Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas

"Tanlac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan of Peabody, Kansas, one of the most prominent stock-dealers in the Middle West.

"It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac, but they can see for themselves what it has done in my case.

"When I began taking Tanlac I was in an awfully run-down condition. I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to agree with me. At times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. This is just the condition I was in when I started to take this medicine. It took just six bottles to make a well man of me. I now have a fine appetite, everything tastes good and my digestion is perfect.

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

Tanlac is sold by leading druggists everywhere.

Awful Sick With Gas

Eatonic Brings Relief

"I have been awful sick with gas," writes Mrs. W. H. Person, "and Eatonic is all I can get to give me relief."

Acidity and gas on the stomach quickly taken up and carried out by Eatonic, then appetite and strength come back. And many other bodily miseries disappear when the stomach is right. Don't let sourness, belching, bloating, indigestion and other stomach ills go on. Take Eatonic tablets after you eat—see how much better you feel. Big box costs only a trifle with your druggist's guarantee.

Domestic Storm Warnings.

The following pleasant recipe for being happy, though married, was given by an old village woman to her daughter, who was married recently. "Do as your father and I did, my dear. Whensoever he came home feeling contrary, he wore his hat on the back of his head, and that were a sign. And then I never said a word And whensoever I felt cross or crooked, I threw my shawl over my left shoulder, and then he never dared say a word."

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

Big Wealth in Hands of Few

Fifty Families in United States Control More Than $100,000,000 Each.

ROCKEFELLER AT HEAD OF LIST

Oil King's Estate Is Now Estimated at Between Three and Five Billion—Veritable Dynasty in Every Important Industry.

New York.—Fifty families in the United States control over $100,000,000 each, 100 families control over $50,000,000 each, and 500 families control over $10,000,000 each.

John D. Rockefeller's estate is now up to $3,000,000,000.

Five billion dollars of wealth in the United States has been handed down to heirs, many of whom were incompetents, in the last fifteen years.

Two hundred persons in the United States control $15,000,000,000; in France the same amount is controlled by 480 times that number of people, or 96,000.

Dynasties to Fore.

Industrially the United States is becoming dynastic—there is a veritable dynasty in each important industrial structure, some of which are:

Sixty per cent of the tobacco trust wealth is in the hands of ten families.

Twelve families, with the Rockefeller family away in the lead, control 50 per cent of the oil industry.

The railroads of the country are controlled by 1.3 per cent of the stockholders.

One and five-tenths per cent of the stockholders in the steel trust possess 51 per cent of the stock.

Two families control 51 per cent of the stock in the harvester interests.

These startling figures on the concentration of wealth in the United States were obtained from Henry H. Klein, deputy commissioner of accounts of New York city and a deep student of economic affairs. He has spent ten years collecting concrete facts on the pyramiding of American wealth.

Mr. Klein's attention was called to the recent statement of George P. Hampton, managing director of the Farmers' National council, that 33 individuals own 2 per cent of the entire American wealth. He estimated this 2 per cent at about $4,837,000,000. Mr. Hampton gave no names, but the following list of individuals and estates and their vast holdings, checked up to a recent date, was given by Mr. Klein:

Estates or individuals—	Amount.
John D. and William Rockefeller, $3,000,000,000 to	$5,000,000,000
Pratt family	400,000,000
Harkness	400,000,000

Daniel Reid estate	50,000,000
Plant estate	50,000,000
Morris	50,000,000
Pullman estate	50,000,000
Searles estate	50,000,000

There are many families Mr. Klein mentioned in the $40,000,000 class, and this includes Mrs. William Leeds, now Princess Christopher of Greece, and Alexander Smith Cochrane, until recently America's "richest bachelor" and now the husband of Mme. Ganna Walska, opera singer.

Mr. Klein's list, which is several pages long, does not go below the $10,000,000 class.

Historic Tract Being Reclaimed

Famous "Campagna Romana" Is Being Cultivated and Is Yielding Big Crops.

LAYS IDLE FOR MANY YEARS

Since the Fall of the Roman Empire This Once Fruitful Tract Has Been Uncultivated—To Reclaim Many Thousand Acres.

Ostia, Italy.—Efforts are being made to reclaim and plant parts of the vast tract of land which stretches for several miles around Rome and goes by the name of the "Campagna Romana." It has been allowed to remain idle and uncultivated ever since the fall of the Roman empire.

Before that time it was a sort of terrestrial paradise; villas and gardens were dotted all over it as far as the eye could see, it was luxuriant with fruits and flowers, it supplied food and work for thousands upon thousands of men, it was one of the most beautiful and intensely cultivated spots in the world.

When Rome, however, was obliged to resign her position as "the mistress of the world," the "campagna" was abandoned and gradually became a marshy, malaria-infected desert, inhabited only by a few hardy shepherds.

New Law Having Effect.

Now, however, the law which was recently passed, decreeing that anyone who does not cultivate his land to the utmost of its capacity, is liable to have the land confiscated, is beginning to have its effects. Prince Aldobrandini has engaged a company to reclaim a huge estate of several thousands of acres, which he owns in the "campagna."

The work already has begun and an experimental station has been set up at Ostia. The land was first of all drained and then arrangements were made to obtain water from the Tiber for irrigation. Electric tractors to draw the plows were then bought and various kinds of fruit, vegetables and cereals were cultivated in order to find out how fertile the land is and what kind of crop it is most adapted for.

Yields Plentiful Crops.

The results were beyond the wildest hopes of any of the promoters of the company. The land, after lying idle for centuries, seems to have stored up its fertility throughout all that time and now yields crop upon crop with unstinting hand.

