Wm. H. Bowdle, several years owner and conductor of a Democratic newspaper at Cambridge, and who at that time was successful in business, has fallen from his honorable position and is now charged with clandestinely selling mean whiskey to the negroes of that town. Alas for poor frail humanity.

The History of a Hat.

A suitable covering for the head has always been regarded among the civilized nations of the earth as an indispensible article to complete the wardrobe of the male sex, and hence the inventive genius of the artist has been brought into requisition to produce an unusual variety of styles and qualities to meet the tastes of the most fastidious. Without, however, going into detail as to the origin of the hat, its peculiar shapes and styles in past ages, or the more modern productions of art, we will proceed to give the history of a hat, worn by one of our fast young men, which has an interesting history—interesting at least to three or four young men who are immediately connected with this story of a hat.

Some weeks ago a party of fast young men, the soft down upon whose upper lips may be seen by the aid of a magnifying glass, or to speak more plainly the embryo mustache, is beginning to peep out looking sickly as though nipped by the early frost, had what they term a "jolly good time" and did not "go home till morning." On the road they were overtaken by the gentle God Morpheus—it could not have been the God Bachus for the people of Caroline have long since banished him in exile—who gently folded them in his soft embrace.—Arriving at home one of the party, upon a survey of the surroundings, discovered he was minus a hat and the most diligence inquiry failed to bring the desired information as to its whereabouts. A few days ago, however, the young gent received information that his hat was seen below Federalsburg, in Dorchester county. Here was a problem of no easy solution. How could a hat, of no means of locomotion, in one night, make the journey from Tuckahoe Neck to Dorchester, a distance of twenty miles, without the assistance or knowledge of some one? Various puzzling questions agitated the brain of the young man. Something must be done. Finally, he resolved to consult the law and having procured a writ of replevin from a justice of the peace and secured the services of an enterprising constable, proceeded to the residence of a young man in Dorchester and there served a writ issued by one of our justices of the peace upon a free and independent citizen of Dorchester and brought away in triumph a "stove pipe" belonging to a sovereign citizen of that county. But there seems to be some doubts as to the identity of the hat and the Dorchester citizen believing this to be a high handed usurpation, not justified by Gen. Garut's military movements upon Louisiana is seriously contemplating an appeal to the Courts which are now open in Maryland for a judicial decision in his favor.

DYSPESIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to that disease and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth impure blood and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

Ayer's *Hair Vigor*,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Read the following Testimonials.

Testimonials from the Vestry of Mount Calvary Church.

BALTIMORE, August 13th, 1874.

MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,

BERNARD CARTER, S. C. CHEW, M. D.,
JAS. M. ANDERSON, BENJ. C. BARROLL.

From Mr. Isaac Albertson.

BALTIMORE, December 10th, 1872.

MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Wethered.

ASHLYNS, Balt. Co., Md., May 27, 1872.

MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours Respectfully, JOHN WETHERED.

From James Hall, Esq.

MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint, Baltimore:*

Dear Sir—The paint which I pur hased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.

The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.

I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,

JAMES HALL.

The following letter is strong and valuable:

BALTIMORE, Md., Dec. 27, 1871.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint:*

Dear Sir—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,

EMMART & QUARTLEY,
276 W. Baltimore St., House, Sign and Fresco Painters.

MILFORD, September 24, 1872.

MR. C. P. KNIGHT: *Dear Sir*—As I have been using Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction. I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels. Yours Truly,

JAMES H. TRUIT,
House and Sign Painter, Milford, Delaware.

From Murray Addison, Esq.,

PRINCE GEORGE'S COUNTY, Oct. 24, 1872.

C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,

MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.

MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,

S. McGILL, M. D.
