A SAFE STOCK FOR ALL

## OLD KING SOLOMON WAS A WISE OLD BIRD

**Knew How to Save His Shekels By Putting Them Into Safest Investments Bankers Could Find.**

Old King Solomon was a wise bird. He distributed a lot of mighty good advice.

But he is dead.

You are alive. You will have to make your own decisions and determine your own course of action and your own future. It will not do you a bit of good to try to communicate with Sol and have him solve your problems for you.

If you got his ear, you probably would not take his advice.

You will have to acquire your wisdom as Sol acquired his, by gaining a broad view-point and taking advantage of your own experience and that of others. Solomon was a mason before he was a king and a miner as well, so his view-point probably would not be much different from that of wise workers of the present day.

You may be sure that the high cost of living was a problem in Solomon's day as well as in 1919 and that the purchasing power of a shekel, minted from the gold of Ophir, fluctuated just as does the dollar minted at Philadelphia.

But Solomon knew that thrift and saving, the stimulation of production and the elimination of waste would solve those problems just as the wise working man knows it today. He laid up a lot of coin through safe and conservative investment just as wise men and women have put money for the future in Liberty Bonds, Treasury Savings Certificates and War Savings Stamps. Also there is no record that anyone ever took any of that coin away from Old Sol by inducing him to speculate in wild cat stocks.

He left one bit of advice, the wisdom of which the years have not changed. He said: "A good man leaveth an inheritance to his children's children."

You can follow that advice by steady consistent saving and investment in War Saving Stamps and Treasury Savings Certificates and in Liberty Bonds at present prices. These securities bought now will be an inheritance for your children's children.

Sol had to get wise.

You can get wise just as he did. If you fail to save you will repent through many years.

## ARE YOU AN AMERICAN?

Are you an American?

The 1919 Savings Campaign is an all-American movement. That means it is for every man, woman and child resting under the sheltering folds of the Stars and stripes.

Do you belong to a live savings society?

If so, you have made the right start. Keep on saving and investing in War Savings Stamps and Thrift Stamps. Attend the meeting of your society and learn the habit of happy thrift.

## BEE AND WORKER

How doth the little Busy Bee,
Improve each shining hour?
He gathers honey all day long,
From each and every flower.
How doth the worker in our land,
Insure some future rest?
He saves some money every day,
Wisely to invest.

**Indisputable Proof.**

A druggist was boasting in the company of his friends of his well-assorted stock in trade. "There isn't a drug missing," he said; "not even of the most uncommon sort."

"Come now," said one of the bystanders, by way of a joke, "I'm sure you don't keep spirits of contradiction, as well stocked as you are."

"Why not?" said the druggist, not in the least embarrassed. "You shall see for yourself." So saying he left the room and returned leading his wife by the hand.—Pittsburgh Chronicle-Telegraph.

## COLLEGE PRESIDENT OUTLINES REMEDY

**Tells How High Cost of Living Problems May Be Solved by Every Man and Woman.**

President Nicholas Murray Butler, of Columbia University, in a recent discussion of the high living costs said:

"Punishing profiteers is a good thing, but it won't reduce the cost of living. If we had all their hoarded goods it would do little good.

"Only the operation of inexorable economic laws can bring us back to tolerable conditions. The remedy is to save, to practice public economy and private thrift. We must save and invest in productive industry. Borrowing for non-productive reasons means bankruptcy."

In the opinion of the best economist in the United States the peoples' greatest weapon against high prices is the government's Thrift campaign. Every family should have a budget, just as every successful business has a budget. The first thing on that budget should be the amount to be saved from the weekly or monthly income—not the amount to be spent. Make what you save govern the amount you spend, not what you spend govern the amount you save.

War Savings Stamps bring 4 per cent interest, compounded every three months. Hit high prices below the belt by investing in United States securities. The dollar you save today may be worth twice as much five years from now.

## SING A SONG OF SAVINGS STAMPS

Sing a song of Savings Stamps,
The cost of living's high.
But have you counted all the things
These Savings Stamps wil buy?

They help to take that little trip,
Or buy some needed clothes.
How many things they'll help you get
Goodness only knows.

## OUR NEW VIRTUE

In fog or sunshine, snow or rain, it's comforting to have this thought—I have not spent my every gain, and thus reduced my funds to naught—it's pleasant through the muggy days to sit inside a cozy room, and realize the dismal haze cannot surround you with its gloom; to know, through purchase wisely made, investment planned with sober care, your income's bulk will never fade, but through such rainy days upbear! Last year and this, an agency for teaching folks this gospel bright has strenuously impressed on me the way to duck the waster-bright; "A dollar saved—the interest gained"—this is the lesson sound and true, which keeps the wayward dollar chained and makes the 4 per cent accrue. Thrift! That's the answer to you, sir! The thing that flamed our battle lamps, and helped to down the Prusian cur; in other words, WAR SAVINGS STAMPS.

Cinders are no more worthless than good intentions which go no farther. Buy those War Savings Stamps now.

Every time you buy a Thrift Stamp you are striking Old Man Gloom on the jaw.

**The Forgetful Parson.**

Field Marshal Sir Henry Wilson tells an amusing story of an old West country parson who had to hold two services, one in his own church and one in the church over the moor.

On arriving at the latter church he got into the pulpit and said he was awfully sorry, but he had forgotten to bring a most admirable sermon which he had written.

"Luckily," he continued, "as I came across the moor, I remembered a beautiful story, which I will tell you in place of the sermon. Ever-well, dash it, I've forgotten that, too?"
