—The Chancery term of Caroline county Court meets in Denton on Tuesday next.

—The account of a duel between two young men in Worcester county, published in these columns last week, is a hoax.

—The Eastern *Shoreman* thinks "Karline" is famous for raising "sorrel-tops." This is positive evidence of pure blood.

—The Choptank remains frozen over and the ice blockade has cut off all communication with the outer world by water communication.

—The law prohibiting the shooting of patridges went into effect on Friday last, the 15th inst. It is not lawful to kill [illegible] now.

[illegible]e *Shoreman* says "Denton has [illegible]ch." Where did the *Shereman* [illegible] information? Does it judge [illegible]wn personal misfortunes.

[illegible]ov. Groome has issued the death warfor the execution of George Wheeler [illegible]he murder of Mrs. Margaret Whitman. [illegible]execution will take place at Easton on [illegible]y 12th of March next.

[illegible]neral freeze up last week, a large [illegible]of our population after night-fall [illegible]e sought the glassy surface of the river to spend their leisure moments.—Skating parties are all the rage and the younger portion of our citizens seem to enjoy the sport with great zest. They have constructed what is termed a flying horse on the ice, near the northern limits of town, and this seems to be the great centre of attraction. Here, those disposed, can have a free ride at the rate of a mile a minute but it requires a firm hold to maintain one's position. There is some danger, too, in performing this whirl-a-gig movement.

—The fourth and last Quarterly meeting of the M. E. Church for Denton circuit was held in this place on Saturday and Sunday last. Rev. Mr. Griffith filled the pulpit Saturday morning. Rev. John Hough, the Presiding Elder for Easton District, preached to large and attentive congregations on Sunday morning and evening. The regular Quarterly Conference was held on Saturday, immediately after the close of the public service and was pretty fully attended by the official members of the church from the different charges. The financial condition of the church is in a sound and healthy condition. All the expenses of the circuit will be promptly met, including even some of the indebtedness of past years. The present membership of the circuit, including those received on probation, numbers 460. The value of church property belonging to the circuit may be estimated at $26,000.

Public Schools.

In the forthcoming Report of the State Board of Education, all who are interested in the success of our system of Public Instruction will be cheered and gratified by the information "that the Public schools of Maryland were never before in as flourishing condition as they are to-day." This intelligence must reassure the doubtful and strengthen the confidence of the hopeful. It can be fairly said that the cause is fortunate in its leader, with such a live, zealous, sagacious and in every way, efficient head of the system, all parts must feel his magnetism and move in harmony upward and onward. Evidently, love for the cause has been kindled everywhere and corresponding efforts have been made towards its grandest success. Go anywhere in the State and I doubt not, you will find that the wise and benificent scheme of our Legislature is growing in favor with the people, the rough corners of prejudice are wearing away by its operation and tax-payers are becoming more appreciative and generous, as there is now seldom heard a murmur at the draft on them.

Whilst this condition of things is happily characteristic of the whole State, I desire to say something of the schools and school-loving people of Caroline county. We cannot speak boastingly for the consciousness that we have not done our whole duty, represses any such utterance, and because a sense of the advance and efficiency yet to be obtained is too humbling. But it can be justly said that the present condition of the public schools of our county is more hopeful and gratifying than in any previous year. Improvement is the fruit of time and effort and is now showing itself. The literary competency and the aptness of the teachers by actual experiment in the school-room are manifestly higher and progressive. These laborers in so valuable and noble a cause are feeling the weight of their responsibility and seem to be stired by the persuasion of an appreciative sense of what is required of them, to go on to higher attainments and greater fitness for their work. The value of their labors to society is attracting a more appreciative notice, and if we would quicken their efforts and increase their usefulness we must show our interest in their work and sympathize in their cares, trials and troubles. Loneliness in any work is dispiriting and depressing, but especially so in the employment of the teacher. Give the teachers an encouraging presence at their school-rooms, make kind inquiries about their work, let them see that they are not forgotton, nor the importance and dignity of their calling slighted, and you insure success to their labor and at the same time you add to their comfort and happiness.

