Electric Wiring!

There is a Cheerfulness

to a well-lighted home which always repays more than the cost of installing or upkeep.

Edison brought more real cheer into the world with his **first electric** light than has any other modern invention.

Its development has been continual—until today the acme of illumination at nominal costs—and within the reach of all—has been attained.

Let us wire your home for electricity. That is only the first step for all of the modern comforts of light and labor saving machines.

And when is a better time than now? Let us estimate on your requirements.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

You Cannot Lose

No matter how much or how little money you may have it will cost you no more to pay it out by means of check than it will to use the hard cash. Checks are accepted just as readily as money.

A checking account is **absolutely safe.** If a check should be lost it becomes worthless because payment on it can be stopped immediately, and nothing of intrinsic value is lost. If the money is lost, however, there are no "stop payment" proceedings available. **You lose.**

We invite you to open a checking account at this bank. Come in and let us explain how you can **save money** by means of a checking account.
