American Union

Thursday Morning Feb. 25 1875

The Orphans' Court of Caroline county will meet on Tuesday, 9th of March, 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

The Editor's Hash.

—Last Monday was Washington's birth day.

—The County Commissioners will meet at their office in Denton on Tuesday next.

—The municipal elections in Pennsylvania have resulted favorable to the Republicans.

—Fresh Shad from the South, made their appearance in the Wilmington, (Dela.,) market last week.

—The Wilmington Annual Conference of the M. E. Church meets at Smyrna on the 17th of Mach next.

—They have an old stove in the Friends' meeting house at Newtown, Delaware co., Pa., which is one hundred and sixty years old.

—A gentleman at Christiana village, Del., has a large hennery and has set during the present winter nine hundred dozen eggs.

—The next United States Senate is politically divided as follows: Republicans 41; Democrats 27; Independents 5; one vacancy.

—Rumor has it that Gen. Butler is to go into the cabinet at Washington as Attorney General. Attorney General Williams it is said is to go on a foreign mission.

—The Court of Appeals will render a decision this week in the Local Option case sent up from this county. All the indications seem to point to the conclusion that the law will be sustained.

—Mr. John Van Gesel will sell on Saturday next in front of his store in Denton a lot of valuable household articles. The inclement weather last Saturday caused him to postpone the sale until the 27th inst.

—We invite attention to the sale of the personal property of the late Levi Dukes, advertised by Judge Ford, Executor, to take place on the 10th day of March next, at the late residence of deceased in Tuckahoe Neck.

—Bishop Lay has an appointment to preach at Christ Church, in Denton, on Saturday night, February 27th, at 7½ o'clock and Sunday morning at 10 o'clock; also to preach at Hillsborough Sunday afternoon, 28th of February.

—The measels have been prevailing to a serious extent in the neighborhood of Chesnut Woods in the 5th district, but the disease is now abaiting. The per centage of attendance at the schools was in consequence very much cut down.

—Edward Spangler, one of those convicted of the conspiracy to assassinate President Lincoln, died on Sunday evening, at the residence of Doctor Mudd, in Charles county, Md. Both he and the Doctor were sent to the Dry Tortugas and were pardoned by Andy Johnson.

—Mr. Jas. Walsh, of Norristown, Pa., has been buying largely of land in the vicinity of Federalsburg. Among other tracts he has purchased the home farm of the late Cannon Charles, three miles north of Federalsburg, containing 250 acres; also an adjoing farm of 200 acres at full prices.

—Hon. S. J. R. M'Millan was on Friday last elected U. S. Senator from Minnesota by a vote of 82 to 16, all the Republicans and a large number of Democrats supporting him. In politics he is a Republican, but he has taken no part in politics since his appointment to the office of Chief Justice of the Supreme Court, several years ago.

—A big fight is now waging between the Pennsylvania Central, Thos. Scott president, and the Baltimore and Ohio Railroad, J. W. Garrett, president. The result is a reduction of freights and fare. A ticket for St. Louis or Chicago now only costs $15. The traveling public will be benefited by this fight between two of the largest railroad corporations in the country.

—The supply of edibles have not been so scarce in this town as at present for many years. The stock of groceries are running low and a few days ago there was not a pound of lard for sale in the town.—Vegetables are very scarce and poultry is not to be found. Dried fruit was all shipped to the cities before the freeze and there is not a pound in this market. We are living in the hope of fresh herring and shad before many weeks.

The Orphans' Court.

A session of the Orphans' Court was held in this town, on Tuesday last, at which were present W. A. Ford, Chief Justice; Sparklin and Jarrell, Associates; James B. Steele, Register of Wills.

Samuel Trice, one of the administrators of John Wright, presented final receipt and release of M. A. Wright, which was approved by the Court.

Wm. A. Ford, Executor of Levi Dukes, presented inventory and appraisement of the personal estate of deceased, which was examined and approved by the Court.

Application was made by Wm. A. Ford, Executor of Levi Dukes, for an order to sell the personal estate of said deceased, wheat and corn on hand and gold coin and legacies excepted. Order granted. The Court granted a further order to the Executor to freight and sell in the usual manner the wheat and corn and dispose of the gold coin on the best terms.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesdays. Office in the building recently occupied as the Episcopal Church. Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at either of the above places by engagement.

