Beautiful—Sanitary—Durable—Economical

for Homes, Schools, Churches and all Interior Wall Surfaces

Alabastine can be applied to plastered walls, wallboard, over painted walls that have become soiled, or even over soiled wallpaper solid on the wall and not printed in aniline colors.

Alabastine is a dry powder, ready to mix with pure, cold water, full directions on each package. Alabastine is packed in white and beautiful tints. These, by combining and intermixing, enable you to carry out individual color plans in matching rugs and draperies. Alabastine is used in the finest residences and public buildings, but priced within the reach of all.

You will readily appreciate the economy of Alabastine over paint or wallpaper, and its results will be most gratifying.

New walls *demand* Alabastine, old walls *appreciate* Alabastine.

Received $39,000 for a $50 Job

A New York lawyer did some legal work for an Arizona mining man. The fee was fifty dollars. Instead of taking cash he took shares in a mine whose stock was then selling for a few cents a share.

A few years later he sold the stock for $39,000. Today it is worth $50,000.

Read about this and others in our FREE booklet, "HOW MILLIONS ARE MADE IN THE NEW YORK CURB MARKET WITHOUT RISK." It shows how to buy and sell listed securities, and points out some wonderful opportunities for big profits this fall in active securities. Every man with money to invest should send for a copy.

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

Poor Selection.

An Indianapolis newspaper man tarried so long at the home of his best girl one Saturday night that it was the owl car period when he found himself starting for home. After walking a few blocks through the silent streets with no car in sight he was suddenly confronted by a holdup man, who thrust a revolver in his face and demanded his money. The newspaper man was anxious to comply with this request as long as the revolver remained in sight, but all he could scrape together was 62 cents. He handed the whole amount, including the two pennies to the robber.

"Here, take it back," said the robber with a leer. "Anybody who has only 62 cents on Saturday night ought to keep it."

Nat Satisfied.

Hotel Clerk—And how did you like your room, sir?

WHEAT GROWERS SHOULD WORK TO AVOID LOSSES TO 1920 CROP BY HESSIAN FLY

Development of Hessian Fly From Egg to Adult.

(Prepared by the United States Department of Agriculture.)

Losses to the winter wheat crop from Hessian fly have been rather wide spread. Losses are reported in the Shenandoah and Cumberland valleys. Straw-fallen wheat due to this cause was commonly observed in these regions where the percentage of infestation by the Hessian fly has very materially increased this year. Reports received from the western half of the Mississippi basin also indicate increased abundance of the pest.

No Remedy for Pest.

Growers of winter wheat should put into practice at once measures advocated by the United States department of agriculture to avoid losses to the 1920 crop by the Hessian fly. There is no remedy for the pest when once it takes possession of a crop of wheat. Injury can be prevented solely by keeping the fly out of the wheat. The department experts say the following methods are effective:

Do not sow wheat on stubble if possible to avoid doing so.

Plow under all infested stubble and ruined wheat where practicable soon after harvest, especially where this does not interfere with the growing of clover and forage grasses.

Destroy all volunteer wheat by harrowing, disking, plowing, or otherwise.

Plow Early and Deep.

Plow all land to be sown to winter wheat as early and deeply as existing conditions permit and prepare a thoroughly pulverized and compacted seed bed.

Conserve moisture against a period of drought at seeding time.

Use the best seed procurable.

Keep the soil in good tilth and, most important of all, sow winter wheat during the fly-free period as advised by local farm advisers or state experiment stations.

Community action in these measures is absolutely essential to complete success.

STORAGE HOUSES IN DIFFERENT SECTIONS

Insulated Potato House Is Best Adapted to South.

Aroostook Type Is Distinctively a Product of Maine and Confined Largely to That State—West Uses Storage Cellars.

(Prepared by the United States Department of Agriculture.)

The insulated potato house is not used extensively, and as a rule is better adapted to southern than to northern climates. The construction feature of such a house is the thorough insulation of its walls, ceilings, doors and windows. In northern locations such a house must be heated by a stove.

