Town and County News

THURSDAY, JULY 10th 1913.

Quite a number of Dentonians spent the 4th at Rehoboth.

Ship your wheat by the steamer Edenton. Grain sacks furnished. Freight 4 cts per bushel.

The Epworth League of the M. E. Church held an open air meeting in West Denton on Sunday evening.

The Nuttle Hardware Company can supply you with Good Year tires for your automobile. Look them over.

We are under obligations to Hon. John Walter Smith for a large and very useful map of the United States delivered by parcel post.

Mr. W. R. Peters, formerly of Hickman, a few days ago purchased at sheriff's sale, in Dover, the John F. Saulsbury dwelling, paying $3,410.

Two holidays together is something unusual, and the closing of the banks on Saturday was a surprise to many who did not read their papers carefully.

The Sunday School of Christ Church will go to Rehoboth on Wednesday July 16th. The rates are for adults 80cts and for children 40cts and all are cordially invited to go.

A wild duck, with 11 young ones hanging to its plumage by their bills alighted in the barnyard at the Smith House, Laurel. Being frightened, the mother bird abandoned her brood.

Although the County Commissioners in their levy as published last week make the county rate the same as last year, the State rate is increased from 23½ cents to 31, making the total rate $1.31 instead of $1.23½.

Relief from the oppressive heat came on Sunday evening when a brisk breeze from the west began to cool the atmosphere. For four days last week the thermometer registered at or close to 100 for several hours each day.

The Penna. R. R. Co., will extend the stop-over to Wilmington on tickets reading through that city the same privileges that are accorded to Baltimore, Philadelphia and New York. It will go into effect the first of August.

We hold the busy bee up as an example for our children to emulate—but it would be just as well to deprecate the fact that it never learns by repeated experience that what it labors so diligently all summer to treasure up some loafer comes along in the fall and steals.

Mr. Harry Davis, son of Mr. Oscar Davis, of New York, a former resident of Federalsburg, will leave New York city Saturday morning in an 18 foot canoe, weighing only 90 pounds to row and sail from that city to Federalsburg and expects to make the trip in about three weeks.—Federalsburg Courier.

There is talk of our ball club disbanding on account of lack of support. Some of the best clubs within reach of Denton have been paid to come here to play and there have been some fine games, but the attendance has been so small that the small admission charged has failed to meet expenses.

If a substitute is offered you for Foley Kidney Pills, it means a cheaper medicine is pressed upon you for the dealer's profit, not for yours. Foley Kidney Pills may cost the dealer more than a cheap substitute, but they give better results than any other kidney and bladder medicine. Ask for Foley Kidney Pills. For sale by C. H. Redden, Denton Md., and A. L. Duffey, Hillsboro Md.

The work on the interior of the Brick Hotel has been completed and it is much more convenient and comfortable than ever before. When the outside has been painted, which will be done in a short time, our town will have a hotel which for convenience and looks will compare favorably with any in the small towns of the shore.

Outside of the ball games there was very little excitement in town on the 4th. Quite a number of people went to Rehoboth and a few to Greensboro, where a parade and baseball with fireworks at night were the attractions. A few of the more patriotic citizens decorated their homes with flags and bunting and in the evening set off small lots of fire works in different parts of town, but altogether it was a very "sane and safe" Fourth in Denton.

On the night of 4th Sheriff Cooper was called to the north side of town to look after a disorderly crowd of both whites and blacks, and when he ordered them to disperse and go home Harrison Lewis, colored, refused and defied him to arrest him. Refusing to go with the sheriff he started to run saying shoot! shoo! The sheriff took him at his word and opened fire and Lewis fell. It was soon discovered that he was not hit, but he went along very quietly to jail. He was given a hearing and on Monday paid his fine and costs and was released.

PERSONAL PARAGRAPHS.

Mr. Hill Mercer is spending a few days at Chincoteague, Va.

Miss Sarah Cullen, of Wilmington, is the guest of Miss Gladys Westerfield.

Miss Helen Barnhart, of Washington, spent the 4th with her parents here.

Mr. George Stafford, of Philadelphia, is visiting his aunt Mrs. Jennie Stevens.

Mr. J. Frank Booth, of near Washington spent several days in town last week.

Miss Jessie Crouse, of Baltimore, has been spending a few days with her parents.

Mr. John Ghingher, of Baltimore, spent the 4th with his parents in West Denton.

