MORALS RELIGION AND COMMON SENSE

AMERICA FIRST

Not merely in matters material, but in things of the spirit.

Not merely in science, inventions, motors, and skyscrapers, but also in ideals, principles, character.

Not merely in the calm assertion of rights, but in the glad assumption of duties.

Not flaunting her strength as a giant, but bending in helpfulness over a sick and wounded world like a Good Samaritan.

Not in splendid isolation, but in Christlike co-operation.

Not in pride, arrogance, and disdain of other races and peoples, but in sympathy, love and understanding.

Not in treading again the old, worn, bloody pathway which ends inevitably in chaos and disaster, but in blazing a new trail, along which, please God, other nations will follow, into the new Jerusalem where wars shall be no more.

Some day some nation must take that path—unless we are to lapse once again into utter barbarism—and that honor I covet for my beloved America.

And so, in that spirit and with these hopes, I say with all my heart and soul, "America First."

—From a sermon preached in the National Cathedral, Washington D. C., September 7, 1924, by Rt. Rev. G. Ashton Oldham, D. D.

Eastern Shore Happenings

Chestertown, Md., Nov. 6—Miss Minnie Hicks, daughter of Mr. and Mrs. William T. Hicks, of this town and an instructor in the Maryland School for the Blind, Baltimore, has been awarded a prize of $25 for submitting the best words for a federation club song offered by the Maryland State Federation of Women's Clubs.

* * *

Chestertown, Nov. 6—Wm. Kirschnick, who lives in McKinleyville, a small settlement near Rock Hall, is in a Baltimore hospital dangerously wounded from a self-inflicted gunshot wound. According to witnesses of the affair Kirschnick shot himself through the body by placing the stock of the gun on the ground and pressing the trigger with his foot. He was in company of a number of men who were said to be under the influence of liquor.

Kirschnick was taken to the hospital where his condition is said to be serious.

* * *

Crisfield, Nov. 6—All this week 750 dredge boats, ranging from the trim little skipjack through the bugeye class to the square-rigged schooners, have been searching the bottom of the Chesapeake Bay for oysters.

It has not been a successful week, for stormy weather prevented tongers and dredgers from securing large catches. Lower bay oystermen are pinning their faith for early oysters on the Potomac river bars. On Sunday last in one spot fifty boats were anchored, waiting for the opening Monday morning. The opening day came on the wings of a storm, and there was no break in the weather until on Wednesday.

* * *

Seaford, Nov. 5—Seaford residents who had been wondering what had come over boys on Hallowe'en, the usual pranks of removing gates, doorsteps, etc., being absent, have learned that Mayor Charles E. Hastings and Magistrate James K. Phillips hit upon a novel plan, by appointing and swearing in about 15 local boys, ranging from 10 to 15 years, as special policemen, supplying them with a regular badge.

The plan not only kept these boys out of mischief Hallowe'en, but they were so proud of their jobs they influenced others to behave themselves on that night.

Chief of Police Martin said he did not have a single compaint Hallowe'en something he never had to happen since his appointment as a police officer.

* * *

Chestertown, Nov. 8—Washington College students have organized an oratorical and debating society. The work of the society, which will include contests with outside colleges, as well as among the student body, will be under the supervision of Dr. Faries and Dr. Livinggood, of the faculty, and the new organization is expected to fill a longfelt need at the college.

The officers of the new society are: Calvin Cooper, president ;Fred W. Dumschott, vice president; James Aliman, secretary, and Miss Addie Nuttle treasurer.

* * *

Cambridge, Nov. 8—The funeral of Mrs. Lee Henry Robertson, wife of Charles E. Robertson, took place yesterday morning from her home on High street, the services being conducted by the Rev. W. D. Gould, rector of Christ Protestant Episcopal Church of which Mrs. Robertson had been for many years acommunicant.

Mrs. Robertson who had been known as one of the most beautiful women in Maryland, was a daughter of the late Daniel M. Henry, Jr., and the late Mrs. Mattie H. Henry, and was a step daughter of Judge W. Laird Henry of Cambridge. She is survived by her husband and three children, Miss Louise Spear, a daughter by a former marriage; Charles E. Robertson, Jr., and Lee Henry Robertson. She also leaves a sister, Mrs. Barclay Trippe, of Easton, and two brothers, Daniel M. Henry and W. Laird Henry, Jr.

