### Thirty Days.

An athletic young fellow in Australia went on a tear and landed in the police court. The magistrate inquired what the prisoner's occupation was.

"He's a professional football player," said his counsel. "He plays outside right for his team."

"Oh, he does, does he?" replied the magistrate: "well, then, we must change his position. He'll be left inside for the next month."

### Unused Water Power.

Fifty million horse power comprises the total, both steam and water generated, now in use in the United States. It is conservatively estimated that as much more can be developed by utilization of the water power resources. The Department of the Interior has placed the potential water power at 100,000,000 horse power, of which only 10,000,000 is now developed. This saves the country more than 30,000,000 tons of coal annually.

## "I HAD STOMACH TROUBLE TWO YEARS, BUT NEW TONIC CURED ME"

### "I'm Sure It Will Help Anyone With Colds or Stomach Troubles."

"I suffered from stomach trouble for two long years and all during that time I didn't dare touch many favorite dishes, and no matter what I ate, it hurt me. I was so weak and worn out I felt tired all the time. Today I am cured of stomach trouble and will gladly recommend Hypo-Cod to anybody. I first learned about Hypo-Cod from the newspapers. Now I know what it is myself, for I can eat anything I want and am strong and well. Some people may doubt Earle's Hypo-Cod, but if they will write me and inclose a stamped envelope I'd be more than glad to do my 'bit' towards helping others troubled like I was," writes Mrs. M. E. Drumboro, 210 Carbon St., Lehighton, Pa.

Belching, bloated, gasey spells, stuffiness in the chest, foul breath, pains after eating and kindred symptoms of stomach trouble cause many people to suffer month after month when Hypo-Cod can easily be bought from any drug store, and costs only about fifteen cents per day to take. It is a nice tasting, modern and powerful, appetizing, strength-building nutritive tonic. Hypo-Cod contains hypophosphites, malt, iron, wild cherry bark and soluble extractives of cod liver oil (freed entirely of nauseating, fishy taste).

This is the season when no one should run the risk of sickness by remaining in a weakened, rundown condition. Druggists all have Hypo-Cod. The cost is trifling compared with results.—Adv.

## Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

## EMPLOYED "NOM DE PHONE"

### Few People Will Blame Mr. Kraemberlicht for Pressing John Henry Smith Into Use.

"Is Mr. Smith in?" inquired the visitor at the office of a Newark business man.

"Mr. Smith? Mr. Smith? I don't think we have any person by that name," replied the office boy.

"John Henry Smith was the name," said the caller. "He gave it to me over the telephone."

"Were you looking for John Henry Smith?" inquired a member of the firm who was passing by. "You want to see our Mr. Kraemberlicht. This is a new office boy, and he is not aware that John Henry Smith is the telephone name of Mr. Kraemberlicht. Mr. Kraemberlicht found that it was impossible to make any one understand his name over the telephone, so he simplified it to John Henry Smith. A nom de phone."

"I see," said the visitor. "You might also call it a phoney name."—Newark Sunday Call.

## SIMPLE ROAD TO HAPPINESS

### As Benevolent Old Gentleman Pointed Out, Desired Result Might Easily Be Attained.

The beautiful young woman, dressed in fashion's most pronounced style, entered the street car and sat beside a rather benevolent-looking old man. As the car started she happened to glance out the window at a bunch of little girls playing on the sidewalk.

"Don't they look happy," she gushed. "But no wonder. Why, I remember my happiest days were when I used to wear short, little gingham dresses."

Now, the man had seen her enter the car, and he was well informed about the length of the dress she was wearing, so there was no mistaking his hint. "You might try gingham instead of the silk you're now wearing," he suggested.

### Knew All About It.

There was a small passageway between the dining room and kitchen in Frederick's house that was recently fitted out for use as a breakfast room.

One day at school Frederick's teacher had occasion to ask if anyone knew what a "nook" was.

Frederick, with the new breakfast room in mind, answered: "It's a place where you eat breakfast to keep the dining room clean."

## RUB RHEUMATIC PAIN FROM ACHING JOINTS

### Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

## SKIPPER REGRETTED HIS FIB

### Persistent Questioner, in the Classic Language of the Street, "Got Back at Him."

The deep-sea fisherman often has a sharp tongue and is not likely to get the worse of a verbal duel. But George, the skipper of a Yarmouth trawler, who figures in "North Sea Fishers and Fighters," by Mr. Walter Wood, certainly met with his match once whether he knew it or not.

"There's land people who come and bother you with foolish questions," he complained in recounting the hardships of a skipper's life. "I try to put 'em off, but can't allus do it. There was an old lady who worried me past endurance with her questions, askin' if the herrin's were caught in barrels, as she'd sometimes seen 'em that way in shops. I told her no, and then she aggravated me to that extent that I told the only fib I ever spoke in my life.

"'How do you kill 'em when you've caught 'em?' she asked.

"'We bite off their heads,' I answered.

"She looked at the catch of herrin's we had. 'My! My!' she murmured, walkin' away. 'How tired your poor jaws must be!'"

A bluff by any other name would be just as unsatisfactory.

## NOT A TERM OF OPPROBRIUM

### But Really It Seemed as Though Mother Had Some Strong Grounds for Complaint.

The following story is told of a certain school in central New York. Dr. L——, the health officer, had just made the customary physical examination and filled out the verious health certificates.

One afternoon he received a visit from an irate mother.

"I should like to know," she said belligerently, "what you mean by calling my boy 'a poor nut'?"

"Madam," said the astonished physician, "I haven't an idea what you are talking about. To the best of my knowledge I have never applied the epithet you mention to any person."

"It's down in black and white," continued his visitor unappeased. "My Jim has just been transferred to D—— school, and it's on his health card as plain as can be, 'Poor Nut.'"

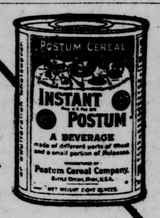

The light of comprehension dawned on the bewildered doctor. He smiled. "Ah—I see! 'Poor Nut,' my dear madam, is merely an abbreviated way of saying 'poor nutrition.'"—Youth's Companion.

MRS. J. M. CRAIG, of Los Angeles, Calif., who says no one can feel more grateful for what Tanlac has done than she does. Declares she has gained twelve pounds and her health is now better than in years.

"Of all the people who have taken Tanlac, I don't believe there is anyone who feels any more grateful to it than I do," was the statement made recently by Mrs. J. M. Craig of 674½ East Fortieth street, Los Angeles.

"Like so many other families during the influenza epidemic last year we all had it, and my own illness, together with the worry over the rest of our family, brought on a case of genuine nervous prostration.

"I was so weak I couldn't even sweep the floor, and during the day I would have to lie down four or five times. I tried to walk but found out half a block was all I could stand before I gave out. Nervous spells came on me often.

"Every medicine I tried failed to reach my case until finally my husband urged me to try Tanlac, and I am indeed thankful that he did, for it proved to be just what I needed.

"The first two bottles didn't seem to help me. I guess that was because I was so extremely bad off, but on the third bottle I could tell I was improving and that gave me more hopes than ever of getting well.

"My improvement from then on was rapid and by the time I had taken five bottles of Tanlac I was better and stronger than I had been in years. I was sleeping soundly at night and had gained twelve pounds in weight.

"That was several months ago and from then until now I have been in as good health as I ever was in my life and have been doing all the housework by myself.

"It is simply remarkable how Tanlac has built me up and I have told everyone of my friends and relatives what a wonderful medicine it is."

Tanlac is sold by leading druggists everywhere.—Adv.

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Womens' complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.
