great feature for the well-known school. It is said to be one of the finest gymnasiums in the State and equipped with all the modern devices for physical training and exercise.

Procuring a bottle of carbolic acid, thinking it was the bottle containing medicine which he was taking, S. J. Messick, of Frankford, poured out what he thought was the usual dose of his medicine and started to swallow it, but realized what he had done and ejected it before any got into his stomach. His mouth was badly burned by the acid before he could spit it out.

F. M. Soper, who won $100 in cash prizes on his Stayman matchless apples at Wilmington horticultural show and afterward refused $15 per box for the choicest Delaware fruit, decided to make of them a feast for Presidents. Accordingly he sent the box to President-elect Wilson at Brinceton. Governor Wilson replied immediately with a letter of thanks.

The newly organized company known as Townsend and Company, of Rehoboth, are trying to purchase a large tract of land just outside the town limits of that place, and if successful, they will at once start constructing a cannery. Many of the members of the Rehoboth Packing Company are interested in the new company. They will make a specialty of peaches and tomatoes.

In the flag which the United States is now flying there are 48 stars. This number of stars will likely remain unchanged for a number of years, as all territories within our continental limits have been admitted as states. The only possibility from now on for an increase in the number of states lies in the possibility of the division of some of the larger states in two as their population increases in the future.

Many farmers throughout Worcester because of the favorable weather conditions for the past two weeks, have commenced plowing and getting the soil in readiness for spring planting of peas, potatoes, corn, and other crops. While it is not their intention to seed until all dangers of heavy freezes are past, yet they have done plowing in order to advance their work as much as possible.

W. R. Huttenlock, owner of the Glenworth stock farms, just north of Milford has sold his entire herd of Jersey cattle to a large milk dealer in New York state. While the price paid for the herd has not been made public it is understood that $2,200 was the price paid for the eleven cows, seven heifers, and one bull. In addition to this sale, Mr. Huttenlock has just sold a brood mare of blooded stock to a man in Germany. The horse will be shipped across the Atlantic in a few weeks.

"A disagreement is probable" says the Centreville Record "between tomatoe growers in Kent and in Queen Anne's counties and tomato packers as the price to be paid for tomatoes this year. We understand that Mr. Robinson, who buys for Boyles, of Baltimore, was offering 13 cents a basker or $7.80 per ton this week, with no takers. Last year the contract price for tomatoes ranged from $10 to $9.60 per ton, which was regarded as a fair price and one for which the farmers could grow tomatoes at a reasonable profit."

ONE WEAK SPOT.

Many Denton People Have a Weak Part and Too Often It's The Back.

Many people have a weak spot.
Too often it's a bad back.
Twinges follow every sudden twist.
Dull aching keeps up, day and night.
Backache is often from weak kidneys.
In such case a kidney medicine is needed.
Doan's Kidney Pills are for weak kidneys,
For backache and urinary ills.
Denton people recommend the remedy.

F. C. Brown, carpenter, Second street, Denton Md., says:

"All I said in a public statement I made a year ago, recommending Doan's Kidney Pills still holds good. My cure has been lasting and I never hesitate to give Doan's Kidney Pills my highest endorsement. My back was so sore and lame that I often had to lay off from work for a week at a time. I had heard Doan's Kidney Pills recommended highly and finally I decided to try them, getting a supply at Duffey's Pharmacy. This remedy proved to be exactly what I needed and soon cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
