RYLAND WEEKLY INDUSTRIAL REVIEW

Baltimore—Maryland NoKal Company moves into larger quarters.

Denton—New home completed on Market and Second streets for Denton Auto Company.

Representatives of shopmen and officials of Baltimore & Ohio railroad agree to extend co-operative plan to all parts of the system. It has been successfully in effect at Glenwood shops during the past year. The plan recognizes shopcraft union as necessary, constructive and helpful agencies in running the shops, repair yards and roundhouses; the equitable sharing between shopmen and railroad of the gains of co-operation, and the stabilization of employment. Plan will affect more than 20,000 employes.

Salisbury—Erection of new postoffice building planned.

Marion Station—High school building to be erected at cost of $30,000.

Cambridge—$60,000 bonds to be issued to pay for new municipal building.

Baltimore—New Episcopal church under construction, cost to be $53,500.

Savings Bank deposits in this country total over $7,000,000.

Salisbury—$200,000 bond issue for completion of State Normal School building under consideration.

Baltimore—J. D. Walker Coal Company purchases land on Caton avenue for establishment of new coal yard.

Railroad set a new seasonal record in freight traffic volume by loading 945,049 cars during the week ended March 1.

Taneytown—$700,000 in bonds to be issued for erection of new school buildings in Carroll county.

More political probes and ripping the inside out of big industries will create more political jobs, employ more lawyers, spend more public revenues and lay off more laboring men and women.

Salisbury—Extensive improvements to be made on Odd Fellows building.

Baltimore—Contract to be awarded for paving Severn river bridge.

The cotton manufacturing center of the country is today in the South. It now produces considerably more than half of the cotton cloth made in the country. Up to a short time ago cotton cloth could not successfully be made; except in certain localities where the air was sufficiently moist and humid. That is why Massachusetts and Rhode Island, with their broken coastline, and numberless lakes and rivers, resulting in constantly humid atmosphere, became the center of the cotton industry in this country, precisely as Lancashire, for similar reasons, grew to be the center of the industry in England. No attepmts to spin cotton in the South were successful until the humidifying apparatus was discovered. This permits the ibers to be picked, drawn and spun properly. A great deal of northern capital has been put into southern cotton mills, and doubtless more will go in the same direction, but so long as the mills in the North and South Carolina and Georgia can produce efficiently money invested in the cotton business will be apt to go south.

Baltimore—Baltimore & Ohio railroad announces wage increase of between 5 and 6 per cent to conductors and trainmen.

APRIL

Like children tossing in their cribs
Before the break of day,
The tulips and the daffodils
All stretch themselves and say:
"This bed of ours is getting cramped;
We hear the steps of May
Above our heads, in spite of storms
And scudding clouds of gray."

The poppy seeds are all asleep—
At least you'd think them so,
As over all their tumbled bed
Is spread a sheet of snow.
But little dreams come down to them
And others there below
And whisper: "Summer's on the way;
To meet her you must go."

The rose is stirring in her sleep
Within her thorny home,
As to her silky petal'd ear
A song from June is blown.
The April winds may shake
Her casements as they roam,
But like a bird the waking call
Has through her window flown.

Bring your next job to The American Union and let us show you what a REAL job looks like.

HORSE VS. AUTO

Oh, horse, you are a wonderful thing; no buttons to push, no horn to honk; you start yourself, no clutch to slip, no spark to miss, no gears to strip; no license buying every year with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away; no speed cops chugging in your rear, shouting summons in your ear. Your inner tubes are all O. K. and, thank the Lord, they stay that way. Your spark plugs never miss and fuss; your motor never makes us cuss. Your frame is good for many a mile; your body never changes styles. Your wants are few and easy met; you've something on the auto yet.

New American Cardinals

CARDINAL HAYES

The raising of Archbishop Hayes of New York and Archbishop Mundeleine of Chicago to Cardinals of the Roman Catholic faith, amid a scene of splendor at Rome, now make the American Members of the Sacred College number four. The two others are Cardinal O'Connell of Boston and Cardinal Daugherty of Philadelphia.

Secretary of Navy

Judge Curtis Wilbur, California Supreme Court Justice and a graduate of the Naval Academy in 1888, has accepted the folio in President Coolidge's cabinet as the new Secretary of the Navy.

