One Eloquent Word.

An old negro brother, seated far back in a crowded experience meeting, stood up, gained the attention of the leader, and said:

"Kin I say jes' one word?"

"You can," said the leader. "Go ahead."

Then, with all his might, he shouted, "Hallelujah!"—Atlanta Constitution.

Origin of Dollar Mark.

Some claim that it is a modification of the English symbol (£) for the pound. Another explanation is that it came from the letters U. S. written one over the other. Yet another theory is that the two upright marks represent two pillars of brass before the temple of Solomon, which early appeared on our coins and became intertwined with a scroll.

Catarrh Can Be Cured

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

Correct.

A few days ago the public library gave an examination to the young women who wished to enter a library class. Among the questions concerning current events was, "Who is Babe Ruth?" One of the girls exclaimed, "Well, at least I know the answer to that one," and wrote, "Babe Ruth is a race horse."—Indianapolis News.

Where He Might Be.

She looked in the pantry. She looked in the larder. She looked in the kitchen, she looked in the cupboard.

Where was that mischievous boy?

She looked in the hall. She looked in the bedroom. She looked in the nursery. She looked in the garden. She even looked in the hencoop and the rabbit hutch. All in vain.

At last she climbed to the top of the house till she came to the little trapdoor leading to the loft.

"Willie! Willie!" she called. "Are you up there?"

"No, mother," replied a shrill voice. "Have you tried the cellar?"

SOUND ADVICE ABOUT EATING

Alabama Lady Says We Impose on Nature by Overeating, but Thedford's Black-Draught Will Make You Feel Better.

Paint Rock, Ala.—Recommending Thedford's Black-Draught to her friends and neighbors, Mrs. Mary Manning, of this place, says: "I never have and never expect to find better medicine than Black-Draught. When I've had a cold and needed a laxative, I used Black-Draught. I use it for sour stomach, headache and indigestion, and it does the work.

"I believe most ills we have are caused from inactive liver. We impose on nature by overeating, and then the liver don't act. We get lazy and no-account. It is hard for us to do our work, and we'd get real sick if we didn't take something. The best remedy I have found yet is Black-Draught. It doesn't leave you constipated, and I feel better after taking a round of it."

Made from purely vegetable ingredients, Black-Draught acts in a natural way, and is free from the bad after-effects of so many mineral drugs.

Her Turn.

"A wife should be a helpmeet," remarked the near-philosopher.

"That's my view, exactly," replied Mr. Glipping. "Only the other day I reminded Mrs. Glipping that I washed our fivver the last time, but she didn't take the hint."—Birmingham Age-Herald.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess colomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

More Kind to Her Dog.

Through the dark, wintry night two dear old pals strolled homeward. It had been somebody's birthday or something. Anyway, it was very late now.

As the church clock struck the hour of three one of the wanderers suddenly exclaimed:

"I haven't my latchkey!"

"Well, won't your wife get up and open the door for you?"

"Not much! Will yours?"

"You bet! I'll scratch at the door and whine and she'll think her dog has been locked out."—Pittsburgh Chronicle-Telegraph.

NEW TONIC MADE HER STRONG AND WELL VERY QUICK

I Took Earle's Hypo-Cod Too and It Worked Wonders.

I KNOW MANY OTHER FOLKS IT HELPED

"I was so nervous I could hardly write my name and was almost down and out. I could hardly get around at all. One bottle of Earle's Hypo-Cod helped me so much I took three and it built up my appetite, revived my lost strength and drove away a case of nervousness which I had for seven years. I heard about this tonic through a couple men I know who built themselves up after the 'Flu' with it," declared R. F. Anderson, Farmer at the Hyattsville, Md., National Training School for Boys.

"My relief was so complete I never felt better in my life. My daughter-in-law after a spell of sickness developed a cough which the doctor couldn't seem to help. I told her to stop the doctor and take Hypo-Cod, which she did, and although I don't know whether she took more than two bottles or not—she got rid of that cough and is as strong and well as she ever was. I could mention others I've known to be helped with this wonderful tonic, but what is the use? People can easily find out how it does the work by getting a bottle just like I did," continued Mr. Anderson, who at the age of 76 looks and works like a young man.

Thousands of men and women are stronger, healthier and vigorous and thank Hypo-Cod for it. Professor Early asserts it is the most powerful reconstructive tonic made. Druggists endorse it and its formula is one indorsed by leading physicians all over America. Each bottle bears name of the nationally known Earle Chemical Co., which is a guarantee of finest quality. (See formula on bottle). Drop in at the drug store tonight and take home a bottle with you.—Adv.

