CHEVROLET

Improved!

A Type of Performance Never Before Obtained In Any Low Priced Car

Thousands have already driven the Improved Chevrolet.

They know its new smoothness, new stamina, new swiftness of acceleration.

They know that in performance it completely dwarfs every Chevrolet achievement of the past and that it ranks as the finest Chevrolet in Chevrolet history.

And if you are one who has not yet been behind the wheel, you have more than a treat in store. You have yet to experience a type of performance never before offered in any low-priced car.

A performance so effortless, so smooth, so powerful, so spirited that you will call it nothing short of a revelation!

Chevrolet's leadership has been based on giving quality at low cost. Now the Improved Chevrolet gives another reason for an even wider margin of leadership—performance the equal of which has heretofore been unattainable in the low price field.

Drive where you will—and as long as you like, through traffic, through sand, through mud, over hills—and over mountains, if you please. Expect something really new, really worthwhile, something really unique—and you will not be disappointed.

PRESIDENT COOLIDGE ENJOYED BLACKSTONE

During his Washington engagement Blackstone, the world traveled magician, was called to the White House to entertain President Coolidge and a distinguished company assembled for the occasion. "A good time was had by all present." A dyed-in-the-wool, (schedule K) Senator remarked after the entertainment that the Democrats should nominate Blackstone for the presidency as he, Blackstone, could fool all the people all the time.

Blackstone's Washington engagement was made interesting from a far different angle. At another theatre, less than two blocks away, Thurston, the magician, was filling an engagement, and the rivalry of the two necromancers, was the subject of much newspaper space. Blackstone is the originator of the "Vanishing Horse" and other illusions being used by Thurston. He was not slow in making this fact known.

Only last April Blackstone returned to America from this third world tour at the head of his company of wonder-workers. Since his return to this country his tour has been confined to the principal cities, where he has been playing to capacity houses. The press in every city thus far visited have been unanimous in proclaimng Blackstone to be the greatest magician of all time.

Blackstone will bring his big company to the Playhouse, Wilmington, for a week's engagement, starting Monday night, January 25. The usual Wednesday and Saturday matinee will be given.

Among the features new to this city and which Blackstone will present for the first time here are: "The Man Who Walks Away from His Shadow," "The Vanishing Horse," "The Bride's Chamber," "Alice in Wonderland," "Jack in the Box," "Spooks in the Light," "Duck Inn," "A Bachelor's Dream," Chinese, Egyptian and Hindoo effects; some of them dating their origin back more than 2,000 years. It requires two 70-foot baggage cars to transport the vast quantity of paraphanelia and effects used in the performances.

ANOTHER STEAMER FOR BALTIMORE

Baltimore, Jan. 18—The steamship "Chatham" of the Merchants & Miners Transportation Company will be launched at Newport News, Virginia on February 3d. The "Chatham" will be 368 feet in length, with gross tonnage displacement of approximately 7,000 tons, and is one of the company's group of five new steamships. The "Alleghany" and the "Berkshire" are already in service, and the other two sister ships are scheduled to be launched before summer. The "Chatham" will accommodate 300 passengers. The Merchants and Miners Transportation Company operates steamships between Boston, Providence, Philadelphia, Baltimore, Norfolk, Savannah, Jacksonville and Miami.

WICOMICO COUNTY SETS GOAL FOR NEW ASSOCIATION FUND

$16,600 Annually for Two Years is Mark—Banks to Aid Movement

Salisbury, Jan. 15—At a meeting in the court house in this town yesterday Wicomico county fixed $16,600 annually for the next two years as its goal in pledging financial support to the Del-Mar-Va Eastern Shore Association. This is one-sixth of the entire amount of $100,000 sought annually by the organization. At adjournment, $11,400 had been pledged for each year.

Wicomico banks have established a subscription scale which will pledge one-fifth of one per cent. of the combined capital and surplus of each institution as its part in the movement.

Banks in each of the 14 peninsula counties will be asked to adopt a similar policy, which would increase the pledges by nearly $27,000 yearly.
