MAKING PLEDGE GOOD

IN the coming Suffrage struggle in Delaware that was staged in a special session on Monday last, March 22d, the Sussex County Republican delegation had sent out the news that not one of the ten representatives or five Senators, all of whom are Republicans, except one representative, will refuse to vote for Suffrage.

Once again the Republican party is making good its pledge to enfranchise the women of the country for 1920.

A BILL permifting women to vote in the 1920 election regardless of whether the woman suffrage amendment is operative or not, has been introduced in the Kentucky Legislature by Representative Lazarus, Republican.

MISS MARY G. HAY, who is chairman of the executive committee of the Women's Division of the Republican National Committee and its first vice chairman, has been elected a delegate from the 11th assembly district to the unofficial Republican State Convention by a vote of more than double that received by her opponent and was complimented by receiving the votes of practically all the men of the organization.

NEW YORK Republican women do not intend to have uninformed women voters if they can help it, and the Women's State Executive Committee is therefore carrying on a series of "campaign forums" for the benefit of Republican women who want a better understanding of the policies and history of their party. The committee has tendered the use of the big library of the Republican Club each Monday afternoon, and the forums will be addressed by speakers thoroughly conversant with the subjects they discuss.

MRS. R. J. BURDETTE, widow of the famous humorist and minister, who for some years has made her home in Southern California, may be the Republican candidate for Representative to Congress from the Ninth District if the Republicans of that District have their way. Mrs. Burdette is staunchly Republican in her principles, has long been prominent in the Federated Club work and active in civic, philanthropic and public work. As chairman of the Legislative Council of the State Federation of Clubs Mrs. Burdette spent considerable time at the State Capitol during the legislative session looking after the three measures in which the State Federation were particularly interested.

NOW, gentlemen of the Maryland General Assemby, cock up your heads and get busy, Thirty-five States have ratified. She'll get you later!

THE ISLES OF GREECE

FROM BYRON'S DON JUAN

The Isles of Greece, the Isles of Greece,
Where burning Sappho loved and sung;
Where grew the arts of war and peace,
Where Delos rose and Phoebus sprung,
Eternal summer gilds them yet,
But all except their sun if set.

The mountains look on Marathon,
And Marathon looks on the sea,
And gazing there an hour alone,
I dreamed that Greece might still be free;
For standing on the Persian's grave,
I could not deem myself a slave.

My sere is on the yellow leaf,
The fruits and flowers of love are gone;
The worm, the kanker, and the grief,
Are mine alone.

WILSON NOT THE TYPE OF MAN THE COUNTRY NEEDS

Daily it is becoming more apparent that the country must have a different type of man for President during the critical years of reconstruction; that it must have a doer, not a dreamer, one who has had practical experience in setting the wheels of industry in motion. The country needs for President a man of prompt decisions and energetic action, one with a reputation for getting things done. Prophets and seers are necessary in their place, but that place is not at the head of a $250,000,000,000 corporation. We have reached a point where an ounce of experience is worth a ton of prophecy.

Who shall extricate the country from the present morass of extravagance, high costs and ineffecency? Where is he to be found? President Wilson's experiments in seeking cabinet timber have been sufficient to prove that the new Moses is not to be found in the ranks of the Democratic party. There is no Democrat in the public eye who has given any evidence of constructive leadership. Inefficiency is the dominating characteristic of the present administration. Taxes are ascending. The farther we get away from the actual war the higher prices climb. The lack of efficiency grows more glaring daily. The farther we proceed under Democratic domination the worse conditions become. It does not require a seer to tell us that we are on the wrong road, that safety lies in a return to Republican rule.

At present both houses of Congress contain Republican majorities. Those majorities are pretty certain to be increased in this year's elections. But in order to make substantial progress the executive and legislative branches of the Government must work in double harness. When we have a President of one party and a Congress of another, we maintain the status quo, perhaps but we never get anywhere.