Miss Mary J. Fisher has returned from the Baltimore hospital and is improving rapidly.

Miss Frances Paine, of Wilmington is spending the week with Mildred and Louise Nuttle.

Mr. Sherman Hignutt, who has not been able to be at the bank for a week returned on Monday.

Mr. O. W. Downes made over 200 miles in his Packard car on Sunday going as far north as Media Pa.

Mrs. James Temple spent Sunday with her mother Mrs. Laura Parks, who is spending some time at Rehoboth.

Prof. J. W. Huffington left on Saturday for Charlottesville, Va., where he will take a course at the University of Virginia.

Mr. Fred Nuttle with his family in his automobile, is spending a week motoring to Easton, Oxford and along the bay shore.

Rev. A. Lee Grey, formerly a pastor at the Holiness Church in this place, who has been in India as a Missionary for several years, preached in the M. E. Church on Sunday morning.

Mr. T. Luther Frampton, the genial clerk at the Brick Hotel, was overcome by the heat on Wednesday of last week and was confined to his bed for several days. He is still unable to return to his duties.

Mr. Ralph Thawley who recently resigned his position at Sunny Side Dairy Farm has accepted a position on the fine stock farm of H. H. Pearson, in Talbot county. Mr. Pearson keeps nothing but the finest registered guernseys.

Rheumatism And The Heart.

Don't overlook the grave fact that rheumatism easily "settles in the heart," and disturbs the valvular action. The cure consists in removing the cause. Foley Kidney Pills so tone up and strengthen the kidneys that they keep the blood free of poisons and uric acid crystals, that cause rheumatism, swollen joints, backache, urinary irregularties and disturbed heart action. Try them. Sold by A. L. Duffey, Hillsboro Md., and C. H. Redden, Denton Md.

Officers Doing Good Work.

States Attorney Owens, Sheriff Cooper, Deputy Sheriff Temple and "Judge" Hignutt, are doing much toward breaking up the liquor drinking and disorder which has been annoying our citizens for some time. Quiet investigations have been going on for some time, and five persons, including one colored woman and one white man are now out on bail awaiting the action of the grand jury. They are charged with violating the local option law.

It has been known for some time that Baltimore liquor dealers were shipping goods here in barrels and boxes, bottled in pints and half-pints for easy handling, and the officers are reported to have secured much damaging evidence against the parties arrested.

Hot Weather Don'ts.

Many persons are very careless of their health during the hot weather consequently, here are a few of the rules that have been issued by several health officers of the cities: During very hot weather eat as little as possible and sleep as much as possible. Eat very little meat. If possible, eat none at all. Drink plenty of water and eat fresh, green vegetables. Don't worry about the heat. It may get hotter, but try and convince yourself that it will soon be cooler. Abstain from all alcoholic drinks. While you are in the sun there is no danger if you perspire freely. Clothing should be loose and light in hot weather. Ptomaine poison is very often caused by left over goods. Many persons contract ptomaine on picnics. The food eaten on picnics should be very carfully prepared. Water should always be carried along, as it is especially dangerous to drink water from springs and streams in the country unless they are known to be safe. Typhoid fever is contracted by drinking such water.

Reminiscences of Gettysburg.

Fifty years ago the early days of July were a time of much excitement in Denton. When it became known that the First Eastern Shore Regiment, one company of which was from Denton and three others from other parts of Caroline county, was likely to be engaged in a clash between the Northern and Southern Armies on the other side of Baltimore, the late Colonel Robert J. Jump, and several other citizens who had relatives in the regiment, hastened to Westminster and made their way to Gettysburg, just after the battle.

In the AMERICAN UNION of Thursday, July 9, 1863, appears a list of casualties in the regiment. The Talbot company, H, the color company, suffered more heavily than the others. The casualties given for the Caroline companies are;

Company D, Captain Clendenning—wounded, William Carter.

Company E, Captain Stafford—killed, William H. Eaton; wounded, William E. Perry; missing, Alfred Townsend, Joshua Townsend.

Company F, Captain Numbers—wounded, John H. Ayers, John T. Moore; missing, Samuel J. Cooper, George Morgan.

Company G, Captain Watkins—wounded, Samuel J. Wright, John T. Jones.

