

HOW MUCH IS A CHILD WORTH?

Turn for a moment, if you will, from your own cozy family circle to those 800,000 starving, ragged, helpless Jewish children in Eastern Europe. You'll have to stretch your imagination to the breaking point—and even then you will not exaggerate the grim, terrible facts.

Almost a million innocent children robbed of their birthright! Ever since their prattling baby days they have known only War. Peace to them is an utter stranger.

Think of the long dreary days, with the hunger pangs ever gnawing at their little vitals. Think of the rags and the dirt, of the sickness and the suffering and the heartaches of myriads of little tots "out on their own" in a world gone mad.

Here is a situation where race, creed, nationality—nothing counts except humanity. Those multitudes of Jewish children in Eastern Europe must have food. They must have clothing. They must have a decent place to live.

And they must have a little of the care and loving kindness that is the birthright of every child born into the world—of the child of your heart and of these numberless Jewish children!

The first consideration of American Jewry is to care for the untended, unfed, unclothed — and unloved — offspring of the race across the sea. But it is the first consideration not only of Jewry, but of America as a whole. The $35,000,000 that the American Jewish Relief Committee needs from the United States this year will go **primarily** to save the Jewish childhood abroad.

Shall it ever be said that for a few paltry dollars a host of little children were allowed to perish?

EMPLOYEES

The last count of employees in the Bell System showed the number to be 199,914. This count includes the workers of the Chesapeake and Potomac Telephone Company. This large army of telephone people is protected by a Benefit Plan put in operation by the companies, at no cost to the employees. It is a loyal and hard-working army, a trained and efficient body of men and women.

The war made great gaps in the ranks and these gaps have not yet been entirely filled. But we are steadily getting back to a normal basis. And with the cooperation of the telephone-using public, we will.

"LIFE SAVING CREWS" WILL FIGHT DISEASE

Red Cross Christmas Seals Will Finance Campaign To Save Lives Sacrificed To Tuberculosis.

Buy Seals—And Save Lives.

"Life Saving Crews" are now being organized in every county of Maryland. They are the committees of men and women being formed to conduct this year's extra big Red Cross Christmas Seal campaign.

It is to be the biggest drive of its kind that the state has ever seen. It will differ from many money campaigns waged in recent months in that practically all of the money subscribed will be expended in the communities in which the funds are raised. And the money is to be expended in that greatest of all causes —the saving of human lives and the promotion of health and happiness.

Incidentally and indirectly, it is to be a drive to help reduce the high cost of living since it aims at protecting the health of the producers—and everybody admits that one of the most potent causes of the present high prices is the deficit in the amount of production of every-day necessities.

All the funds derived through the sale of seals is used in the fight against tuberculosis and is expended in various ways—educational work, nursing and medical service, sanatorium care for the tuberculous and in other ways suggested by the American Red Cross and the National Tuberculosis Association.

In addition to the seals which sell for a penny a-piece, Red Cross seal campaigners this year will have for sale Health Bonds ranging in denominations from $5 to $500 which will be offered to purchasers who would be able to contribute more to the tuberculosis campaign than the price of the number of seals they would be able actually to use.

Maryland is one of the states that will have to put up a strong fight to keep pace with other states in anti-tuberculosis work. In the state 2014 persons died of tuberculosis last year—the death rate for Maryland being nearly 44 per cent greater than that for the nation as a whole. This is not a record to be proud of and every effort will be made to provide the nurses, sanatoria, clinics and medical service, as well as the educational work needed to cure and prevent the disease. The little Red Cross Christmas Seals will finance this work.

Here are the numbers of people who died needlessly from the disease in the counties of Maryland last year: Allegany, 58; Anne Arundel, 96; Baltimore, 532 (only 263 of these being actual residents of the county); Calvert, 22; Caroline, 42; Carroll, 44; Cecil, 26; Charles, 38; Dorchester, 65; Frederick, 183; Garrett, 9; Harford 45; Howard, 21; Kent, 37; Montgomery, 47; Prince George, 63; Queen Anne, 32; Somerset, 39; St. Mary's 47; Talbot, 31; Washington, 73; Wicomico, 63; Worcester, 28; Baltimore city, 1273.

The country as a whole will be asked to buy $6,500,000 worth of the little Red Cross Christmas Seals Maryland's quota is $125,000 worth. "Each Seal is a Penny's Worth of Cure and Prevention."

THIS IS THE RED CROSS CHRISTMAS SEAL FOR 1919.

Tom Sawyer Grown Up.

Somewhat reminiscent of the methods of one Tom Sawyer, who did not enjoy whitewashing the picket fence was the means adopted by an ingenious official at the school field meet on Belle Isle Friday. This individual had charge of the large man-power clock, mounted atop a high platform which required his attendance at five minute intervals to advance, the hands. He noted that several photographers were looking longingly at the stepladder he used in mounting to the clock, and whenever one of them approached to borrow the ladder he would anticipate the request with a statement that they could take it for five minutes if they would first go up and move the clock hands for him. The ceremony which he directed from a shady position on the ground.—Detroit Free Press.
