MORALS RELIGION AND COMMON SENSE

RED HAIR PREJUDICE

A man reading a newspaper noticed two items of news. The one told that a student of Michigan University had smashed the world's record in the running broad jump, with a leap of 25 feet, 10 7/8 inches. The other told of a thief who had attacked a storekeeper, shot and wounded him, making away with the contents of his cash drawer. The reader was returning from hearing the rendition of a very fine piece of music which he had greatly enjoyed.

Now it so happened that the athlete was a negro, the robber was a negro, and the composed of the music was a negro. Of the three incidents, the fact that the champion was a negro was mentioned in only one of them. You can guess which one (the robber).

We have no more objection to the fact of his race being told when a negro goes wrong than we should have if the papers gave similar information when an individual of any other nationality is implicated. But we wonder why it should be necessary at one time and not at another. If the word "negro" must always be used on the debit side of the moral account, fair play suggests that the credit side should also use the word.

An observant man said "In six months I could make this country a most uncomfortable place for redheaded men if I were permitted whenever a redheaded man happened to be a law-breaker, to state in the newspapers that he had red hair."

Eastern Shore Happenings

Crisfield, Md., Feb. 22—Crisfield Rotarians are afraid their efforts to secure a new high school for their city will fail and that the old school will have to suffice. Politics is blamed.

With everything in shape to erect the structure this year, the County Board of Education, it is said, has taken a stand that will make the project impossible.

After an appropriation of $10,000 had been secured toward the work and it was agreed that the same amount should be set aside each year until the cost of the school was met, the Rotary Club arranged to finance the new building through the local banks and the Crisfield Playground Association gave over the playground, deeding the property, with the condition that it should revert to the association if it should cease to be used for educational purposes.

The School Board refused to accept the property on these conditions, declaring the property must be deeded outright. The playground association refused to accept this, it is said, but made the offer of one-half the ground without restrictions.

The school people refused to accept this offer and are said to have held out for all or none.

The Crisfield men say they made a fair offer to obtain a school for their children and that when the Board of Education upset the plans by an impossible condition, its action was dictated by petty politics.

* * *

Centreville, Md. Feb. 20.—Several local lads from eight to twelve years old have organized the "Centreville Pony Cavalry." The membership will be made up of lads who own ponies and considerable interest is shown in their activities.

At the recent meeting the following officers were elected: Captain, Charles Shortall; assistant, Wilson Dukes; treasurer, William Boone Phillips; secretary, S. Charles Wall, Jr., patrol leaders, Clayton Mitchell and William E. Roe, Jr., chairman of meetings, Robert Hopper Thompson. The boys are planning a number of events for the early spring .

* * *

Adjutant General Milton A. Reckord and Colonel D. John Markey, commanding officers of the First Regiment, Maryland National Guard, were in Cambridge last Thursday night and gave a dinner in Robbins Restaurant to about thirty citizens of Cambridge.

The purpose of the gathering was to discuss the present conditions of Company C, the local military organization, and also offer suggestions for its future welfare.

Capt. Armond Hayward, the present commanding officer of Company C has tendered his resignation because he has not the time to devote to the duties imposed upon him.

Mayor Earle W. Orem acted as chairman of the meeting and called upon the following who responded with short remarks:

General Milton A. Reckord, Colonel D. John Markey, ExGov. Emerson D. Harrington, Dr. Guy Steele, V. S. Bradley, Rev. W. D. Gould, Rev. J. A. Chapman, Mr. Levi B. Phillips, Mr. V. Calvin Trice, Mr. Milford Nathan, Capt. Armond Hayward, Capt. Bryan Dashiell, Mr. Frank Robbins and others.

To fill the vacancy caused by the resignation of Capt. Hayward, Mr. Vernon S. Bradley offered a motion that the chairman appoint a committee of five to recommend a suitable man to Gen. Reckord for Captain. The following committee was appointed: Ex-Gov. Harrington, Mr. Levi B. Phillips, Sen. Samuel E. Byrn, Mr. P. Watson Webb and Mr. Vernon S. Bradley.

