WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Salmon Eggs by Airplane.

It has always been impossible to restock the celebrated Fraser river fishing grounds in British Columbia with salmon eggs from hatcheries, because the fertile eggs will not stand carriage by pack animals over rough mountain trails. Now it is proposed to transport eggs to the fishing grounds by airplane.

New Definition.

It was at the end of Elizabeth Ann's first month at school. She had come proudly home with her perfect attendance card and with the information that there had been five absent minded children this month. On being asked what she meant she replied: "Why, that five children forgot to come to school."

TENSE PRESSURE ON HER HEAD

"My Sides, Back and Head Pained Me Just All the Time," Says Alabama Lady, Who Took Cardui and Got Well.

Uniontown, Ala.—"After the birth of my baby, I came near dying," writes Mrs. Maude Felts, of Uniontown. "I was in an awful condition. . . . It just looked like I would die.

"I couldn't bear anyone to even touch me, I was so sore, not even to turn me in bed. My sides, back and head all pained me, just all the time.

"We had the doctor every day and he did everything he knew how, it looked like. Yet I lay there suffering such intense pains as seems I can't describe.

"Finally, I said to my husband, 'let us try Cardui' . . . He went for it at once, and before I had taken the first bottle the . . . came back, the soreness began to go away, and I began to mend. The intense pressure seemed all at once to leave my head, and before long I was up.

"I took three bottles and was well and strong and able to do my work. I believed Cardui saved my life. . . . I cannot praise it enough for what it did for me."

Home Town Helps

THE DRIFT FROM THE CITY

Foresighted Corporations Are Now Building Their Factories in the Rural Districts.

American corporations have sought, as a rule, to build plants at or near large cities, where there supposedly was an ample supply of suitable labor. But the building of factories at big cities has not proved altogether satisfactory. It has been found that labor union agitators can exercise more inflammatory influence in large centers than where plants are located in the smaller communities. The large-city plant often finds it difficult to establish close, intimate personal relations with its work people, whereas in a smaller town the executives who run the principal industries can and do very often get closer to their folk and build up harmonious relationships which outside professional agitators cannot bedevil.

From now on there will be witnessed more building of new plants away from congested centers. The most progressive employers today attach very great importance to bringing about a spirit of loyalty among their people, and they find that it is not so difficult to do this when their plant is either the only one or one of a few in a community.

This movement away from crowded industrial centers is to be welcomed. It is better for all concerned, for example, that new cotton mills be built in Texas than in Fall River, new woolen mills in the Middle West than in Lawrence, Mass., and huge new automobile plants in small towns than in Detroit.

It may not be feasible for millions of workers to go "back to nature" in the sense of returning to the tilling of the soil, but it is feasible and desirable to draw millions of industrial workers away from metropolitan cities and into more rural districts.—Forbes Magazine.

HOME OWNER BEST CITIZEN

Can Be Relied On as a Bulwark of the State in These Times of Unrest.

In a message to the realtors of the United States, John L. Weaver, president of the National Association of Real Estate Boards, said that no more important campaign could be undertaken in these times of unrest than that exemplified by the "own-your-own-home" movement.

"Own your own home," said Mr. Weaver, "is a slogan country-wide in its use. It is reasonable, comfortable and upbuilding in good citizenship. Where the own-your-own-home movement has worked its beneficent influence there will be found contented, constructive citizenship, composed of men and women who are not only law-abiding, but are ever ready to strike a blow for country or state whenever called upon to do so.

"So I beg you to give the own-your-own-home movement the added impetus of your personal effort, to give the national thrift campaign your hearty support."

Referring to the "own-your-own-home" movement, John Poole, chairman of the district executive committee on national thrift, said: "Persons living at home may feel sure their family circles will be much happier than under other conditions. From a financial standpoint, persons waste less time, money and energy by living at home. Practically speaking, the nation's welfare depends upon the home. Around home life center the characteristics that make a nation weak or strong."—Washington Star.

War Gardens in Peace Times.

From out the chaos and the debris of the World war there shine here and there benefits the value of which we have hardly begun to appreciate. The war garden carried over into the times of peace is one of these benefits which, if encouraged and continued to its fullest degree, will work an immeasurable blessing upon not only the individuals immediately concerned, but upon the nation at large.

It has been conservatively estimated that during the year 1918 no less than 2,500,000 children had gardens and produced fully $48,000,000 worth of food. In 1919 and 1920 there was an increase in the number and value of these gardens in some sections and, unfortunately, a falling off in other sections.

Numerous as these gardens were and are, there is opportunity to multiply them tenfold, perhaps one hundredfold—and this without appreciable financial outlay.

Aimed at Billboards.

A bill recommended by a commission appointed by the Boston city council provides that the owner or user of a sign shall be liable for all damages in any highway accident of which the sign is the approximate cause. The bill provides that no sign shall be placed or be of such a nature that it tends to distract the attention of persons driving on a highway, and every public officer is given authority to destroy any sign which is so placed as to prevent an unobstructed view of a highway from any part thereof for a distance of 300 feet in either direction.

When There Is a Drought.