The Board, too, of County School Commissioners, are struggling for a higher standard of scholarship in the teachers and greater practical fitness for their work. In furtherance of this end they have determined on an annual re-examination of all the teachers on a higher standard in the branches taught, hoping that this method will stimulate to efforts for thorough fitness by those who desire to teach.

It is refreshing to know that the people are feeling a deeper interest in the cause as is shown in various ways. There is from every District a call, which is sometimes very imperative, for better teachers. Parents and patrons are restless and dissatisfied if their children are not evidently advancing in their studies. They want their children educated and if the teacher is not doing his part well, the demand is that he give way to some one else. Another proof of their interest is shown in the generous response they make to the call to assist in erecting new, more comely and fit school houses in their respective Districts. The County Commissioners levied last year $2,900 for the repair of old and the building of new houses; with this sum, so far below the demand of our necessities, the Board in their work of building have received a helping hand from the people, some giving money, some labor, and some material. Some instances of this spirit and well doing are above praise. In some districts, houses have been entirely built by the people and deeded to the County School Board, or granted for their use. I venture to say that, perhaps, no county in the State excel Caroline in this respect. If we are behind in some things, our poverty is mainly the cause. The taxable property of the county does not yield us a superfluity of means for larger efforts, especially for material results. We feel sure that our County Commissioners will make year by year the most liberal levies in their power, and always countenanced by the people in their action.

Under pressure of a sense of its very great importance, I would in the way of a suggestion to teachers urge more attention to the esthetics of their vocation; to its morals and manners. No amount of book learning, nor the highest attainments in mere scholarship can atone for the absence of these in the instructions and management of those pupils. I beg the attention of those teachers who may read these lines to this subject. Let them by the means of example, in the way of act and speech educate in their pupils a sense of the true, the lovely, the beautiful, and the refined. All coarseness of deportment, rudeness or obscurity of speech should not be tolerated for a moment. Let the highest culture, mental and social, be aimed at. Mere book attainments are not the whole compass and reach of the teacher's work; he is morally and religiously bound to strive to develop in his pupils all their susceptibilities for the good, the true, the beautiful and the refined. I trust that attention to this principle in our work of education will keep pace with everything else that is now so happily progressive in our schools.

DR. BULL'S COUGH SYRUP is fast taking the place of all the old fashioned cough remedies. It never fails to relieve the most violent cold, and for throat diseases it is invaluable. Price, 25 cents.

Peninsular Waifs.

CECIL COUNTY.

The dwelling house belonging to John Ford, in North East, was discovered to be on fire one morning last week and the two families occupying them were aroused and a portion of the buildings saved. Damage to the building about $400.

A protracted meeting at Cecilton which has been going on for several weeks has resulted in over fifty conversions.

KENT COUNTY.

Capt. J. H. McKensie at Chestertown last week took his three small children, the youngest only two years, on a sled on Chester river to amuse them on the ice; the ice suddenly gave way and all the three were immersed in the watery element. The water being shallow the Captain succeeded in rescuing them from their perilous situation.

Some poultry dealers at Chestertown shipped to Baltimore last week 300 pounds of turkeys.

Capt. Alex. Wilson, a prominent and respected citizen of Kent county, died last week.

David C. Blackiston and Wm. Stevens have been elected directors of the Kent County Railroad on the part of the State.

The January term of the Circuit Court for Kent county commenced on Monday last.

The stallion Legatee, the property of the late Dr. Vannort, of Kent county, and formerly belonging to Gov. Bowie, was sold on Thursday last to Mr. George W. Lockwood, near Warwick, Cecil county, for $520.

The farm of B. R. Gudgeon, on Fairlee creek, containing 114 acres, was sold at sheriff's sale on Thursday, by C. T. Westcott, Esq., attorney, and purchased by Joseph B. Baker, of Pennsylvania, for $1,204.

QUEEN ANNE'S COUNTY.

The horse stolen from Mr. Harley at Centreville a week or more ago, has been returned, but no clue to the thief.

One single blacksmith at Centreville last year shod 871 horses.

New furnaces have been put in the M. E. Church at Centreville and prove all that is desired.

TALBOT COUNTY.

One hundred and forty marriage licenses were issued by the Clerk of the Circuit Court last year.

The Easton market was supplied with white perch last week.