An attempt has even been made to grow cotton here and the experiment has been successful, but how successful it has been impossible to determine, as the cottonseed used was of the worst quality obtainable. This year, however, it is proposed to plant American or Egyptian cotton. So happy have the results at the experimental station been, that it is hoped that soon work may be begun for the total reclaiming of the whole of the "campagna."

MOON AFFECTS RADIO

American Fleet Officers Make Interesting Discovery.

Efficiency of Air for Transmitting Radio Communications Affected by Changes of Moon.

Paris.—The changes of the moon have been found by the radio officers of the small American fleet in the Adriatic sea to have a striking effect upon the efficiency of the atmosphere for transmitting radio communications.

The officers have succeeded in drawing curves and other diagrams, based upon months of observation, which, they assert, reliably serve to indicate what atmospheric and celestial conditions affecting radio service will be met at any particular date in the future.

The discovery apparently has special application to the vicinity of the Adriatic, for there the changes in the atmospheric conditions caused by the change in the world's relation to the moon are much more marked than anywhere else in the world so far as yet discovered.

The Adriatic fleet under Admiral Andrews depends almost entirely for its communications upon radio service, and having only receiving and sending apparatus of moderate efficiency it has specially benefited from the discoveries. The powerful land wireless stations, such as the new Lafayette station near Bordeaux, manage to overcome unfavorable conditions by using great power and so are not concerned about which way the moon turns.

Woman Branded.

Bloomington, Ind.—When she failed to give food to a tramp who called at her home near Kirksville, Mrs. John Carmichael, forty-five years old, a farmer's wife, was attacked and branded in many places with a flat-iron she had been using. Her screams attracted persons passing by and a posse was organized to search for her assailant. Bloodhounds followed the trail of the Dixie Highway, nine miles south of here, where they lost it.

French Baby Has Heart in Pouch Outside Body

Paris.—Paris medical authorities were called to Soissons to examine an infant born to a working family with heart and intestines contained in a pouch on the outside of the child's body. The case was said to be the first of its kind on record. There is every indication that the child will live, as all the organs are functioning perfectly despite their displacement.

$100,000 Book, 700 Yrs. Old, Is Brought to U. S.

Philadelphia.—A book, 700 years old, valued at $100,000, was placed in the University of Pennsylvania for translation by Dr. William R. Newbold. It is said to have been written by Roger Bacon, some time between 1216 and 1262, and is an exposition of the laws governing life. The volume is the property of Dr. Wilifred M. de Voynich, exile from Poland.

To Teach Hondurans to Fly.

Tegucigalpa, Honduras.—Two American aviators have arrived in Honduras with American-built flying machines bought for the war department. They are engaged for a certain period to teach flying and how to care for the airplanes. It is expected that in peace times the machines will be used to carry mails over the country where railroads are scarce.

Black Cat Restores Sight

War Veteran Sees Dimly After Fright —Ducking in River Does the Rest.

London.—Charles Appleby, who went to France in the Royal air force in 1914, was severely wounded in the Ypres salient. He lay unconscious in Havre hospital for ten months with a fractured skull, and when he recovered, was blind. He was sent to St. Dunstan's hospital.

While there, a black cat jumped on Appleby's head. The shock had the effect of enabling him to see just a glimmer of daylight with his left eye. He left the hospital and returned to Kingston, being able to go about with a dog to lead him.

He wandered into the river a few weeks ago, but was rescued. It was then found that the shock of the immersion had partly restored the sight of the right eye.

He was given several powerful electric shocks, and now, after having been blind for four years, he has fully recovered his sight.

Called Fire Department to Quench Flames Inside Him

Seeing a man rush up to a fire alarm box and turn in an alarm, Patrolman Winner of the New York city police department, inquired where the fire was. "Inside me," gasped Joseph Marone of Wooster, O. "I drank booze and want the firemen to run a hose down my throat and extinguish the flames."

The patrolman told the firemen where the fire was, but took Marone to the police station.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful.

It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

IF ALWAYS FEELING HALF-SICK HERE'S WORLD'S BEST TONIC

Baltimore Man Was Weak, Pale, Thin, Headachy, Always Felt Bad.

TELLS HOW HE GOT BACK HIS OLD "PEP"

"I suffered with liver and intestinal troubles, my doctor said, but I had doctored for ten years and been treated off and on every time I felt like I could spare the money. I had pains in the head and stomach and would have sick headaches often. It seemed like I never had any energy or ambition, and just dragged around half-sick for years. Although only 33 years old, I've felt more like sixty. My skin was yellow and pale, and I was thin and weak all over, and I guess I'd been that way today, but some time back I heard about this wonderful new medicine called Hypo-Cod. I bought a bottle down at the drug store. I took several bottles. I began to feel brighter and my vigor and old-time energy returned. I felt like working. I grew rosy and fat instead of being thin and pale. I took the laxative tablets they give you free with Hypo-Cod and I found they worked like a clock with me. I became stronger every day, and now I'm feeling like a boy. My weight has increased until I'm now too stout for my old clothes. The clothes I wore a year ago I can't get into now. So I say—Get some Hypo-Cod and get fat. I notice the druggists sell so much Hypo-Cod they can't keep it on hand and that is a mighty good sign," declared Clarence R. Shawker, 1433 Columbia Ave., Baltimore.

It is easy to strengthen, build and tone up the system with this newer, more modern and powerful tonic. It is powerful enough to do the work. It is nice tasting enough for anybody. Right now during this sort of weather when sickness is prevalent everywhere, no one should remain in a weak, rundown condition. All druggists have the genuine Earle's Hypo-Cod and it costs very little compared with results. Note—The Earle Chemical Co. send a free box of laxative tablets in return for two Hypo-Cod coupons. One coupon is packed with each bottle of Hypo-Cod. People bothered with irregular bowels will find the tablets splendid when taken with the tonic during a building up treatment.—Adv.