The Aroostook type of storage house, with concrete or masonry walls and wooden superstructure, is distinctively a product of Maine and confined largely to that state. It is expensive and is always located on a side hill or knoll in order that advantage may be taken of a ground level entrance. The basements are usually from 8 to 12 feet deep, and most of them have a capacity of several thousand barrels. Generally the

PREVENT WASTAGE ON FARMS

Among Other Things There May Be Spots That Wash, That Overflow or Are Poorly Drained.

Look out for the waste places on the farm. Some of these may be on fields that wash; some may be on the overflowed fields; some, the poorly drained places. The barnyard manure may be wasting; the implements being left out in the weather to deteriorate. The waste may be in trying to do with the hands what should be done with implements and machines. Look for wasted energy and wasted opportunity.

FOR MAKING SPRAY SOLUTION

Most Satisfactory Method of Cooking Lime-Sulphur Is With Steam and Large Kettles.

Thoroughly reliable concentrated lime-sulphur solution may be compounded on any farm. The most satisfactory method of cooking is with steam; but an ordinary large kettle (such as is used for butchering) may be used over a fire when steam is not obtainable.

TOAD IS FRIEND OF FARMER

They Are Useful Guardians of Growing Plants and Vegetables—Devour Many Insects.

Despite its general unpopularity, the toad is a harmless, interesting and valuable creature. While the toad is often thought to be poisonous, the fluid which comes from a gland behind its eye is not harmful to human beings unless it comes in contact with a tender part of the body, such as the eye or lip. Toads change their skin periodically by splitting the old skin down the back, peeling it off like a jersey and swallowing it. They are also useful guardians of growing plants and vegetables since they eat all sorts of insects. Their chief weapon against their enemy, the snake, is their ability to inflate their bodies to twice their normal size, thus making it difficult for snakes to swallow them.

ATTENTION TO SANDY SOILS

Very Deficient in Organic Matter and Are Subject to Blowing—Straw Covering Helps.

Sandy soils are very deficient in organic matter and are subject quite seriously to blowing. If such fields are covered with straw it will prevent this damage to a great extent. It will also add considerable to the hu- content by increasing the organic ter in the soil, and the soil will l a much larger per cent of mois- . Consequently it will be far supe- to a soil that is deficient in nic matter. The straw spreader ery practical.

ST EQUIPMENT FOR GARDEN

One Can Enjoy Work With Crude or Unsuitable Implements—Work Is Made Easy.

rden equipment is essential for results in making a garden. No can enjoy work with crude or unable implements. All realize how hard work may be with the right l of facilities for doing it. This is true in garden work. Garden implements cost so little in comparison to their value that no one can afford to get along without them. The same may be said of farm implements and needed equipment in general.

NECESSARY FOOD FOR TREES

Fruit Grower Must Furnish Barnyard Manure or Fertilizer—Legume Crop Is Good.

Since all trees get their food from the soil, it is up to the grower to furnish barnyard manure or a good commercial fertilizer. Perhaps the most economical and dependable agency is the legume crop, and it not only gathers nitrogen, but also furnishes humus, thereby replenishing the soil.

GROWING HEALTHY CHICKENS

Among Other Things Shade, Fresh Water, Clean Coops and Ventilation Are Important.

Shade, clean, fresh water, clean coops and colony houses, and good ventilation and plenty of room during the night are of the greatest importance in growing healthy, strong, vigorous birds, whether they are for meat, eggs or breeding.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the *result* of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

A SUMMER COLD

A cold in the summer time, as everybody knows, is the hardest kind of a cold to get rid of. The best and quickest way is to go to bed and stay there if you can, with a bottle of "Boschee's Syrup" handy to insure a good night's rest, free from coughing, with easy expectoration in the morning.

But if you can't stay in bed you must keep out of draughts, avoid sudden changes, eat sparingly of simple food and take occasional doses of Boschee's Syrup, which you can buy at any store where medicine is sold, a safe and efficient remedy, made in America for more than fifty years. Keep it handy.—Adv.

HEADACHE

Often Caused by

Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloat and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour bloat, pain and gas.

It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, cirrhosis of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big 50c box from your druggist today. If it fails to please you, return it and he will refund your money.
