Any churches or lodges in Caroline county not shown here, we will appreciate if some officer will furnish us the information, so that we may have complete record.

Princess Anne, Oct. 22—An extensive campaign among the farmers and dairymen of Somerset county in the interest of the new milk cooling station, which is being erected here, will open next Monday, five community meetings to be held in various parts of the county, it was announced by County Agent C. Z. Keller.

MORALS RELIGION AND COMMON SENSE

IF YOU WISH TO BECOME BANKRUPT—

In friendship, live for self alone.
In purse, spend everything and then some.
In spirit, admit that you are down and out.
In initiative, follow the line of least resistance.
In influence, pay no attention to self-mastery.
In happiness, always think of getting joy instead of giving it.

In health, heed not the timely warnings which disease usually dispatches.

In imagination, just shake your fist in the face of progress and shout, "It can't be done."

Six evils must be overcome in this world by a man who desires prosperity; sleep, sloth, fear, anger, idleness, and procrastination.—Hindoo proverb.

A desire to get through school quick, to get rich quick, to get married quick, to get honors quick—this is the common situation with impatient people. It is not always easy to convince the troubled young mind that permanent success in any line is surest for the slow plodding, persistent personality, rather than the flighty type.

Eastern Shore Happenings

Centreville—Among the American members of the Sheridan air squadron who have been fighting with the French in their war against the Riffians, is Victor P. Pennington, of Millington. Young Pennington is one of the large number of American fliers who have joined the squadron controlled by Col. Charles Sweeney, who is known all over the world as a free lance fighter, and who, incidentally, commanded the regiment during the world war in which County Agent Ernest W. Grubb served as a lieutenant.

The former Millington lad has been given the rank of lieutenant by the Sultan of Morocco and by the French government.

* * *

Queen Anne's county's first ambulance made its initial appearance this week, when a handsome modernly appointed outfit was added to the equipment of William H. Good, Church Hill undertaker.

The new ambulance is the last word in providing adequate service for the care and comfort of sick and injured. It is supplied with every modern improvement and appliance and Mr. Good is now prepared to render exceptionally valuable service to physicians and patients in all parts of the county.

It is one of the first ambulances owned on the Eastern Shore of Maryland, and no doubt will frequently be used in removing accident victims or ill patients from their homes to hospitals.

* * *

Queen Anne's county's dream of a day when the two railroads in Centreville would be united, was given a death blow last week by C.S. Krick, new vice president of the Pennsylvania Railroad Company, who became second in command of this great system after the elevation of Vice President W. W. Atterbury to the presidency.

The words which spell the doom of any possibility of a connection of the two railroad lines in Centreville are:

"Surveys have been made of a connecting track between our Centreville Branch and the B. & E. Railroad at Centreville, and as a result, such a connection is not considered either necessary or advisable, considering the fact that we already connect with the B. & E. at Queen Anne."

This message was conveyed by vice President Krick to Louis J. Scaramelli, president of Scaramelli & Company, New York, owners of the Serto Packing Company, in Centreville.

* * *

At the concluding session of the State W. C. T. U. convention held at the Methodist Protestant Church in Milfdrd on las Friday, Mrs. M. E. Willen, of Felton, was re-elected president. Other officers elected were: Mrs. Vice president, Mrs. Anna L. Waller, of Delmar; corresponding secretary, Mrs. Jessie M. Graves, of Townsend; recording secretary, Miss Kate Butler Dockerty, of Wilmington; treasurer, Mrs. Clara Marshall, of Lewes. It was decided to hold the convention next year at Harrington.

* * *

Cambridge, Oct. 22—The State Accident Commission which concluded a session here stated that it had been confronted by the most unusual situation in its existence, namely, that it found the medical profession of the city so closely organized that the doctors refused to accept employment upon any case unless the patient treated expressed a preference for them.

A majority of the physicians stated that they did not recognize that the employer or the insurance company had any voice in the matter of engaging a physician to attend any employe who might be injured.

