Election Day November 4th, 1919.

FAR FROM VICTORIAN AGE

Present Period Would Be One of Bewilderment to Man Who Lived in That Era.

Suppose some placid gentleman of the Victorian era, who went calmly to his eternal sleep certain that the world had settled at last into final and accepted form, should be awakened and permitted to gaze upon the world today.

What would be his reflections?

NATION WAS NEVER MORE FIT

American People Have Learned Many Valuable Lessons Under Great Stimulus of War.

"Under the stimulus of war we have sweated off mental, moral and physical fat," says the New York Medical Journal. "We have been forced to curb our appetites. We have learned to sacrifice without complaint, to dare without bluster, and sink our will in the common weal. Many of us went to the training camps flabby. We learned to rise early, bathe cold, eat plenty, work hard, and sleep soundly. We learned to obey promptly, to think precisely, to work accurately, and to command properly. One by one the vest ripples of the body, mind and soul disappeared and we were proud to be hard and fit again.

"There is a great lesson in all this. Flabbiness is man's greatest sin against himself. It begets sloth, fear and selfishness. It undermines the mind, the character, the body. Is this lesson, learned at the cost of lives and limbs and worldwide sacrifice, to be lost? Is the ponderous abdomen and feeble leg of yesterday to replace the straight front and springy carriage of today? Are we going to shrink from the cold bath and the hardening necessities of daily life? Or will we attack the post-war period resolved to remain hard and fit in body, mind and soul?"

Fishes in Shipyard.

To catch a nice mess of fish right in the middle of a shipyard, without the trouble of walking to the river bank, is a novel as well as a pleasant incident of any shipbuilder's noon hour. Dean Adams, a tool-room foreman in the G. M. Standifer plant at Portland, Ore., enjoyed such a run of luck a year ago, and never told about it till just now.

"A year ago I stood about where the office is today," said Adams recently, "and got a basketful of smelt. Dredges were at work clearing out a fill and the pipes were run past here, carrying water and sand to fill up the swamp. The smelt run was on and it wasn't a difficult matter to get all of 'em you wanted as they came up through the pipes. Some fishing!"—Fore and Aft.

Uncle Eben.

"Popularity," said Uncle Eben, "kin be misleadin'. Foh instance, de man dat kin worry a tune out of a ukelele is allus mo' popular dan one dat keeps his mind on regular work."

Long Life Copper Mine.

One set of copper mines in Cuba has been operated almost continuously and on an extensive scale since 1520.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
