THE UNIVERSITY OF HUMANITY

Diplomas Awarded Men and Women Who Qualify in This Unique Institution.

The four training colleges in The United States, of which two are in Chicago and two in New York City, conducted by The Salvation Army, specializes in the science of art. of understanding and handling people.

Two of these in each city are devoted to the instruction of women.

In addition to the vast fund of general experience which the workers in the Salvation Army have acquired through a forty years apprenticeship at serving men and women in every possible phase and emergency of crime, sorrow and misfortune, it adds to its marvelous efficiency in handing down these traditions by giving to every man and woman who consecrates his and her life to this work, a university course of ten months intensive study.

Besides the evangelical side of this instruction, which prepares the student to conduct all kinds of meetings, they also must learn much of the training that pioneer missionaries need to maintain themselves in a variety of surroundings, establish a home, a meeting place or corps from which their activities will radiate and around which they will draw for all kinds of spiritual and temporal relief, the people of their community.

Officers who receive a commission in the Salvation Army must be skilled in saving men just as the officers of our military armies of the world are trained in destroying men. Their training for life of men-saving is just as complex and diversified. Indeed the men's training colleges of the Salvation Army have been called its 'West Point.'

Fully as comprehensive is the instruction given to the young women who register for this work. They must learn domestic science, sewing, nursing, as well as the religious side, for there is no demand made upon officers in this great army that is not met by them in the intelligent capable manner of the expert.

After the ten months in the college has been completed the young officer must serve a year's probationary training under some elder officer. During that period he has regular monthly examinations which he must pass according to a required standard before he is ordained for service and commissioned and sent forth to establish his own field.

A day's program in a Salvation Army College is fully as rigorous and exacting as that of any military institution.

BRISTOL PRAISES NEAR EAST RELIEF

Admiral's Commendation a Feature of Organization's Annual Report to Congress.

Washington. — Accounting for the disbursement of $13,129,117 in 1920 and a total of $30,000,000 to date, including flour, clothing and medical supplies, the annual report of the Near East Relief, incorporated by Congress August 6, 1919, has been filed with Congress by Charles V. Vickrey, general secretary of the relief organization. The report includes an auditor's statement by a firm of chartered accountants, whose traveling auditors in the field check all expenditures by the Near East Relief.

In regard to the business methods and efficiency of the organization Admiral Mark L. Bristol, United States high commissioner to Turkey, is quoted:

"I have been very closely associated with the work of the Near East Relief Committee for about 22 months," Admiral Bristol reports. "On the whole, the work of this relief committee has been such that Americans should be proud of this great humane effort. The Near East Relief here in Constantinople is run more like a business organization than any relief organization with which I have ever come into contact."

Over a Million Saved

According to the report, 63 hospitals, with 6,522 beds, 128 clinics, 11 rescue homes, 209 orphanages, accommodating 54,600 children, and outside orphanages, caring for 56,000 children, have been maintained by the Near East Relief.

It is reported that approximately 2,790,490 Armenians are still living out of a pre-war population of about 4,000,000. In parts of Cilicia alone it is stated that 65 per cent of the Armenian Christian population perished from starvation during the war, while in the whole of Syria not less than 25 per cent perished from the same cause. It is estimated that had it not been for the Near East Relief fully half of the present Armenian population of the Near East would have succumbed.

Educating the Young

In regard to the work among the children, Mr. Vickrey says:

"A few millions of dollars wisely expended at this time in the support, education and molding of these young lives will be worth vastly more to the world than billions of dollars that otherwise may later be required in suppressing warfare and strife. This work as an expression of brotherhood should help to mark the beginning of a new era of peace and interracial good will."

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

The Old Dollar Is Coming Back!

Reports from various parts of the country indicate that the dollar is staging a come-back, with a promise of gradual return to its old-time purchasing power.

This is welcome news for all of us who have been wrestling with the cost-of-living problem.

It is welcome news also for the many people in this community who are saving wisely against the time when the dollar will buy a full dollar's worth again.

"Keep on saving," is our advice. The old dollar is coming back.
