# Gives Tanlac Credit For Splendid Health

T. J. PARKER
4246 Juneau Street, Seattle, Wash.

"I used to think all the Tanlac testimonials were exaggerated, but I have felt thankful a thousand times I ever believed in it strong enough to give the medicine a trial," said T. J. Parker, well-known saleman for Gately's Clothing Store, residing at 4246 Juneau St., Seattle, Wash.

"Several years ago I commenced having periodic spells of sickness and a few months ago I had an attack that I thought would finish me. When I did finally get up, I was scarcely able to go. I had no appetite and what little I forced myself to eat caused so much gas on my stomach I could hardly get my breath.

"At night I was often so bloated I couldn't breathe while lying down and just had to sit up and struggle for air. At times I had cramps so bad I could hardly endure it.

"My liver was sluggish and sometimes I got so dizzy I would nearly fall. I felt tired and miserable all the time, couldn't even sleep and for days at a time I wasn't able to go to work.

"Well, a friend of mine finally got me to try Tanlac, and it certainly has done a good job for me. My appetite is fine now and although I am eating just anything I want and as much as I please, my stomach never gives me the least trouble. I have picked up in weight, my strength has come back to me, and I am now enjoying the best of health.

"All the men at the store know Tanlac put me back on my feet, and I am glad to give this statement for what it may be worth to others."

Tanlac is sold by leading druggists everywhere.—Adv.

### Speeches and Lectures.

The late Champ Clark's services were sought some months ago by a small western town that was undertaking to put one of those Chautauqua affairs over the plate.

"We would like to know," the chairman of the committee inquired, "how much you would charge to come and make us a speech."

Champ Clark named his figure and added: "I'll come and lecture, if possible, for that amount, but it will be a lecture, you understand, and not a speech. I charge money for lectures, but when I make a speech it is for nothing."

# Absence of Disease Isn't Health; You Need Vitality, Energy

You may have no particular disease, and yet fall far short of enjoying real health. To be actually healthy you must be sturdy, alert, vigorous, a-sparkle with enthusiasm and the joy of living—fairly bubbling over with vitality and energy. Are you thus?

If you are well, yet listless and unambitious, it is because you lack some quality that would fill you with vim and drive, and nine times out of ten the sole cause of this lack is found to be disordered, weak blood.

Wholesome blood is the very fountain source of that energy which puts spring into your muscles, snap into your step and sparkle into your eyes. If you want all this, begin right now to enrich your blood stream.

You will find, as thousands of others have found in the last fifty years, that S.S.S. is an excellent remedy to do this for you, one that removes the poisonous impurities and helps build your blood into a rich, nourishing supply. S.S.S. is an herb compound, discovered by the Indians, and still made as they made it.

Get S.S.S. from your druggist today. Start taking, and then if you want expert medical advice free, write in detail about your condition to Chief Medical Advisor, 862 Swift Laboratory, Atlanta, Georgia.

# STUCCO HOME OF PLEASING LINES

## Many Attractive Features Are Seen in This Design.

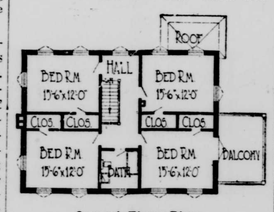

## ROOMS ARE LIGHT AND AIRY

**House Is Built of Hollow Tile With Stucco Exterior and Presents a Very Appealing Picture—Not Expensive to Build.**

By WILLIAM A. RADFORD.

Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to the subject of building, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1827 Prairie avenue, Chicago, Ill., and only inclose two-cent stamp for reply.

When the word "home" is mentioned today it immediately arouses the intense interest of most people. For uppermost in the minds of hundreds of thousands is the question of where they are going to live. Building has been at a standstill since before the war. Rents have been soaring until they have reached a point where many cannot pay. Naturally they turn to the thought which they had ignored years before, viz., that of buying or building a home. Once established in a house of their own, their worries over landlords, increased rents, etc., cease. And in view of the shortage existing today more people than ever before are giving the idea of building a "home of your own" very serious consideration. A man who owns his home is not liable to become a Bolshevist, on the contrary he is more than liable to become a very serious-minded citizen taking an active interest in civic affairs and jealously guarding the interests of his community. No one ever went to war over a boarding house, but men all through the centuries have died defending their homes.

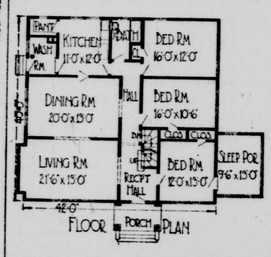

Second Floor Plan.

That is the beauty of home ownership, that is the feature that makes it essential to the continued welfare and progress of any nation.

