THE F. & R. GARAGE

DENTON, MD.

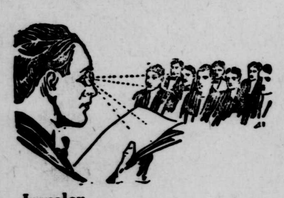

We are now in possession of the commodious Garage recently purchased from Mr. William Bullock Second street, near the Brick Hotel and solicit the patronage of the traveling public.

We are also dealers for the CHEVROLET motor cars and parts and invite you to examine these cars and get prices.

We can sell you a 30x3½ Cord Tire for $13.95 and have other sizes proportionately cheap. See them before you buy.

Call and look us over. It is our pleasure to serve you.

THE F. & R. GARAGE

CHILDREN'S EYES

should be examined before going back to school. Correct their eyesight early in life and save them discomfort later on.

Why T. R. Went to Church

Theodore Roosevelt's church creed was contained in nine pungent paragraphs. We quote a few:

"Yes, I know all the excuses. I know that one can worship the Creator in a grove of trees, or by a running brook, or in a man's own house, just as well as in a church. But I also know as a matter of cold fact that the average man does not thus worship.

"He may not hear a good sermon at church. He will hear a sermon by a good man who, with his good wife, is engaged all the week in making hard lives a little easier.

"He will listen and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered a loss.

"He will take part in singing some good hymns.

"He will meet and nod or speak to good, quiet neighbors. He will come away feeling a little more charitably toward all the world."

10,000,000 BIBLES SOLD

Rev. Robert Watson Says That Holy Book Still Holds People

The Bible has not lost its hold on the people, as H. G. Wells declared, according to Rev. Dr. Robert Watson of New York, preacher at the union services of the Franklin street, Brown Memorial and First Presbyterian Churches Sunday night. To prove his claim Dr. Watson said that the seventeenth annual report of the British and Foreign Bible Society showed that more than 10,000,000 copies were sold last year.

The preacher showed that the book is now printed in 700 differetn languages and dialects. He added that despite the business depression, Thomas Nelson and Sons report that last year the firm was swamped with business and that it soon expects to be publishing from 15,000,000 to 20,000,000 Bibles a year.

Additions to University of Maryland

The University of Maryland has several new features with which to greet the students this fall. These concern buildings and also thecurriculum itself, and promise much in the line of advancement. A new dormitory for boys, another Home Economics practise house for girls, and an addition to Gerneaux Hall are the new buildings, while the other changes include a new curriculum in Business Adminstration and Commerce, a completely reorganized College of Engineering, a recreation center for men, printing plant and a new quarter-mile running track and athletic field.

62 PER CENT ABOVE 1914 LEVEL

Reduction of Living Costs Shows Slight Decrease

New York, Aug.22.—The cost of living decreased seven-tenths of 1 per cent. during July, according to figures made public today by the National Industrial Conference. Prices are still 62 per cent. higher than the July, 1914 level, and only 20.8 per cent. lower than the peak reached in July, 1920.

Declines in July were in clothing, which dropped 3.5 per cent., and in sundries, which dropped 1.1 per cent. Food prices the report said, went up 3 per cent.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

What Optical Science is doing to develop better vision

Just two pieces of glass! And yet those lenses which correct so effectually the defects of vision are possible only because of the highly-trained skill of the optical specialist, aided by scientific instruments of perfect precision.

The conditions of modern life constantly increase the number of people whose efficiency or health is lowered by some impairment of eyesight—for which the remedy is glasses prescribed and fitted after a thorough examination.

To this examination the optical specialist brings knowledge and training of the highest order. He also utilizes the latest equipment and apparatus which have been perfected for precise scientific work. Science has stepped in and brought its aid to personal skill.

Most people do not know when eyesight trouble really begins; usually it starts so gradually that for a long while it may not even be noticeable. Imperfect vision, if not rectified, grows worse with the years. The surest way of preserving your eyesight at maximum efficiency throughout life is to go to an optical specialist for an examination once a year.