An Eye Out for the Drinks.

If any reader thinks this little story is far-fetched he is right—we got it direct from distant Shanghai. A benevolent lady was giving a dinner party to a number of soldiers who had been half-blinded and otherwise wounded in the war, and during the repast the hostess was astonished to receive a glass eye rolling on a plate.

"It's from my pal, Bill," explained one of the guests politely. "He sent it up to see if there are any drinks at your end of the table, 'cos there ain't any at his."—Boston Transcript.

To Have a Clear Sweet Skin

Well-Known Remedies.

Mr. B was ill with a cold, and the doctor who was summoned prescribed old-fashioned remedies, "calomel and quinine internally and antiphlogistine to be applied externally."

It proved very effective and the maid boasted of his quick recovery to one of the neighbors. "And Mrs. B didn't do hardly anything to cure him," she added, "She gave him quinine and calumus and covered his chest with alabastine."

A torpid liver condition prevents proper food assimilation. Tone up your liver with Wright's Indian Vegetable Pills. They act gently and surely.—Adv.

Home Town Helps

CITY HAS ITS DISADVANTAGES

No "Neighbors" There, as There Are in the Smaller Towns of the Country.

A big town offers advantages. There are unusual facilities for spending money, impressive buildings to suggest man's importance and show houses where one may be entertained, at a price, by experts in the entertaining business. There are smooth streets to encourage the consumption of gasoline and smooth promoters to encourage the cutting of eyeteeth. There are pedestrians wearing the latest styles and newspapers chuckling over the latest scandals.

But there are no neighbors. In a city a good neighborhood is a part of town inhabited by people who have plenty of spending money. In a small town a good neighborhood is one inhabited by people who make good neighbors.

A good neighbor is one who bids you good morning, calls to ask what he can do when you are sick, borrows your garden tools, keeps his chickens and children at home, never plays his phonograph after ten o'clock at night and takes a mild interest in all of your affairs. He calls you Tom, if you happen to be a Tom, and feels free to enter your house by the kitchen door if that is the more convenient way. Are there any such in great cities?

When the wife bakes and has unusually good luck the best loaf goes to the neighbor. It expresses friendship and her commendable pride in good craftsmanship. After a few days the loaf returns in the form of a cherry pie, hot from the oven, or a bowl of dumplings cooked in the home-made blackberry wine left from the boiling of a ham. If one of the children cuts a finger the neighbor has iodine. He offers it freely, for tomorrow night he may forget to bring home a can of tobacco.

Small-town people are one big family. If their mode of life makes secrets impossible, it also lessens the number of things that should be kept secret; and their interest in one another—an interest that might be very annoying to a big-town man—is inspired by kindness rather than curiosity.

The man who asked "Who is my neighbor?" was not a small-town man, else he would have known.—Robert Quillen in the Saturday Evening Post.

MAKE WAR ON THE ANTS

Destructive Little Creatures May Be Routed by Hot Water or Kerosene Emulsion.

Ants are quite troublesome in some localities. They almost destroy large areas of otherwise healthy grass. There are two methods of routing this enemy. One is to locate each hill and pour boiling water over it, or kerosene emulsion where the hot water is apt to injure the plants. Bisulphide of carbon can be used, but it is more expensive than the other remedies. This insecticide has the advantage of being more penetrating and follows the intricacies of the tunnels of the hills therefore destroying all the inhabitants.

Remove Seed Pods.

It seems unnecessary to suggest that each day you remove all dead leaves and flowers, but some fond gardeners do neglect this phase of the work. You know if you don't do this two things are sure to happen: First your garden appears untidy, and second your flowers develop seed pods, and this means the energies of the plant are all devoted to maturing seeds and not to sending forth new growth, and hence you have fewer and fewer and finally no flowers.—Exchange.

Urges Parks for the People.

Recreation has an important place in the new movement to enlarge the system of federal and state forest reservations and parks and to acquire woodland parks for municipalities, says the American Forestry Magazine of Washington, D. C. While the occasion for such reservations is frequently the protection of watersheds, timber production, or other public benefits, all of the areas afford opportunities for outdoor recreation. Equally true it is that recreation has an important place in the demand for a large program of road improvement and extension.

The Small Town Rules.

The small town rules America because, instead of being a place of hotels, restaurants and amusements, it is a place for normal living—where men walk home to lunch from their offices and mow their own front lawns and weed the backyard garden and bid their neighbors across either fence the time of day; where they not only live in today, but remember yesterday and plan for tomorrow; where families and communities retain, cherish and transmit traditions. There beats the heart of America.—Omaha Bee.

