Young rabbits have made their appearance in the woods. Lovers of hunting should keep up their dogs.

Owners of lawns have begun to clear them up and to think of the many weary hours behind the lawn mower.

Spring fever is the most prevalent disease abroad these days. Anyhow it is not fatal. Remedy: A trip to the woods.

Our local carpenters are busy with many new buildings, while our farmers are preparing their ground for spring planting.

The wheat fields of Caroline are showing a deep, beautiful green, with prospects of a bumper crop of that much needed serial.

Gretna Green, the rendezvous of eloping couples, was once the haunt of persons who exercised cupidity at the expense of Cupid, and innkeepers, ferrymen and tollhouse tenders exploited the couple who fled there. Any witnesses served to make the marriages recognized as legal, but the "professional witnesses" there, like the "marrying parsons" of some American town engage "touts" to bring couples to them, and when the railroad from Glasglow to Carlisle started running, the station platform at Gretna Green thronged with these obnoxious "commissioned gents."