* * *

Chestertown, Nov. 5—H. Stockton Startt, secretary-treasurer of the Fairlee Co-operative Canneries Association ,stated this morning that his concern has not received overtures from the promoters of a contemplated merger of the cooperative interests on the Maryland-Delaware peninsula, but he thought the proposition had considerable merit, and feels his association will favorably discuss the matter in the event such a proposition is offered.

It is said the owners of the Rock Hall co-operative cannery feel the same way about the matter. These two associations have enjoyed a successful first year in canning, the Rock Hall plant having packed more than 40,000 cases and the Fairlee factory 32,000, notwithstanding the late season and difficulty in securing cans late in the season.

Patrons of both plants who are part owners have been paid a pro-rata of 15 cents a basket for tomatoes, and they have entered into an agreement with the managements to wait until the pack at each plant has been sold for the remaining money.

The goods of both concerns have been stored in warehouses and fully insured, to remain until the condition of the market improves sufficiently to permit sale.

The managements of both companies are well satisfied with the first year' experience and are making preparations to install new machinery and additional equipment for next season.

Farmers here declare that it is too early to discuss next year's tomato situation, but it will not be surprising to see at least two other co-operative plants in the county as a result of the success of this year's ventures, and it is certain that the growers will insist upon better contract agreements and prices if a large tillage is to be grown next year.

* * *

Chestertown, Nov. 10—Dairymen of Kent county are facing the difficult problem of making both ends meet in conducting their business, owing to the advance in the prices of dairy feed and because of the shortage of good pastorage during the summer and fall.

They have made an appeal to the Interstate Milk Producers Association for a substantial increase in the price of their milk to meet the increased cost of production.

The price being received for four per cent. milk, which is the average of production in th county, is $2.74 per 100 pounds. The dairymen have asked for an increase of 26 cents a hundred, making the price for the winter and spring months $3 per hundred pounds which, they declare, is not too high in proportion to the increase in the price of dairy feeds.

A meeting of the dairymen was held here last week and a resolution was adopted asking for a price conference with representatives of the Interstate Milk Producers' Association. A conference was held in Philadelphia, which Edgar R. Pennington, Kent county director of the association, attended and presented the claims of the Kent county dairymen.

It was pointed out that the cost of producing milk under present regulations and the high cost of feed is much more than it was when the price of $2.74 was set, and since the dairymen of the county have been put to the expense of complying with new sanitary regulations regarding the production and shipment of milk, it was believed the increase asked for was not excessive.

Two deacons were disputing over a prepared graveyard. One exclaimed, "I'd never be buried in that graveyard as long as I live."

"What an obstinate man," said the other. "If my life is spared, I will.

Ice Costs Less In The Fall And Winter Months

Ice melts slowly in cool weather, the ice man makes fewer stops at your door, consequently, your Fall and Winter ice costs will be less than one-half of your Summer costs.

Housewives, who use ice the year around, would not willingly do without it. Ice Surely does save food and work.

The temperature in your home is not low enough at any time to keep food pure without refrigeration.

Fresh foods are wholesome, nutritious and appetizing, these foods if exposed to warm air for a few hours not only lose most of their flavor, but may possibly become dangerous to health.

There is a real danger in relying upon the cellar or back porch. You will find as much satisfaction from the use of ice now, and through the coming months as at any time of the year. It is worth to you many times its little cost.

You don't need as much W-P ICE in cool weather
BUT
You need it just as much

Your Birthday
Is it this week?
NOVEMBER 16-21

If your birthday is this week you are dogmatic and determined. You are exceedingly efficient when you have a clearly defined course of action outlined, but require strong incentive to arouse your naturally indolent disposition. Once you become interested and actually engaged in any task, you are wonderfully tenacious and persistent. Your great power and determination often enable you to carry out your ideas and purposes, even in the face of adverse public sentiment.

You must learn to guard against your weaknesses—procrastination and your inclination to domineer and govern by fear. You are apt to be very inconsistant in promising one thing and doing another, therefore losing the confidence of all with whom you come in contact.

The women make excellent secretaries, modistes, milliners, authors, and teachers. The men are thinkers, orators, artists and inventors.

"What have you in shape of automobile tires?"

"Funeral wreathes, life preservers, and doughnuts."

School Days!
Is your boy's eyesight normal?

Bob's parents knew the tremendous importance of normal eyesight to children. So they had Bob's eyes examined. The slight defect revealed was corrected easily (and in time), by the eyeglasses prescribed.

Hence Bob's quick answer—his better report cards.

Wellsworth Windsor spectacles are sturdy and good looking.

Have Your Child's Eyes Examined!
