"Ouija! What's the good word?"

MY YOUNG sister.
HAS A Ouija board.
AND SHE believes it.
AND TALKS to Noah.
AND I think she talks.
TO HER best fellow.
WHO'S DEAD but doesn't know it.
AND I used to give her.
THE LOUD, rude laugh.
BUT I'M sorry now.
BECAUSE LAST night.
I WAS home alone.
SO I got the board.
AND PUT in a call.
FOR JOHN Barleycorn.
AND OTHER departed spirits.
BUT THE line was busy.
FOR NOTHING happened.
THEN I cheated a little.
AND IT spelled this.
"GRAMMASHOTTA SEVEN."

SO I shut off quick.
TO HEAD off any.
FURTHER FAMILY scandal.
THEN I stopped to smoke.
A CIGARETTE.
AND AFTER a while.
I CRANKED up weejee.
AND ALL of a sudden.
IT STARTED off.
AND QUICK as a flash.
IT SAID something.
"THEY SATISFY."

"SATISFY"—*that's* the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic tobaccos when they blend them in that can't-be-copied Chesterfield way. You'll say "they satisfy."

Did you know about the Chesterfield package of 10?

GROWERS COOPERATE TO ADOPT FEDERAL TOMATO GRADES

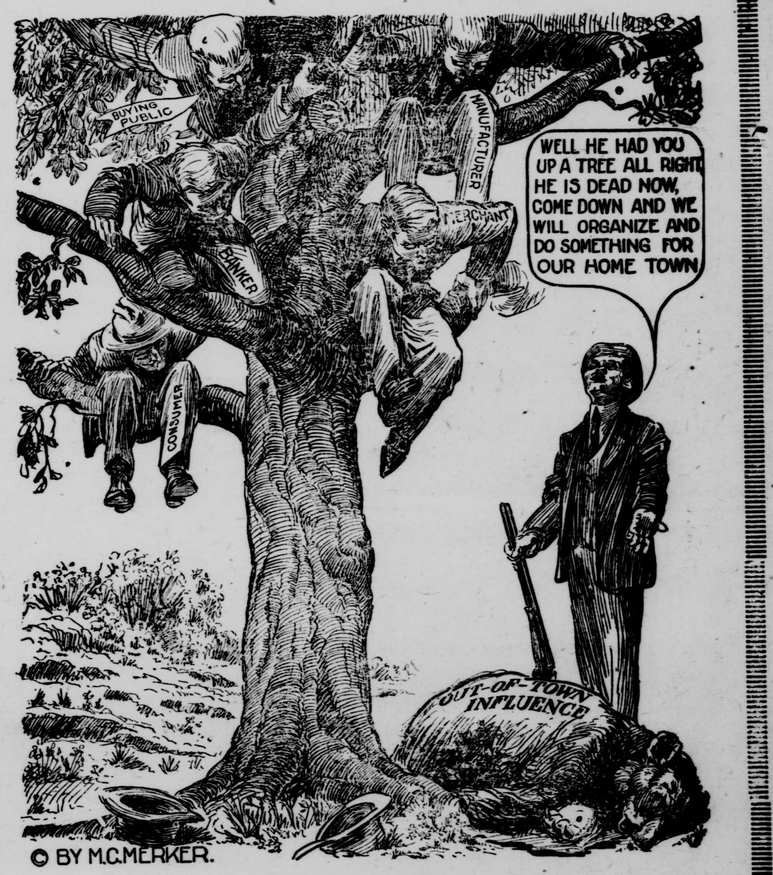

The Federal Bureau of Markets and Crop Estimates, United States Department of Agriculture, and the New Jersey State Bureau of Markets are cooperating in a shipping point inspection demonstration upon Federal tomatoes grades. The local shippers and leading growers of Swedesboro, N. J., have expressed a desire for such service as they feel that definite grades properly enforced will go a long way toward increasing net returns.

Swedesboro is one of the leading tomato shipping points in the United States. The crop promises to be nearly as large as last year and of as good quality. It is estimated that Swedesboro growers will ship between 1,000 and 1,200 cars during the season. The movements are not expected until after the middle of July.

The Federal grades are U. S. No. 1, U. S. No. 2, and U. S. No. 3. The No. 1 grade includes tomatoes which are well shaped, uniform in color and free from such defects as catfaces, growth cracks, or injury from disease and insects. The No. 2 grade includes all stock which does not show looking, while the No. 3 contains ungraded stock or tomatoes which can not be packed in either of the other grades. The marking requirements specify that either the minimum diameter or the numerical count be stated on the package in addition to net weight or volume now required under the provisions of existing legislation.

Telephone Rates the Same

The Public Utilities Commission of the District of Columbia in considering the Telephone Company's present Schedule of rates, which expired on August 1, 1921, have ruled that the present rates are to remain in effect for an extended period of seven months.

CO-OPERATION

As early settlers banded together for protection against Indians and wild life so must we line up against the out-of-town influence that is a detriment to our progress. They did not set out singly, the idea of co-operation prevailed, they pooled their ammunition and resources and fought conditions—the outcome being SUCCESS. That is the way our country was started. That is the way the seed of our great nation was sown. What co-operation and organization has done in ehe building of our great nation, so if will do for each town or community individually MORAL—The spirit of co-operation is the greatest city builder known **Support Local Interests and there will be no need of "climbing a tree"**