Mr. Stephen Denny, an old and highly respect citizen of Talbot, died at his residence near the Royal Oak, last week. He was over 90 years of age.

DORCHESTER COUNTY.

A colored man, named Will Lock, was found dead at the head of Cambridge creek, Dorchester county, on Sunday last, his body being frozen stiff, and his face bore various marks of violence, creating a suspicion that he had been foully dealt with. An inquest was held and a verdict rendered that deceased came to his death by accident, or by a blow inflicted by some person unknown to the jury.

The oyster trade is said to be quite brisk in Cambridge.

Dried fruit is so scarce at Cambridge that the merchants of that place are importing it from Baltimore.

Correspondence of the Union.

STERLING, ILLINOIS, Jan. 9th, 1875.

Mr. Editor:—No doubt some of the readers of the *American Union* would be interested reading a short account of the weather here in Illinois. Compared with dear old Maryland the contrast is great.—Last night, while the mercury was 26 degrees below zero, there was such a high wind that filled the air with clouds of black dust mingled with a little snow which made the cold so piercing that it was beyond endurance. It would be fully to attempt to describe. This black dust was taken from the fields and crept into the houses through every small crack and drifts of it and snow was heaped along the fences. This morning at 9 o'clock mercury was 24 degrees below zero, and at the warmest part of the day, 1 P. M., 12 degrees below zero.

We had a very mild winter until about Christmas—we call it mild notwithstanding Rock river was covered with ice about a foot in thickness for a long time before.

Badly Hurt.

Thomas, a son of Mr. Jas. Melvin, aged about 13 years, was badly hurt on the ice on Saturday night last, caused by having his feet tripped from under him and falling his head striking with great force upon the ice, tore the flesh from the forehead just above the right eye, exposing the bone of the skull. The professional services of Dr. Downes were made available, and the patient, although badly hurt, is improving.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesdays. Office in the building recently occupied as the Episcopal Church. Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at either of the above places by engagement.

READY MIXED PAINT.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same.

DYSPESIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to that disease and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth impure blood and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

POOLE.—On the 18th inst., near Andersontown, MRS. ESTHER POOLE, consort, of the late Henry Poole, in the 83d year of her age.

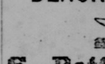

DUKES.—Departed this life, Jan. 16th 1875, at the residence of her husband, Mr. Levi Dukes, in Tuckahoe Neck, Caroline county, Md., MRS. SUSAN DUKES, in the 76th year of her age.

Though in advanced life, the deceased had been active and enjoyed excellent health, until the brief illness which closed her earthly pilgrimage. A sudden and violent attack of Pleurisy accomplished its fatal work in less than forty-eight hours. Mrs. D. had been a devoted, consistent christian from youth; and though her sufferings were too severe and death too unexpected for any very definite testimony as to the experience of the hour, her life-long trust in Jesus, and the harmony of her character with the doctrines and duties of our holy christianity, have given to sorrowing relatives and friends the precious legacy of consolations that death has but proven the passport to endless blessedness—but introduced to the "Summer land of song."

The *life*, rather than the expressions uttered amid the agonies of disease and the throes of death, gives us the reliable ground of hope.

"Gone home! Gone home! the door through
Which she vanished
Closed with a jar, and left us here alone,
We stand without, in tears, forlorn and
banished,
Longing to follow where our loved has gone."

Testimonials from the Vestry of Mount Calvary Church.

BALTIMORE, August 13th, 1874.

MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,

BERNARD CARTER, S. C. CHEW, M. D.,

From Mr. Isaac Albertson.

BALTIMORE, December 10th, 1872.

MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Wethered.

ASHLAND, Balt. Co., Md., May 27, 1872.

MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours Respectfully, JOHN WETHERED.

From James Heil, Esq.

MARYLAND LINE, Balt more Co., Md., Sept. 24, 1872.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint, Baltimore:*

Dear Sir—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.

The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.

I can ther fore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,

JAMES HALL

The following letter is strong and valuable:

BALTIMORE, Md., Dec. 27, 1871.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint:*

Dear Sir—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. From Murray Addison, Esq.

PRINCE GEORGE'S COUNTY, Oct. 24, 1872.

C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,

MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.

MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,
