MORALS RELIGION AND COMMON SENSE

Some self-made men show exceptional architectural skill.

The world is either better or worse for your having lived in it.

It's the success you make of it and not the job that counts.

Honesty is not only the best policy, but it is the very foundation of civilization.

The time to save money is while you are making it.

He who controlls not his youth enjoys not his old age.

No one will ever rise to his feet, who is satisfied with his second best.

The man who does not go to church is soon forgetful of the grievous sins and faults of his own heart.

What would your property be worth if there were no churches in America? Are you giving the church a square deal?

The world's best seller is—the Bible.

What happened on Calvary concerns you. You may stop loving God, but God will never stop loving you.

Eastern Shore Happenings

Seaford, Del., April 16—Farmers and truckers in Southern Delaware report strawberries of an early variety badly damaged by cold weather last night when ice formed and a heavy frost fell.

The growers say that the early berries were in full bloom and were turned dark by the cold. Had not the freezing weather appeared last night some growers would have picked berries at a much earlier date than usual. Late berries are not in blossom and were undamaged.

* * *

Georgetown, Del., April 16—A gash which required three stitches to close was inflicted in the left foot of Joseph King, Cedar street, this city, yesterday while he was cutting wood. Mr. King is a well-known Georgetown timberman.

* * *

Georgetown, Del., April 15—The theft of a still which was being held as evidence in a liquor case and its alleged sale to another moonshine manufacturer is one of the most unusual cases that have been brought to the attention of Lower Delaware authorities in many years.

For boldness, the officials believe it takes the palm, and, they believe, proves that there is a big liquor manufacturing ring in Lower Delaware, which they hope to bring to justice within the next few weeks.

* * *

Snow Hill, Md., April 18—In announcements in three weekly papers of the county, Miss Bessie Bowen requests the support of the voters in the coming Democratic primary as a candidate for the office of Clerk of the Circuit Court for Worcester County.

For nineteen years Miss Bowen acted as assistant deputy, and two years as chief deputy clerk in the office to which she aspires as clerk, and she is recognized throughout the county as an efficient officer in her particular line of duty.

So far as is known, Worcester county is the first and only county in the United States to have a woman clerk of the court. Mrs. Sue M. Collins being appointed to fill the unexpired term of her husband, the late Olilver D. Collins.

* * *

Ocean City, Md., April 16—Residents of towns along Sinepuxent Bay will meet the United States engineer from Wilmington, who has jurisdiction along the Atlantic Coast as far south as Frankiln City, at the school building here at 2 o'clock next Monday, in an investigation of the affect of the State bridge over the bay at this place.

The bridge spans only the channel, the roadway being carried over the remainder of the bay on causeways. It has been asserted by some that these causeways are responsible for deposits of sand and may damage the inlet, which let salt water into the bay from the ocean.

Swepson Earle, State Conservation Commissioner, and a representative of the State Roads Commissions, will attend the meeting.

* * *

Cambridge, Md., April 16—Six patients now at the Eastern Shore State Hospital, near here, have erysipelas and three have recently died directly or indirectly from the disease. Two of these were over 80. Of the six now ill, three are about 60 and the others 35 or 40.

The patients stricken with the disease are located in different parts of the building and the authorities have been so far unable to trace the connection between cases, if any.

It is understood that a physician will be sent by the State Board of Health to help in the investigation.

* * *

Chestertown, April 9.—Following notification that it has been accepted as the International Rotary and its charter will be ready for acceptance April 15, the Chestertown Rotary has elected the following directors: Richard H. Collins, Jr., W. Robert Huey, Harry F. Jefferson, Austin F. Shure, Marion DeK. Smith, Dr. Paul Emerson Titsworth and William B. Usilton.

The board elected the following officers: President, Dr. Paul Emerson Titsworth; vice-president, Marion DeK. Smith; secretary-treasurer, W. Robert Huey; and sergeant-at-arms, Richard H. Collins, Jr. The charter will be presented at an elaborate function to be held April 15 at Washington College.

* * *

Chestertown, April 9—At a meeting of the congregation of old St. Paul's Protestant Episcopal Church, it was decided to make the first Sunday in June a permanent date for holding annually what is termed "Old Friends Day," which is to be the occasion for the gathering of former members and friends of the church for an all-day service and reunion.