When in need of rain in Germany, farmers get out a complicated device and sprinkle the ground. A number of sprinklers attached to one long feed-pipe are drawn across a field. A pump supplies them with water and so a whole field may be watered at the same time.

Well, Isn't That Correct?

50 Years Ago

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union.

For *fifty years* Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

STRASBURG, VA.—"Some years ago I was in a run-down, weakened condition. Our doctor could do me no good and I felt discouraged. I quit doctoring and took Dr. Pierce's Favorite Prescription with wonderful results, and have been healthy ever since." —MRS. S. C. Feely.

Help That Bad Back!

Why be miserable with a "bad back?" It's time you found out what is wrong! Kidney weakness often causes much suffering from backache, lameness, rheumatic pains, headaches, dizziness and kidney irregularities. Neglected, it may lead to dropsy, gravel or Bright's disease, but if taken in time it is usually easily corrected by using *Doan's Kidney Pills*. *Doan's* have helped thousands.

A Maryland Case

Mrs. K. L. Smith, 106 Beckford Ave., Princess Anne, Md. says: "I was in a bad way from severe backache. My back was very painful, especially when I stooped over. Sharp pains caught me when I straightened up. I learned of Doan's Kidney Pills and after using two boxes I was rid of the trouble. I can say nothing too good for Doan's."

Remember This.

There are many stories told against Irishmen of ripe and full age, but not so many about them when they are young. Still, here is a proof that they are Irishmen even before they are breeched.

It was a classroom in a village school in Ireland and the teacher was giving a lesson on salt.

"Now," she said at the conclusion of her rather long and inclusive lecture, "I want some one to give me a good definition of salt."

"Shure, teacher," said Micky, a bright, blue-eyed youngster. "It's the stuff which makes potatoes taste nasty when you boil them and don't put any in."

MY HEADACHED, MY BACKACHED, SHE DECLARED

Every Bone in My Body Ached, But It Didn't Take Hypo-Cod Long to Relieve Me.

"I suffered from a bad cold. My head was all stopped up, I couldn't breathe through my nose, and all the time my eyes watered. I sneezed continually. My head ached, my back ached, and my appetite had completely gone. Every bone in my body ached. I also had a deep hoarse cough like I had the croup, and every time I would cough sharp pains would go through my lungs.

"I saw Earle's Hypo-Cod advertised, and got a bottle at our druggist's, and the first dose I took seemed to help me. I was afraid I was taking the "flu," but this tonic just seemed to dry up my cold right away, stopped the cough, and now I am feeling just fine again. My appetite is good, my nerves are strong, and I sleep good now. Really, I never took any medicine that was quite as effective and quick acting. It has stopped a very persistent cough and cured me of a cold I know would have run into the "flu" if I had not taken it in time," declared Mrs. B. Welsh, 1828 S. Allison St., W. Philadelphia, Pa.

It certainly is surprising what a good tonic will do for a person troubled with a run-down system, and always catching cold and feeling about half sick. Thousands have taken this new and modern tonic, and found that it quickly put them back on their feet feeling fine again, after taking many other remedies without results, according to their statements. Druggists, chemists and experts assert it is a most powerful tonic, yet you will be surprised at how pleasant tasting it is. Give it a trial today.

Earle's Hypo-Cod is sold here by all druggists, and the leading druggists in all nearby towns.—Adv.

Church Bells in Asia Minor.

Church bells are an abomination to Moslems. In 1917, the Turks, hearing that the Germans had melted their church bells and made them into bullets, decided they would melt the church bells of Asia Minor. In order to add insult to injury some of the bell metal was made into stirrups, to show the Armenian Christians that they were both in fact and figure under the feet of their Mohammedan overlords. But the Armenians of Marash have collected the money for a good church bell, to be purchased in America, and are looking forward to a time when they can worship God in peace.

A New Log Saw

Cuts Faster, Costs Less, Makes More Money for Users and Works While You Rest.

A new improved power log saw, now being offered, outdoes all other log saws in cutting wood quickly and at little cost. A new 4-cycle, high power motor equipped with Oscillating Magneto—no batteries to fail you—makes the saw bite through logs faster than other log saws. It finishes its cut and is ready for another before the ordinary saw is well started. This log saw—The Ottawa—has a specially designed friction clutch, controlled by a lever, which starts and stops the saw without stopping the engine. Others have imitated, but no other power log saw has this improvement just like the Ottawa. The Ottawa Log Saw sells for less money than any power saw of anything like its size.

The Improved Model, 4-H. P. Ottawa Log Saw.

One man wheels this outfit from cut to cut and log to log like a barrow. Separate attachments cut down trees and cut up branches. Extra power lets the engine do heavy work of all kinds. Owners of the Ottawa Log Saw laugh at coal shortages and are making big money with ease, the machine doing the work. 35 to 50 cords cut any day, rainy or dry, by one man, are normal figures. And wood is approaching $20 a cord! The Ottawa is compact, simple and durable. It sells for cash or easy payments and is guaranteed. If you have wood to cut the Ottawa Log Saw will be the most satisfactory machine you've ever owned. We suggest that you write the Ottawa Mfg. Co., 2724 Wood St., Ottawa, Kas., for their complete new illustrated book and prices, sent free to all readers of this paper.
