JOHN T. CARTER, Pres. S. E. HIGNUTT, Cashier

OUR SAVINGS DEPARTMENT

We wish to call your attention to the fact that this bank maintains a first class Savings Department. We receive on savings accounts any amount from one dollar up. On each account we compound the interest semi-annually, adding the interest to the account without any trouble on the part of the depositor. Additions may be made at any time, and under normal conditions deposits may be withdrawn in whole or in part at any time. On these savings accounts we pay 4 per cent interest. We recommend this kind of account to persons who have money for which they have no immediate use and which they want kept in a safe place until needed. The compounding of interest is automatic. This money is not idle, but is constantly making more money for you, accumulating for the rainy day or the day of need when other sources fail. We would be pleased to have you call and open a savings account with us.

A HOLIDAY EVERY WEEK

The man who owns an Overland is not confined to one vacation.

He goes out Saturday afternoons and Sundays with his family.

His evenings are vacations.

100 to 300 miles of scenery and fresh air every week.

He will live longer.

He need not worry about cost.

He can cover 25 miles on a gallon of gasoline—amazing mileage on tires—and his upkeep cost is very little.

FINE JOB WORK AT THE AMERICAN UNION

DENTON - - - - - MARYLAND

FIVE HUNDRED MILLION DOLLARS LEAKED OUT OF YOUR POCKET LAST YEAR

If you kept company with the "average investor," who sunk a total of $500,000,000 in worthless stocks last year, you contributed your share of this colossal sum.

This is the Federal Trade Board's figure of the annual waste and loss borne by foolish people who want "something for nothing" and get nothing at all.

And yet there is no stopping the "sucker" list. Year after year its total piles up staggering human belief. The "sucker" type of human being cannot be induced to invest his money in first-rate securities of proven earning power. He won't look at a gilt-edge preferred stock or bond guaranteeing him from 8 to 10 per cent income. He wants "something for nothing."

He goes after the fake promotions and the wildcat stocks. He gets nothing, but not for nothing. Every year he pays half a billion dollars in cold, hard cash for nothing. There is no stopping him from doing it over and over again. The only advice we care to give our readers is not to keep company with "suckers" but invest their spare cash in the first-rate securities of concerns with national standing. There are plenty of them on the bargain list right now. Why chase wild-cats? wonders Sugarman's Indicator.

PROHIBITION ENFORCEMENT COSTS REDUCED BY THE COLLECTION OF FINES

Washington, Aug. 23. — Although the prohibition of enforcement unit of the Internal Revenue is not in-unit, the officials of the unit believe it will furnish a surprise in this connection. An example of how this can readily be is furnished by a current case in Louisiana. New Orleans breweries found guilty of law violations came into court and agreed to pay a fine of $127,000,000. The Government accepted the proposition with the understanding that the payment of the fine did not grant immunity to the defendants from prosecution. The annual budget of the prohibition enforcement unit n the entire state of Louisana is $55,000,000. This includes all salaries, overhead and traveling expenses, so that the fines collected in this one case will pay the expenses of the Louisiana unit for two years. It is predicted with a great deal of confidence that even more favorable returns will be made in other states so that the unit will be able to show by the end of the year that instead of costing the Government several millon dollars to enforce the prohibition amendment, in point of fact the fines collected have balanced appropriations which Congress allowed.

SOUTHERN FARMERS PROTEST AGAINST DEM. POSITION

Washington, Aug. 23.—The Fordney Tariff bill, as it passed the House, affords protection to practically all of the agricultural products of the south, with the exception only of hides and cotton. These products are citrus fruits, onions, rice, cattle on hoof, meat products and vegetable oils—such as cotton seed oil, peanut oil and soya bean oil. About the only agricultural products of the south which the bill did not protect are the two which were voted out by the Democrats.

There is increasing evidence that the Democratic members who voted against protective schedules on cotton and hides are having a very embarrasing time explaining their vote to teir constituents. It is predicted that the reaction in the southern states against this record of a majority of the Democratic membership in the House is going to be so keen that Democratic senators from several southern states will be compelled to vote for a protective tariff upon all agricultural products.

—a long face never earned a penny

And a grouch never helped a human being. You can afford a smile even if you do not feel like it. A smile does not cost you anything, yet it has a business value. The chap who ducks up smiling when everybody is pulling long faces is the chap you want to do business with.

The grouch only begets grouches and grouchers. Look out you are not infected by the grouch. His poison is more dangerous than bolshevism, mosquitoes and fake "hootch" combined.

Smile when you mean it, and smile when you don't, and keep right on, with a cheerful mug. It is good business. And it makes you welcome everywhere, advises Sugarman's Indicator.
