Oysters, chicken salad, ice cream, cake and different kinds of fruit were served in abundance. Those present were Mr. and Mrs. Thomas Edwards, Miss Anna Wails and Messrs. Hiram Keaton and Smith Edwards, all of this town. The party was given at the home of Mr. and Mrs. David Bishop, near town.

NEW BOARD FOR WASHINGTON COLLEGE

Control of College to be Shared 50-50 Between Alumni and State

At a meeting of the Board of Visitors and Governors of Washington College, held Wednesday, October 12, steps were taken to bring before the Legislature a bill to amend the charter of the college. This charter was enacted in 1782, and is one of the oldest college charters in the United States. It is indeed possible that no other college has a charter that has stood so long without amendment.

At the alumni meeting here last June, resolutions were adopted asking the Board to amend the charter so as to abolish life tenure of the Board of Visitors and to reduce the number of board members to thirteen. Of these six were to be appointed by the Governor of Maryland, six to be elected by the alumni, and one, the president of the college, to be appointed by these. These resolutions were approved by the board, and submitted to a committee with instructions to put the recommendations into the form of a bill to be introduced into the next legislature.

The discussions of the board revealed the fact that most of the members believe that the alumni resolutions would reduce the board to too small a number. Since Washington College is the college of the Eastern Shore, and should function as such, it was thought that every county of the Eastern Shore should be represented on the board. If the dual method of control is to be adopted, this would mean that each county should have at least two representatives. Since some members of the board should come from the outside, it was decided to retain the present number of board members (twenty-four) and allow each of the appointing powers to select three members at large. When these changes are enacted into law the old college will be distinctly an Eastern Shore institution as its founders intended it should be. It will also conform to the suggestion made in the Flexner report on the colleges of Maryland, that the Eastern Shore should receive special consideration in the state system of higher education. The further suggestion that the state's money should be applied to state controlled institutions is also carried out in a large measure.

There are many other minor changes that must be made in the charter of the college in order to modernize the control of the institution.

At the same meeting of the Board of Visitors, Dr. J. S. W. Jones, who has for many years been the professor of Mathematics at the College, was elected Dean. This election merely recognizes the position which Dr. Jones has held without special appointment for several years. Mr. W. D. R. Straughn, of Worcester county, was appointed Assistant in the Science Department. Mr. Straughn graduated from the college last June and returned this year for further study. The large attendance at the college this year made it necessary to secure assistance in several departments.

Cannery Sold

The canning factory in West Denton, belonging to E. Saulsbury Garey, Ruth D. Garey and Alda P. Whitby, was sold at public auction Tuesday afternoon. The property was brought by R. R. Lednum, of Pocomoke City for the sum of $3,675.

If elected, will represent all the people, regardless of party

POLITICAL ADVERTISEMENT POLITICAL ADVERTISEMENT

J. ALDA JACKSON

Republican Candidate for Clerk of the Circuit Court

To the Voters of Caroline County:

As it is impossible for me to visit every voter in the County between now and Election Day, I take this method of coming to your home through the press.

I am in favor of good churches and schools in every community, improved conditions of the roads, a square deal for every one. I have been a farmer and cannery man, thereby employing lots of labor and helping the laboring class in the community where I live.

I have had experience in business and financial matters. If elected to the office of Clerk of the Circuit Court by the voters of the County, II will assure you that the office will have my personal attention, and will also be run on an economical plan, every dollar coming through the office will be accounted for. There will be no loss to the taxpayers by my election.

I most respectfully solicit your support at the Polls.

ELECTION, TUESDAY NOVEMBER 8TH, 1921

J. ALDA JACKSON,
Goldsboro, Md.

"WE GUARANTEE EVERYTHING WE SELL. IF THESE SOCKS DO NOT GIVE PERFECT SATISFACTION, RETURN THEM AND WE WILL MAKE IT RIGHT."

"THAT'S FAIR ENOUGH. BUYING OUT OF TOWN HAS BEEN VERY UNSATISFACTORY TO ME."

A GUARANTEE

The watchword of the home haberdasher is reliability. The fact that he represents everything truthfully and treats everybody fair makes him reliable. He knows that quality is a guarantee of satisfaction. How much better satisfied the out-of-town buyer would be if he would patronize the home dealer who keeps in style to please his patrons.

MORAL—Satisfaction and home-buying go hand in hand.