The late John H. Emerson, editor of the UNION, wrote:

FIRST EASTERN SHORE VOLUNTEERS.—This regiment, raised in this and the adjoining lower counties of this Shore, was in the fight at Gettysburg, Pa., on the 3rd inst. Five of their number were killed and twenty or more wounded. The regiment acted like men and in the coolest and bravest manner encountered the rebels. Captain Numbers's, Captain Clendenning's, Captain Stafford's and Captain Watkins's companies were in the thickest of the fight for nine hours and behaved handsomely. We say, all hail to our Caroline boys who were vindicating their country's honor on the battlefield.

A long letter from the adjutant of the regiment, Captain John Rastall, was published dated July 6, detailing the part taken by the regiment in the battle. He said:

"Captain Numbers had his left arm paralyzed—believed to be the concussion of a cannon shot. I am glad to state, however, that he is improving. He went into the fight with his company when he should have been in the hospital.

Captain Watkins also led his company while laboring under a severe attack of sickness, refusing to go to the hospital at such a time."

Colonel James Wallace, of Cambridge, commanded five companies on the right of regiment, Lieutenant-Colonel William H. Comegys, of Greensboro, having four on the left. The regiment, brigaded with the 150th New York and the First Potomac Home Guards, under General Lockwood, attached to Slocum's Twelfth Corps, was ordered to hold rifle pits on Culp's Hill, on the right of Meade's line of battle on July 3rd, against the Confederate left. The battle of July 2nd had been between Sickles and Longstreet on the Union left, and the other regiments of the brigade had reached the field in time to support Sickles. This aged veteran, the last surviving corps commander of the Army of the Potomac, was at Gettysburg last week.

A reunion of the few survivors of the First Eastern Shore Regiment was held Thursday morning at the place where they were posted fifty years ago, now marked by a monument to the regiment. Captain Rastall is president of the survivors' association. In his report of the battle in 1863 he said, "Our respected chaplain was taken prisoner, but escaped again with the loss of his horse and saddlebags." This was Rev. Thomas L. Poulson, for nearly sixty years an itinerant Methodist preacher in several States, who died at Ridley Park, Pa., June 2nd, last, aged 81 years.

The lieutenants of the Denton Company, F, were James B. Austin, who died in Washington a few years ago, and the late Robert J. W. Garey.

The captain of H Company was Argalus Garey Hennisee, who was severely wounded in the battle. He entered the regular army after the war, and was retired in 1903 as colonel of the Fifth Cavalry.

Colonel James C. Mullikin, of Easton, one of the Maryland Commissioners of last week's celebration, and one of Hennisee's lieutenants, acting as a staff officer for General Lockwood on July 3, 1863, placed the regiment in position on Culp's Hill.

Unsightly Face Spots

Are cured by Dr. Hobson's Eczema Ointment, which heals all skin eruptions. No matter how long you have been troubled by itching, burning, or scyly skin humors, just put a little of that soothing antiseptic, Dr. Hobson's Eczema Ointment, on the sores and the suffering stops instantly. Healing begins that very minute. Doctors use it in their practice and recommend it. Mr. Alleman, of Littletown, Pa., says: "Had eczema on forehead, Dr. Hobson's Eczema Ointment cured it in two weeks." Guaranteed to relieve or money refunded. All druggists, or by mail. Seal In Delaware River.

A large seal was sighted in the Delaware river, above Clamont a few days ago.

Thomas E. Gough and G. B. Barlow, clerks in the Claymont offices of the Texas Oil Co., were taking account of stock in the warehouse, which is built out over the water on pilings, when unusual noises attracted their attention.

The sounds were remarkably like the bark of a dog and the flapping of wings. As Gough and Barlow went under the wharf to investigate they noticed a long, glossy back protruding above the water. Closer inspection revealed the presence of a seal about eight feet long.

The amphibious animal seemed to be dozing, but became alarmed at the approach of the men and slid under the water from its perch on submerged piling. The animal seemed to be very slow in its motions, probably being affected by the warm atmosphere.

A number of fishermen, armed with rifles and harpoons, are endeavoring to capture the seal.

Murder At Easton.

After an all night chase by Sheriff Haddaway and his deputies in automobiles, carriages, horseback and afoot, which lasted until about noon Sunday. James Mackey, who shot and killed Charles Gibbs on the street in Easton Saturday morning, was captured in the tenant house occupied by Richard Bailey, on the farm of John J. Reese, near Matthews.