The commission, however, ruled against this position, stating that when an employer had placed an injured employe under the care of a reputable physician he had done his duty and that if such employe desired another physician he must employ one at his own expense and that the physician so employed would have no claim on the employer or the insurance company.

* * *

Seaford, Oct. 23—On June 10, 1911, a letter was posted at Asbury Park, N. J., directed to Miss Edith Seabreese, of Mardela, Md. It was received at the Mardela postoffice recently.

Miss Seabreese died 12 years ago and the letter was opened by her parents, Mr. and Mrs. Henry Seabreese. This sets a new record for the postal service in this section.

* * *

Laurel, Oct. 23—Roland Whaley, 10 year old son of Greensbury B. Whaley, was killed instantly yesterday when struck by an automobile driven by Charles H. Wingate, of this place.

The accident occurred on the Laurel-Millsboro road in front of the boy's home, five miles east of Laurel. The child was returning home from school and had jumped from a truck when the automobile struck him.

* * *

Georgetown, Oct. 25—Brokers of lower Delaware have commenced to purchase sweet potatoes to be stored for shipment this winter. At present they are selling from 75c to $1 per basket.

Between now and the middle of next month thousands of baskets will be purchased and stored and during the latter part of December and the first of next year the brokers will start to move the crop to the northern markets.

Sweet potatoes are said to be plentiful in Sussex county, and growers are expecting to realize thousands of dollars from the crop.

The tubers for some cause, have grown much larger this year than last, and most growers have three grades for storage and marketable purposes.

* * *

Dover, Oct. 25—Several hundred former parishioners attended services marking the seventy-fifth anniversary of the First Baptist Church of Dover today. The services will continue during the week with a special program on Wednesday, which is "Anniversary Day."

The Rev. S. Beynham Hiley, D. D., of Summit, N. J., pastor of the church from 1902 to 1907, preached the sermon at the morning service in which he reviewed the history of the congregation, told of its early struggles and the devotion with which the first flocks and pastors labored to build a church and organization.

The splendid edifice that now houses the congregation is one fruit of their labors, the clergyman said.

* * *

Centreville, Oct. 25—Centreville's first big carnival for the benefit of the Good Will Fire Company will be held from November 20 to 28. This announcement was made yesterday by President Clayton Wright and Treasurer J. Lemuel Roberts, who recently were appointed a committee to plan for the fete.

Ice Costs Less In The Fall And Winter Months

Ice melts slowly in cool weather, the ice man makes fewer stops at your door, consequently, your Fall and Winter ice costs will be less than one-half of your Summer costs.

Housewives, who use ice the year around, would not willingly do without it. Ice Surely does save food and work.

The temperature in your home is not low enough at any time to keep food pure without refrigeration.

Fresh foods are wholesome, nutritious and appetizing, these foods if exposed to warm air for a few hours not only lose most of their flavor, but may possibly become dangerous to health.

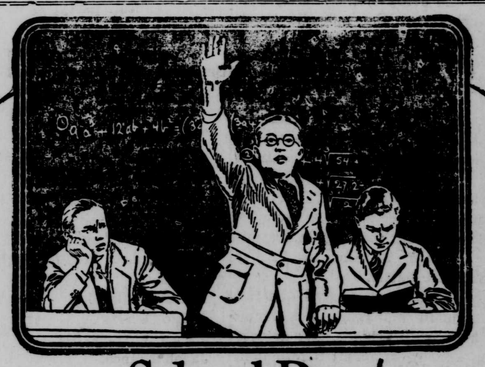

There is a real danger in relying upon the cellar or back porch. You will find as much satisfaction from the use of ice now, and through the coming months as at any time of the year. It is worth to you many times its little cost.

W-P RAW WATER ICE

You don't need as much W-P ICE in cool weather
BUT
You need it just as much

School Days/
Is your boy's eyesight normal?

Bob's parents knew the tremendous importance of normal eyesight to children. So they had Bob's eyes examined. The slight defect revealed was corrected easily (and in time), by the eyeglasses prescribed.

Hence Bob's quick answer—his better report cards.

Wellsworth Windsor spectacles are sturdy and good looking.

Have Your Child's Eyes Examined!