One of the most attractive materials that can be used in home construction, one that lends itself to a very wide range of treatment is stucco, either magnesite or portland cement. This material can be applied equally successfully over frame, hollow tile, brick or concrete tile. The beautiful home shown in the accompanying illustration is built of hollow tile with stucco exterior and presents a very pleasing and appealing picture, one that will demand the attention of every sincere homeseeker.

This house is built on square lines with a hip roof, a type of architecture

that has many advantages the most prominent one being its economy in cost. There are no special alcoves or bay windows that require special work, and consequently the cost does not mount up into large figures.

One of the striking features of this house is the sun parlor at one side. It is accessible from the outside through artistic French doors which are also found in the living rooms. On the first floor are three large and comfortable rooms, the living room, dining room, and kitchen.

The living room is a great spacious room, 15 feet 6 inches by 28 feet, designed to be the recreation center and play room of the family and friends. At one side is an open brick fireplace and on both ends are doors with supplementary casement windows. This room extends the full depth of the house. It is reached from the reception hall which also opens into the dining room on the opposite side. This room is not quite as large as the living room, but ample for the needs of a real family. It opens into the sun parlor through French doors. Directly to the rear of this room is the kitchen. Conveniently close by is a small breakfast nook where informal meals can be served without much trouble. There is also a small lavatory at the end of the reception hall.

Upstairs the sleeping rooms are located, four in all. One bedroom opens out onto a balcony over the sun parlor. These bedrooms are all of about the same size, 15 feet 6 inches by 12 feet, and have windows on two sides. Very often in the construction of a home the ventilation facilities of the sleeping rooms are overlooked or not taken care of. This, however, is not the case in this dwelling. Each bedroom has splendid lighting and ventilation facilities. A supply of fresh air circulates through the rooms at night.

According to present reports from all parts of the country a real building boom is under way. Many disputes over wages and building material prices have been amicably settled and work which has been held up for several years is getting under way. In this town as well as in many others the housing problem has been the leading one for most people. That is why there will be a glad sigh of relief when work actually starts again. The time to get the design of the house you want is now, and as a suggestion, the beautiful, immaculate white stucco home shown here is hard to beat. It embodies comfort, charm and convenience, three essentials in a happy home.

### Good Use for Airplanes.

Thirty-three per cent of the 196 forest fires sighted and reported last year by airplanes operated from Sacramento, Cal., by the United States forest service, were located within a quarter of a mile of the exact place, as was later determined by actual surveys on the ground. Ten per cent of the total number of fires was discovered by the air patrol before the rangers were aware of them. Forty-two per cent was reported by radio, while planes were in the air. Besides acting as reporters, the planes were used to direct fire fighting operations and to patrol fire lines which were built but needed watching. If the planes reported a line to be clear, the fire fighters were kept at work elsewhere, but if the observer reported that the fire had broken away, a force of men could be rushed to the spot at once.

### Child Critics Wreck Show.

The modern child had its innings the other day in a theater at Halle, Germany.

A company had been brought from Munich to give a matinee performance of a fairy play and the theater was packed with children. They, however, considered the piece silly and the scenery and dresses inadequate. Making a tremendous uproar, they demanded their money back.

By the time the police arrived and cleared the theater, the children had broken up most of the seats.

# Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

## Children Cry For Fletcher's CASTORIA

### Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little-one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

# LOST APPETITE—FOR SUGAR

**Little Happening Aunt Mary Witnessed Responsible for Disappearance of "Sweet Tooth."**

Aunt Mary is an immaculate housekeeper. She is constantly going about after her servants to see that everything is clean and in order.

Since prohibition and the high cost of sugar she has been more than annoyed to find the sugar spoon constantly covered with a thick coat of sugar. She had admonished the members of her family to be more careful in the use of the spoon, and not to dip it into their tea, but to no avail—the spoon continued to carry its coat, and aunt in her despair had come to dissolving this coat in her own tea.

This continued until one day, to aunt's nauseating disgust, she happened into the pantry just as a spoonful of sugar had disappeared into the servant's mouth and the spoon was being thrust back into the bowl.—Indianapolis News.

# MAORI PROVED POOR "SPORT"

**Fit Companion for Men Who Would Bribe Baseball Players to "Throw" Games.**

Ex-Governor Goodrich of Indiana said at a dinner, apropos of the baseball bribery scandal:

"The thing was so raw that it reminds me of the Maori millionaire.

"The Maoris, you know, are great gamblers and intensely fond of horse racing. Well, this millionaire set up a stable and did well. One day, though, just after a horse of his had won a race, he rushed up to the judges' stand yelling:

"'I protest! I protest!'

"'But your horse won,' said the judge.

"'I know,' said the Maori millionaire. 'That's why I protest. I didn't want him to win.'"

### Question Which Is Worse.