Mackey, after the shooting took place, started toward Oxford, so as to throw the officers off his track and, when some distance from Easton, doubled on his tracks and struck across the fields and went in hiding all of Saturday in the woods known as Horse Heaven, about one and a-half miles east of Easton. After it became dark he again started off on his journey and by morning had reached the woods on the farm of Mr. Reese, near Matthews. Being hungry, he went up to Bailey's house to get something to eat, and while there the officers, who had been told by someone that they had seen a strange man going up the road toward Bailey's, made their appearance in an automobile and surrounded the house. Mackey, seeing that all up, came out and gave himself up to the sheriff and his deputies and was taken into the automobile and carried to Easton and lodged in jail.

The shooting was brought about by a game of craps on July the 4th, in which Gibbs, the murdered man, beat Mackey up, and on Saturday morning Mackey, who was still drinking, put a pistol in his pocket and went to look for Gibbs and ran across him in East Dover street. A few words passed between them, when Mackey out with his pistol and commenced shooting. Gibbs started to run away, but two of the shots struck him, one penetrating the left lung while the other, which the doctors say was the fatal shot, passed through his liver and kidney.

Gibbs lived but little over three hours after he was shot. The shooting created a great deal of excitement in the part of town where it occurred.

The agonizing discomfort and sense of suffocation that accompany hay fever and asthma may be greatly alleviated by the use of Foley's Honey and Tar Compound. It has a soothing effect on the mucus linings, and relieves the gasping and tickling sensation in the throat and bronchial tubes. For sale by C. H. Redden, Denton Md., and A. L. Duffey, Hillsboro Md.

Sanitary Canning.

The State Department of Health is already interesting itself in the coming canning season and has sent out the following notice to canners:

You are hereby notified that food products prepared in a cannery or other establishment, same being in an unsanitary and unclean condition will be deemed by this Department unfit for human food.

The following precautions are necessary in the preparation of food products in the judgment of this Board:

1. The floors of all buildings used for canning purposes must be made water tight, and connected with drain or sewer, so as to prevent juices from seeping through on the ground below, where they would become stagnant and offensive.

2. No litter must be allowed to collect in or around the building, and the same must be kept in a clean and sanitary condition.

3. Separate toilet rooms must be maintained for male and female employees and kept in a clean and sanitary condition.

4. Wash stations, with soap and towels, must be maintained at convenient places in and around the building, and employees compelled to keep themselves clean and tidy.

5. Employees must not smoke or spit in the filling department where foods are being prepared for canning. Employees must not spit upon the floors or walls in any department connected with the canning factory.

Referring to the Regulations issued by the State Board of Health under date of April 3, 1913, the Food and Drug Department of said Board desires to call attention to the following additional suggestions and to urgently recommend their adoption.

1. Tables, buckets and other utensils should be kept in a clean and sanitary condition by the frequent use of steam and hot water.

2. Living quarters, if provided by the canner, should have waterproof roofs and tight board floors, and should be provided with ample light and ventilation; provision should also be made therein for the proper separation and privacy of the sexes.

3. Occupants of living quarters provided by the canner, should be required to keep the same in a clean and sanitary condition.

4. All employees while at work in canning establishments should be required to wear suitable clothing that must be frequently washed; female employees to wear clean aprons and dresses, and men, washable overalls. Both should be required to wear clean, washable caps over the hair.

BASE BALL.

Denton captured both games of ball from Ridgley on the 4th by hard playing. Ridgley has a good team and our boys had to "play ball" to win. Hughes pitched the first game for Denton in the morning the score being 11 to 5. Wine pitched in the afternoon the score being 6 to 5. Smith of Federalsburg caught both games for Denton, Nuttle being laid off with a broken finger from the East New Market game.

Hillsboro's base ball club, reinforced by two players from Greensboro, came over to Denton on Tuesday and gathered us in to the tune of 12 to 9. The game was lost in the second inning when Hillsboro jumped on Wine for seven runs and he was taken out and Johnson substituted. Bennie pitched a fine game, his second this season, and if he had been given good support would have won the game. The score in the seventh inning stood 8 to 6. Several of Denton's players seem to have an off day, and errors were numerous. Jump and Rickards pitched for Hillsboro. This was the third game with Hillsboro, two having been won by Denton.

There will be a game with Milton on the grounds here on Thursday. Give the boys your support. These games are bringing our town to the attention of strangers wherever our club goes, and visiting clubs always bring strangers to the town. It is a good thing, shove it along.
