Miracles in Money

A city skyscraper seems a miracle in steel and stone. But it is only a vast number of girders painstakingly placed together—a vast quantity of bricks placed end to end and one above another.

Miracles in money are seeming miracles only. **You** can work miracles in your own life.

BULL-DOG DRUMMOND

The Adventures of A Demobilized Officer Who Found Peace Dull

Story of a Man Who Sought and Found Danger

Unsurpassed by any of those enchanting tales that lift the reader out of a prosaic world into the realm of romantic, breath-taking adventure.

Bull-Dog Drummond, returned from the war, finds civilian life dull, flat and unprofitable. Fate flings him into a new scrap and before he finishes with it, he begins to think that the little affair of 1914-1918 was mere child's play. There's a girl, too—and indeed every element of a thoroughly satisfactory story. Love, mystery, humor and thrills that dovetail into chills, with no time to catch your breath between.

Here is an amazing hero and adventurer of whom you will probably hear more in succeeding volumes, as he is too good to be confined to the pages of a single novel. Be sure to make his acquaintance.

This entrancing story is now running in the columns of THE AMERICAN UNION. Back numbers containing the first installments of this story may be had at The American Union office.

To Label Cold Storage

Washington, May 12.—To prevent hoarding, deterioration, and deception with regard to cold-storage foods and to regulate cold-storage foods in interstate commerce, Representative Hutchinson, of New Jersey, a member of the Committee on Agriculture, has introduced a bill in the House.

The measure provides that every article of cold storage shall be plainly marked, so that the housekeeper may not be deceived into purchasing it under the guise of fresh food. If the articles are mixed and one of the ingredients has not been in cold storage as long as the other, the one which has been in longest is to be marked, so that the housekeeper may also know just how many days the cold-storage plant has held the food she has purchased. Heavy penalties are imposed on those guilty of obliterating these marks.

Furthermore it is required of every cold storage that it make a full report of the busniess transactions conducted by it, so that the Secretary of Agriculture, who is given charge of the enforcement of the act, may have at all times substantiation of the markings provided for in the measure.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.
