THE F. & R. GARAGE

DENTON, MD.

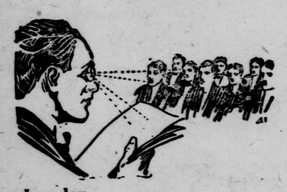

We are now in possession of the commodious Garage recently purchased from Mr. William Bullock Second street, near the Brick Hotel and solicit the patronage of the traveling public.

We are also dealers for the CHEVROLET motor cars and parts and invite you to examine these cars and get prices.

We can sell you a 30x3½ Cord Tire for $13.95 and have other sizes proportionately cheap. See them before you buy.

Call and look us over. It is our pleasure to serve you.

THE F. & R. GARAGE

CHILDREN'S EYES

should be examined before going back to school. Correct their eyesight early in life and save them discomfort later on.

Appointments on request.

Postmaster's Examination

An examination of applicants for the position of postmaster at the third class postoffices of Preston and Trappe will be held on September 24th. Examinations in Maryland will be at Easton and Oakland. The office at Preston pays $2,000 a year and the vacancy was open January 30, 1921. The office at Trappe pays $1,400 and the vacancy occurred July 21, 1921.

This examination is not being held under the civil service rules, but under an executive order of May 10, 1921. Application forms 2241 and 223 may be secured at the offices where vacancies occur or from the U. S. Civil Service Commission, Washington, D. C.

COMMUNICATIONS

A communication was received in this office this week, but was unsigned. It is the newspaper custom that unsigned communications are not published. If the party writing the communication will furnish his or her name we will gladly publish the communication. The writer's name does not necessarily have to be published, but the editor must know who writes the communication before it is published.

Let the Union do your printing.

Paramount Week at The Palace

Next week will be known as "Paramount Week" all over the country. These pictures are generally acknowledged to be the best that moving pictures afford. Special offerings of them will be made in theatres everywhere, and people are urged to take advantage of the opportunity to see the highest grade of pictures.

At the Palace Theatre on Tuesday, September 6th, will appear "Flying Pat," featuring Dorothy Gish. This is heralded as "some picture," and with Miss Gish as star, it certainly ought to be.

On the 8th, Ethel Clayton in "The Ladder of Lies" will be presented, also the Paramount Magazine.

There will be a special show on Friday, Election Day, and returns will be shown on the screen. The picture is "The Charm School," featuring Wallace Reid. This will also be the attraction for Saturday evening, closing Paramount Week.

Do Your Children like Castor Oil?

then why make them take it? Why cling to the old idea that a medicine must be unpleasant in order to be good?

Dr. Miles' Laxative Tablets

TASTE LIKE CANDY ACT LIKE MAGIC

The best authorities say that their main ingredient "accelerates the peristalsis in the same way as castor oil."

Good for children and adults. Get a box at your drug store.

The soul of a poet may dwell in a scullion—but did you ever know it to?

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

What Optical Science is doing to develop better vision.

Just two pieces of glass! And yet those lenses which correct so effectually the defects of vision are possible only because of the highly-trained skill of the optical specialist, aided by scientific instruments of perfect precision.

The conditions of modern life constantly increase the number of people whose efficiency or health is lowered by some impairment of eyesight for which the remedy is glasses prescribed and fitted after a thorough examination.

To this examination the optical specialist brings knowledge and training of the highest order. He also utilizes the latest equipment and apparatus which have been perfected for precise scientific work. Science has stepped in and brought its aid to personal skill.

Most people do not know when eyesight trouble really begins; usually it starts so gradually that for a long while it may not even be noticeable. Imperfect vision, if not rectified, grows worse with the years. The surest way of preserving your eyesight at maximum efficiency throughout life is to go to an optical specialist for an examination once a year.