Buckeye Eyes

Rose Schneider, of Cincinnati, was crowned beauty queen of Ohio over 500 contestants in state-wide competition. A diamond lavallier, "to match her eyes," said judges in awarding a token of triumph.

Baptist Campaign Has Put $4,000,000 Into Care of South's Orphan Children

Benevolent Phases of Forward Movement Are Set Out In General Statement From Headquarters—Hospitals and Ministerial Relief Greatly Extended.

A Group of Happy Homeless Boys Provided for in a Baptist Orphanage.

Of the $48,500,000 that has been collected in cash on the Baptist 75 Million Campaign to January 1, 1924, the sum of $7,732,831.53 has gone to such benevolent work as caring for orphan children, healing the sick and ministering to aged, worn-out preachers, it is announced by the headquarters of the Campaign.

$4,000,000 Went to Orphanages.

More than half of the benevolent fund, or $3,999,192.63, has gone to the 21 Baptist orphanages of the South, two of which have been established as a result of this movement and all of which have been greatly helped by this forward program. Nearly 4,000 orphan boys and girls are being housed, fed, clothed, educated and trained for Christian citizenship in these orphanages and the Campaign has put between $800,000 and $900,000 into the maintenance of these institutions each year. The orphanages are now caring for more children than their normal capacities permit, but despite this extra effort the institutions have been compelled to turn down the applications of 2,000 other orphan boys and girls, simply because there was no room for them.

Sick and Suffering Aided.

Large advance has been made in the ministry of Southern Baptists to the sick and suffering during the four years of the Campaign. At the time this movement was inaugurated Southern Baptists were operating twelve hospitals. The number now in operation has grown to 22, six others are practically completed and ready for service, while two more have been projected. At the time the Campaign began the value of Southern Baptist hospital property was $2,227,000, while today it has grown to approximately $9,000,000 among the institutions already in operation. The number of hospital beds has increased from 1,623 to 3,000.

During the four years of the Campaign a total of 170,000 patients have been treated in these hospitals. Approximately $1,000,000 worth of charity service has been performed there for needy but deserving persons.

925 Old Preachers Helped.

Into the work of ministerial relief the Campaign has put the sum of $1,440,133.31. More than $500,000 has been put into supplying the needs of aged and dependent ministers and their families. This, representing the efforts of four years, is far more than Southern Baptists had ever done for old preachers in all their history prior to the launching of this forward movement. At the same time the Relief and Annuity Board has gathered an interest-bearing endowment and sinking fund for relief alone of more than $450,000, and has gathered for its annuity work an interest-bearing endowment and sinking fund of more than $1,100,000. Today 925 beneficiaries are carried on the rolls of the Relief and Annuity Board.

An effort is being made to bring the 75 Million Campaign to a successful completion during 1924, it is announced by the headquarters office, and forces are at work in every state in the territory of the Southern Bapist Convention with a view to enlisting the churches in the immediate discharge of the task they assumed in this five-year movement.

Our Army Airmen Sailing 'Round the World

This photo-diagram shows the proposed route of the U. S. Army fliers who are now making an attempt at an around the world flight. Insert is of Maj. Martin, in command of the flight and one of the air cruisers being used.

BRIBERY

Grace—Oh! Stealing jam! I'm going to tell mamma!

Freddy—Wouldn't you rather have some jam?—Delineator.

x—x—x

Double bed wanted cheap by an elderly lady with wooden head and foot, wire springs and mattress.

x—x—x

Their boat was drifting idly, the sun shone above, and the sea was serene; while she was sitting snugly. Then he proposed.

From the opposite end of the craft she gazed at him calmly. Then she said:

"As a matter of common sense, realizing that we are in this boat, on water more than fifty feet deep, and if you are going to act as you should act if I accepted you, we would be capsized. I will decline your proposal at this moment—but, George, row as fast as you can to the shore and ask me again."

That girl will make a good wife.

x—x—x

Some interesting remarks heard in a butcher shop on a busy day: Hurry up Johnny. Cut off Mrs. Black's leg; chop up Mrs. Smith's ribs, and slice Mrs. Robin's tongue."

CATARRH

Catarrh is a Local disease greatly influenced by Constitutional conditions.
HALL'S CATARRH MEDICINE consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarrh.
Sold by druggists for over 40 Years.