* * *

The people of Lower Dorchester will be glad to know that the Superintendent of Lighthouses has agreed to Senator Weller's request that two new beacons be put up along the channel in Tar Bay between Chesapeake Bay and Fishing Creek to replace those carried out by ice during the latter part of January. These lights will be restored as soon as possible, probably within the next two or three weeks. In the meantime the keeper in charge has been instructed to establish temporary illuminating apparatus as an aid to the many boats using these waters.

* * *

Chestertown, Md., Feb. 19.—Prominent business and professional men of the town, headed by L. Bates Russell, have filed incorporation papers for the organization of The Security Finance Corporation of Maryland. Home offices will be located in Chestertown.

The incorporating officers are L. Bates Russell, R. Hynson Rogers, lawyer and bank director, and Charles F. Wheatley, cashier of the People's Bank of Chestertown. The capitalization of the corporation will be 10,000 shares of preferred stock, par value $10, and 10,000 shares of common stock of nominal par value. The company will do a general mortgage and finance business.

* * *

Salisbury, Md., Feb. 18.—The mayor and City Council in a special session yesterday rescinded the order prohibiting the Salisbury Fire Department from rendering aid to rural sections, which was to have become effective at noon.

One half hour after the instructions were given the Fire Department an alarm was received from Quantico and response was made.

The city officials had ordered service on rural sections of the county withdrawn following the failure of the county officials to respond to a proposal for the purchase of a fire engine for use in the county outside Salisbury.

TheCounty Board Tuesday responded by adopting a resolution which assured the city that an appropriation for the purchase of such an engine would be provided in the 1926 levy and funds would be available about October 1.

Continued service of the city department in rendering assistance to the county towns and commuities until the apparatus was acquired was requested.

* * *

Georgetown, Del., Feb. 21—Plans for the execution on February 26 of Harry Butler, negro, aged 21, who on February 8 was convicted in the Sussex County Court here upon a charge of feloniously assaulting 12-year-old Elnora Steinmetz near Bridgeville, have been made.

The scaffold will be brought here from the New Castle County Workhouse and erected in the northeast corner of the jail yard, a high brick enclosure, which is used for an exercise court for prisoners. It will occupy about the same position as the scaffold from which James M. Gordy was hanged on June 11, 1897. Gordy was the last man hanged in Sussex county.

* * *

Seaford, Del., Feb. 23.—The work of dragging the Nanticoke river between nthe county and railroad bridge, a distance of about a quarter of a mile, for the body of Elmer J. Johnson, 40, missing Seaford farmer, was discontinued yesterday, although Johnson's family and the majority of people of southern Delaware believe the man was accidentally drowned. He has been missing since Februray 12.

All kinds of clues have been heard about the missing farmer since his disappearance, but all have proven without foundation.

Theer has been nothing brought forward to indicate foul play and every indication points to the fact that John son's body is in the river.

Your friend the telephone!

YOU want the best telephone service you can get. We are just as anxious to give it to you. So that's one thing we have in common.

Most of the job of keeping the service up to scratch belongs to us. But there are some things you can do, and taking proper care of your telephone instrument is one of them.

Inside that telephone on your table are a lot of small parts—over two hundred of them. Every time you bang or drop the instrument the adjustment of these parts is made a little less true. Result—a noisy telephone; a cuff on the ear doesn't improve your hearing.

Any telephone is only as good as its cords—the wires which join it with the bell box. If these cords are often twisted and jerked or allowed to get wet, you may expect poor service—or no service at all.

Your telephone is as well made as the best brains and hands can make it. It is a friend, and deserves to be treated as such.

MAKING YOUR EYES SPRINT
—what a price you pay!

Forcing defective eyes to see is like trying to keep up with a champion sprinter—both take a tremendous toll of nervous energy.

You yourself, perhaps, are making far-sighted or near-sighted eyes give clear vision in spite of their defects.

The price you pay is too great!

Have Your Eyes Examined.
