This Interests Every Women.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest at such times. They are tonic in action, quick in results. They will help you. For Sale by A. L. Duffey, Hillsboro Md.

Mr. Cooper's New Enterprise.

It is reported that Edwin H. Brown, Jr., and G. T. Faithful have sold their property at Price's station with exception of the Hotel property which will be retained by Mr. Faithful to Mr. Harvey L. Cooper of Denton, Md. Mr. Cooper, it is understood will divide this property in small farms and building lots and will place it on the market sometime during the month of June. Mr. Cooper has handled many large real estate deals in this and in adjoining counties and his effort will be to divide this property in such a manner as to greatly increase the available building sites at Price's station and also offer some very attractive farms which will contain a sufficient number of acres to be handled very nicely. There will be several new streets, run for the purpose of opening up this property and everything done that will attract purchasers. This is an opportunity that very rarely comes to people in and around a railroad station and should be a great advantage and benefit to those seeking homes and small farms.

Law To Protect Game.

A law for Maryland will be introduced at the next session of the Legislature which will make it unlawful for any person to hunt, kill or pursue game in this State without a license, to be obtained from the clerks of the Circuit Courts.

A resident of the State will pay $1 and a non resident $10. Owners of land and their families and tenants will be exempt from this law while gunning on their own premises. A non resident tax-payer who pays taxes on property assessed to the value of $500 will also be exempt from the license provisions. The law will be fathered by the Maryland State Game and Fish Protective Association.

Owing to the delay in shipping pipe for Rehoboth's new water works, work has stopped on the street mains.

Down With The Dust.

The ladies of the Civic League have secured the promise of nearly $300 to be used for oiling the streets for the purpose of keeping down the dust. An experiment was made with a barrel of oil last week, but the results seem to be of doubtful benefit. Sand was thrown on the oil and this has worked up into a fine black dust, which while it is to heavy to blow about much sticks to the feet and many persons claim it will prove a greater nuisance than the dry dust. All property owners will welcome any plan to keep the dust down, but no mistake should be made There are many holes in the streets that should be leveled up and all loose dirt should be hauled off, according to the instructions of the oil company. The oil should be put on a clean hard roadbed and allowed to dry for 48 hours. While the sentiment of a majority of the people is in favor of spending some money to put down the dust, a careful investigation of the method to be used should be made in order that the money shall not be wasted.

If oil is to be used be sure that the street bed is in proper condition and that the oil is rightly applied.

Circus Finds "Easy Marks."

Sangers circus which exhibited in Denton on Wednesday of last week gave a good show in the big tent, it however had all the side show trimmings and trimmers and the sports of town had a chance to try the games. Losses of all sizes are reported from $2 up. Mr. James Hobbs sought the assistance of the sheriff on Thursday to recover $325 of which he claimed he was relieved by being hypnotized while examining some electric belts in a back room of a side show. Mr. Hobbs accompanied by Deputy Sheriffi Temple and Attorney J. E. Ellwanger went to Dover where the show exhibited on Thursday and on Friday they went to Chestertown. By threatening to arrest the manager of the show and bring him back to Caroline county they secured all of the $325.

On Monday morning Mr. Hebron Outten, of Burrsville reported to officer Temple that he had put up $570. to join a company selling the electric belts which he was shown in the same room in which Mr. Hobbs parted with his coin. Mr. Temple advised Mr. Outten to take a lawyer and go to Baltimore and there secure a detective and attend the show at Annapolis, which he did.

High School Notes.

One feature of the next Commencement will be the presentation of C H S monograms to all students who received credit in the recent county Field Day. The student body have unanimously decided not to wear C H S or Caroline High School except it be presented as a prize for athletic work. About twelve students will receive the monograms this year, girls as well as boys.

Peace Day will be celebrated in the school next Monday. A program is being prepared for the celebration. One step is thus taken which will doubtless result in universal peace. For, if the school children are imbued with that spirit the next generation will have it.

The participants in the preliminary declamation-recitation contest held recently in the school were: Roberta Everngam, Katharine Wright, Mildred Nuttle, Myra Ramsdell, Roland Reed, Arthur Perry, Henry Hollingsworth. They all declaimed and recited so well that it was a most difficult matter to render a decision, there being but one-half point difference among them. The representatives will be Myra Ramsdell and Henry Hollingsworth.

Mrs. Elizabeth E. Pippin, vice-principal, has been ill for a few days.

Rev. Gaar, pastor of the M. P. Church, visited the school Wednesday and made an interesting address to the students.

BASE BALL.

The Denton base ball club played on the home grounds with the Centreville nine on Saturday afternoon and won by a score of 18 to 13. The high wind probably contributed to the high score as it was difficult to judge a fly ball and quite a number went over the heads of the fielders. Brown of the visiting team knocked a three bagger and got tagged out in attempting to make it a home run. Several two-base hits were made by Denton. Centreville changed pitchers twice in an effort to hold down the score but Wine pitched the game out, although he appeared to weaken somewhat in the last three innings. The game was quite interesting although neither club played what could be called good ball. The Denton club seemed to be strong on batting but wild in throwing to bases. The Centreville boys were slow in their base running but did some good batting.

The boys expect two games this week, on Thursday with Ridgely and on Saturday with Greenboro.

The club has won from Easton, Hickman and Centreville on the home grounds and lost to Easton at Easton. The best game was at Easton when the score was 7 to 5.

If you are a base ball fan we would like to see you at the games Thursday and Saturday.

Sad Death of Young Farmer.

Mr. Harry A. Holsinger died very suddenly on Sunday afternoon while visiting a neighbor, before medical aid could be summoned. He attended church in the morning and in the afternoon with his wife, walked a half miie to the home of Mr. Reaber. He never spoke and before a pillow could be arranged to lay him down he was dead.
