The reception given in the Assembly Room of the High School on Friday night by the members of the Tenth Grade to the graduates and their friends, was a very pleasing affair. The evening opened with music and recitations by members of the Tenth Grade, which was much enjoyed by those present, after which refreshments were served in one of the lower rooms. Small tables and chairs seating about fifty were arranged and ice cream and cake were served by colored waiters. After the cream came fruit punch, salted nuts, mints and wafers. The affair proved to be one of the most pleasant during graduation week.

The Chautauqua is still a favorite topic of dscussion and we desire to mention in passing that among the many gentlemen who took a great interest in the success of the undertaking and who contributed thereto in no small degree was druggist Charles H. Redden. With some member of the entertainment committee he met almost every train with his automobile and conveyed the lecturers and different talent to the boarding places or homes where they were to be entertained, and made several trips to Federalsburg where the managers were compelled to take all the Chautauqua people in order that they could get to Cambridge on time. We are sure both the committee and the Chautauqua people appreciated his services.

To Break Up Speeding.

If you are in the habit of driving your automobile recklessly you had better watch out! If you want to hold on to your license, make up your mind not to speed. Automobile Commissioner Roe is determined to punish reckless drivers and under no circumstances will temper his decisions with that rare quality of mercy expounded so strikingly by the Bard of Avon.

Commissioner Roe is of the opinion that fines do little good for reckless drivers. There have been too many accidents of late, he said, and the time has come for the authorities to take a determined stand. The offenders will have their licenses taken away from them and under no circumstances will be able to reclaim it.

"Reckless driving and the numerous accompanying accidents must stop," said Mr. Roe. "Conditions in this state are becoming unbearable. I have studied the situation carefully and I find that fines have little effect. A driver who is deliberately careless in handling his machine cares little if he has to part with a bit of money as to the penalty. In the future I intend to take a hand wherever a man is hauled up for careless driving."

Commissioner Roe was in town yesterday and says he has decided that causes sufficient for revoking licenses are not only reckless driving or speeding, but intoxication while driving; running away after an accident without stopping to offer assistance, and chauffeurs using employer's machine without permission, for joy riding or other purposes.

Best Laxative for the Aged.

Old men and women feel the need of a laxative more than young folks, but it must be safe and harmless and one which will not cause pain. Dr. King's New Life Pills are especially good for the aged, for they act promptly and easily. Price 25c. Recommended by All druggists.

Burglers At Marydel.

Sheriff Cooper and Deputy James Temple were busy on a robbery case at Marydel last week. The stores of Elmer Bowdle and Thos. E. Heather were entered and robbed on Wednesday night, cash and checks amounting to about $600 being secured. Several strange men had been noticed around the town two of whom pretended to be umbrella menders, and on Thursday morning they were missing and the safes in the stores were found blown open.

Two suspects were arrested at Clayton and Townsend and held in Wilmington until Monday where Edward Hall was identified by Deputy Sheriff Temple as one of the men seen at Marydel. In Halls possession was found a bent cent taken from Mr. Bowdle's safe, and a stamp box upon which were the initials J. F. H., found on Albert Mills, is supposed to belong to some member of the Heather family. Hall resisted arrest and when finally conquered had a bottle of nitro glycerine in his pocket. A "pal" of Halls escaped at Clayton, and after the men were identified by officer Temple they confessed to the robbecy but said the man who escaped had all the money. The Federal authorities stepped in and took charge of the prisoners on the charge of carrying or transporting dangerous explosives, and the sheriff returned without his men.

Officer Temple secured the information that the men were professionals and had recently been released from prison. They said this was their tenth job since being released. A suspect locked up here is supposed to be another member of the gang.

No Substitute Could do This.

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Nebr., of his kidney trouble. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble." Sold by C. H. Redden, Denton Md., and A. L. Duffey, Hillsboro Md.

Kent, Md., Tax Rate 94 Cents.

The Board of County Commissioners, at a special meeting yesterday declared the tax rate for this year to be 94 cents, which is 11 cents less than the rate last year. Three years ago, when the present board of commissioners assumed control, they were compelled to declare a tax rate of $1.75 to provide for the indebtedness of the county. In three years the commissioners have decreased the county indebtedness from $110,000 to $32,000, which is mostly in bonds. The principal items in the levy are for schools, $25,000; for roads and bridges, 20 per cent of the taxable basis, amounting to $21,636. The present method of repairing the county roads under the road engineer system is expensive, there being less than 420 miles of roads in the county, and the commissioners will seek to lessen the cost to the taxpayers another year.

BASE BALL.

The warmest game of ball seen on the home grounds this season took place Monday afternoon, because Monday was the hotest day of the season. A number of the college boys are home from school and with the addition of a few has-beens they made up a nine and challenged the regular, or high school team for a game. With Hughes on the mound, Dukes behind the bat, O. Downes on first and O. Hubbard and C. Hobbs as umpires the game began. The rooters were pretty well divided and several near scraps took place among the small boys over the merits of their respective favorites, to the amusemement of the crowd. Altogether there seemed to be more fun in the game than the crowd has been able to get out of one for some time. Up to the 8th inning the Collegians had the boys beaten by a score of 12 to 8 when Hughes began to weaken and the regulars ran the score up to 12 to 13. The Regulars thought they could play ball, but the Collegians say they can't. There will be several more games during the summer which will no doubt attract a big crowd, and weather permiting the Collegians will give an exhibition of ball playing with a capital B. on next Monday afternoon.

The Harrington nine is expected here to-day (Thursday.) The home club has won one game from Harrington by a score of 10 to 7, so that a good game is expected. They expect to have a game on Saturday, but is not fully arranged.

Kindly Mail Check.

How dear to our heart is the steady subscriber
Who pays in advance at the birth of each year,
Who lays down the money and does it quite gladly,
And casts 'round the office a halo of cheer.

He never says, "Stop it; I cannot afford it,
I'm getting more papers now than I can read."
But always says, "Send it, our people all like it—
In fact we all think it a help and a need."

How welcome his check when it reaches our sanctum,
How it makes our pulse throb; how it makes our heart dance.
We outwardly thank him; we inwardly bless him—
The steady subscriber who pay in advance.
