ONE-THIRD OF OUR CHILDREN SUFFER EYE-STRAIN

It is estimated that one out of every three school children in this country needs optical treatment. Certainly all school children, without exception, need proper light by which to study.

Home work time is here again. Give your children a study lamp all of their own. It should have a plain parchment shade throwing a soft mellow light directly to their books and papers.

Table and Desk Lamps in New Designs at lower prices.

Riley's Poems

To all Americans who were ever boys; to all, at least who have had the good luck to be country boys and go barefoot, whether they dwell in the prairie states of the Middle West or elsewhere, the scenes and characters of Riley's poems are familiar: Little Orphant Annie and the Raggedy Man, and the Old Swimmin' Hole and Griggsby's Station "where we ust to be so happy and so pore." They know when the frost is on the "punkin" and that the "Gobl-un'll git you ef you don't watch out"; and how the old tramp said to the Raggedy Man:

You're a purty man—You Air—
With a pair o' eyes like two fried eggs
An' a nose like a bartlutt pear.

Remember The Girl

HUNDREDS of young women are busy in our many central offices in Maryland, putting up telephone connections. Day after day, and night after night, the work goes on. The little lights on the switchboard never cease to blink.

Many of these calls are of the gravest importance. Some are comparatively trivial. But each call must be answered and completed as it comes in. There is no way to pick out and speed up the important ones. Business calls, social calls — they all demand the operator's attention.

The operator is giving loyal and cheerful service and anything that you may do to help her give you better service will be appreciated.