* * *

Elkton, April 19—The Cecilton Bank of this county, which is a branch of the Elkton Banking and Trust Company, is experiencing a "run," but of a different nature than banks have experienced in the past.

The woodwork of the building has been attacked by a species of black-winged ants, which bore into the window sills, flooring, and timbers, doing serious damage.

The ants seem to defy fumigation and other means that have been resorted to combat their ravages, and the United States Department of Agriculture has been appealed to for assistance in getting rid of the destructive insects.

* * *

Laurel, Del., April 19—Following two different snowfalls yesterday, ice formed last night, causing considerable damage to peaches, pears and cherries.

Leading orchardists estimate that about thirty per cent. of the buds are dead. There was little damage to apples and small fruits. It is much colder tonight and more damage is feared.

* * *

Centreville, April 19—Steps were taken by the Good Will Fire Company of Centreville, in co-operation with the "Second Alarmers" to obtain a new $6,500 fire engine for county use, the County Commissioners being asked to provide $5,000 from the treasury for the fund and the department to appropriate the remainder.

Delegations headed by Clayton Wright, president of the company, and Col. W. Hopper Gibson, president of the "Second Alarmers," appeared before the County Commissioners at their regular meeting and made formal request that the sum be appropriated for the fire-fighting equipment.

* * *

Chestertown, April 19—The annual spring meeting of the Kent County Council of Home Demonstration Work will be held in the gymnasium of Washington College on Wednesday. This is an event of unusual importance to the women and girls of the county, because it marks the beginning of their summer club work and affords an opportunity for an exhibit of the handiwork of club members.

* * *

Pocomoke City, April 18—The body of the Rev. J. H. Fitchett, pastor of the African Methodist Episcopal Church, this city, was found yesterday in the Pocomoke river about one and one-half miles above here by four colored men. The body was lying near shore, caught in some fish net poles.

The Rev. Fitchett disappeared three months ago. At that time the river was dragged, because his umbrella was found on the wharf of R. I. Lednum's packing houses. His disappearance was due, it was reported, to some trouble with one of his parishioners.

The body was weighted down with bricks stuffed into th pockets of his overcoat. This fact was considered suspicious by the jury of inquest and warrants were issued for Harrison Hargis and his wife.

A hearing was given these two last night, but owing to lack of sufficient evidence, they were released and the jury rendered a verdict of death by drowning.

* * *

Seaford, Del., April 18—A forest fire on the farm of Horace B. James, in Broad Creek, Hundred, destroyed much young timber and did considerable damage yesterday and last night. A barn containing feed and an unoccupied dwelling belonging to James, which were in the path of the fire, were destroyed.

James and neighbors fought the fire for six hours before getting it under control.

* * *

Dover, Del., April 18—Aroused over the continued series of incendiary fires at Hartley, Del., and vicinity, in which much property and automobiles have been destroyed within the past five weeks, the citizens plan an appeal to the Governor for iad.

The latest fire was last evening at the farm of George J. Schulz, one mile east of Hartley, in which his garage and two automobiles, one a mail car, were destroyed. Schulz saw a man running from his garage after discovering the fire and he gave chase, but the man escaped.

* * *

Fifteen business men of Georgetown, who are interested in the formation of a Rotary Club, were addressed last Thursday night at a meeting in the Sussex County Court House by Dr. J. Roscoe Elliott, presidnet of the Laurel Rotary, and R. A. Derrickson, president of the Milford Rotary, both of whom explained the principles of the organization. Professor E. Paul Burkholder, rural supervisor of the schools in northern Sussex, who succeeded in getting the men together, was chosen temporary chairman of the meeting.

Dr. Joseph B. Waples has been chosen permanent chairman, and within the next two weeks will make a survey of the central section of Sussex county to ascertain how many desire to affiliate with the organization, and to pave the way for the formation of a wide-awake Rotary.

Another meeting is expected to be held within a short time, and definite steps taken.

A TELEPHONE IN EVERY HOME

"What a peach of a day! Let's take the old bus, get the Rankins, and drive to Hillcrest."
"All right, I'll call them."
"Oh, I forgot! They have no telephone."

THE home without a telephone is out of touch with the world. The old days when people sent the small boy of the family around to deliver their invitations are gone forever. Don't miss things because you haven't a telephone!

There's a class of telephone service that will fit your pocketbook. *Ask our Business Office about it.*