Contrary Ways.

"Nature has some contrary ways."

"Such as what?"

"Don't the trees begin to show their staying power when they start to leave?"

Common Sense Greatest Gift.

Notwithstanding all our admiration for genius, and our longing for gifts, for talents, there is no endowment so envious as sound common sense. It may not soar into the heavens, nor fathom the deeps, nor achieve earth's wonderful successes, but it is the balance wheel of life.

Wise Old Jud.

Ouch! Such Pain!

It takes you right in the back! Sometimes in the arm, hip or foot.

It's all due to an over-abundance of that poison, called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Doctor Pierce, which is, "keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking 'Anuric.' This can be obtained at any drug store, in tablet form.

STREBY, W. VA.—"I have used Doctor Pierce's Anuric Tablets with great pleasure as they always give relief. I was afflicted with kidney trouble for several years. I tried several doctors and none of them helped me but little. After I saw Doctor Pierce's advertisement I thought I would try 'Anuric' and the first bottle helped me so much that I got more. Anuric is the best kidney medicine I ever used. I will tell all my friends about these tablets and do all I can to get sufferers to use them."—ISAAC NELSON.

COOKIES and DROP CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry, here are some wholesome delights that will satisfy the most ravenous appetite.

Cookies

½ cup shortening
2 cups sugar
½ cup milk
2 eggs
½ teaspoon grated nutmeg
1 teaspoon vanilla extract or grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes

4 tablespoons shortening
1 cup sugar
1 egg
½ cup milk
1½ cups flour
3 teaspoons Royal Baking Powder
½ cup cocoa
½ teaspoon salt
1 teaspoon vanilla

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Candor Proof of Love.

"Do you think he loves you?"

"I think so. He is beginning to talk like a member of the family."

"In what way—telling them all he loves them?"

"No. He said to me last night that we have got to begin to teach my little brother not to be so fresh. And then a little later he said my father certainly does smoke rotten cigars."—Houston Chronicle.

Not Bad.

Amelia was four and full of initiative. The other day she removed three gold fish from their bowl and laid them out carefully on the library table. A little later, when her mother found them there dead, she exclaimed: "My, Amelia, but you are bad!" "No," Amelia said calmly. "I am not bad. I am cute."

Might Be Either.

"A fortune teller once told me that some day I would stand in a high place, with public officials on either hand and deliver a farewell address to a crowd of people, who would listen with close attention and many evidences of sorrow to everything I said."

"Maybe so, but you have accurately described a public hanging."—Birmingham Age-Herald.

Pleasant Mistake.

"When William got a letter this morning he frowned and said he supposed it was another of those notes from his mother beginning 'Billy, don't.'"

"Was it?"

LEAD WORLD IN TELEPHONES

Americans, With Their Business Instinct, Have Naturally Taken Kindly to the Instrument.

The telephone is an American invention, and we Americans have learned to use it better than any other people. Four-fifths of the world's telephones are in the United States. No other country has the exchange system developed to give such convenient service. In some of the most progressive European countries the exchange system is so cumbersome that it usually requires ten or fifteen minutes to get a connection.

The telephone in this country has expedited the transaction of business. Without our efficient telephone service, the work of most of our great industries would be slowed up and made more expensive. No other country has a rural system that compares with ours. The telephone has definitely affected and molded our business methods and our social and domestic life.—Alfred Westfall, Colorado Agricultural College.

HAD FAITH IN OLD ADAGE

John D. Rockefeller Enters Mean Man He Once Knew in the Championship Stakes.

John D. Rockefeller once said to a New York reporter:

"The poorest way to wealth is the mean way. In Richford, where I was born, we had a mean man, a very mean man; yet the fortune he left was a small—you might say a mean one.

"At a church supper one night this man cut the corner of his lip with his knife. All searched their pocketbooks, but nobody had any court-plaster. What was to be done? The cut was bleeding.

"Finally the parson produced a two-cent stamp and said:

"'Put this on the cut, squire. It will stop the hemorrhage, I believe.'

"'Thank you,' said the squire gratefully, and taking out his wallet, he placed the two-cent stamp in it, extracting at the same time a one-cent stamp of his own, which he proceeded to stick on the cut.

"'Thank you, parson,' he repeated. 'A penny saved is a penny earned.'"

Proof Positive.

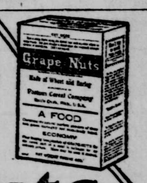

"This watch is not a new one."

"Brand new, sir. Has never been out of the shop."

"Can't I see for myself it is a second-hand affair?"