Peninsular Waifs.

CECIL COUNTY.

Elk River receives another $5,000 appropriation from Congress to deepen and widen the channel of that stream.

A joint stock company is talked of at Elkton to put in operation a machine shop and foundry.

A revival is going on at the Presbyterian Church at Elkton and has been attended with success.

On the 9th inst. the dwelling house of Mr. John Simmons caught fire and his whole family came near being devoured by the flames. His son James, aged 18 died soon after the fire—Mr. Simmons, the father of the young man, has since died and Mrs. Simmons, was also badly burned but hopes are entertained of her recovery.

A family residing in Little Elk were found last week in a destitute and suffering condition but their wants were soon relieved by the timely assistance of several charitable ladies and gentlemen.

KENT COUNTY.

A successful religious revival is in progress at the M. P. Church at Chestertown and has been continued for five weeks.

On Monday of last week C. T. Westcott, Esq., trustee, sold the farm of J. W. Howard, in Still Pond, containing 358 acres, to Geo. B. Westcoat, for $10,128.00.

They have two hotels now at Crumpton—one on each side of the river.

A correspondent of the Kent *News* speaking of Crumpton says, they have more aristocracy than wealth—more titles than brains—more stores than private dwellings.

QUEEN ANNE'S COUNTY.

Jake Wilson, colored, whilst under the influence of too much strychnine whiskey, started for the house of Mr. Samuel Ringgold on Kent Island. He fell at Ringgold's gate and was found in an insensible condition. He revived however and his physician thinks he will lose the use of his hands and feet.

The farm of the late William H. Hewett, containing 59 acres, near Church Hill, Queen Anne's county, was sold last week to Mr. B. E. Cook for $535.

On the night of the 30th of January, the clothing store of Mr. Wm. H. Smith, in Centreville, was entered through a back window, and goods to the amount of $400 or $500 stolen therefrom.

Mrs. Debbie F. Vickers, of Centreville, placed a piece of flannel saturated in chloroform on her face, one night last week, to cure the neuralgia and was found by her husband shortly afterward in an insensible condition. A physician was sent for and she was soon restored to consciousness.

TALBOT COUNTY.

The old locomotive "Thos. Clayton," has been repaired and sold to the Junction and Breakwater Railroad.

The Rev. B. F. Benson of the M. P. Church at Easton has been the recipient of a new suit of clothes, presented to him by the lady members of his congregation.

Marketing of all kinds are scarce and high at Easton.

The Town Hall Company of Easton, have declared a dividend of 3 per cent. on the capital stock.

A lady of Easton, Talbot county, it is said, has in her possession a valentine which was sent to her grandmother in 1776, and as it will just be a hundred years old at the right time, it is proposed to exhibit it at the centennial next year.

A white squirrel was killed in Talbot last week.

Five colored men having imbibed too freely of "bug juice," and becoming boisterous were committed to Easton jail last week. Do the officers enforce the law in reference to the sale of whiskey? If they did we think it would commit the seller as well as the drinker.

Robert McKnight and John Townsend came near being drowned at Easton Point recently by breaking through the ice.—Two boys threw them a rope and drew them from their perilous condition.

Mr. Samuel Peters, chief engineer on the Md & Del. railroad, died at his residence in Easton on Wednesday of last week.

There is said to be more sickness in St. Michaels now than for many years before.

Capt. Frank Tylor of St. Michaels, succeeded last week in getting a cargo of oysters into Baltimore for which he received $2,000 in cash.

There have been fifty conversions at the M. E. Church at St. Michaels during the recent protracted effort, forty of whom have united with the church.

The sacrament of the Lord's supper was administered last week by Rev. Mr. Newman to George Wheeler, in Easton jail, under sentence of death for the murder of Mrs. Whitman last October.

DORCHESTER COUNTY.

The Episcopal Convocation last week at Cambridge is said to have been unusually interesting and brought quite a number of strangers to that town.

The lazaroni of Cambridge spend their time by assembling at the hotels and listening to the reading of the Tilton-Beecher trial. This is evidence of corrupt morals in that class of citizens.

Two men in Dorchester county, with a common field hoe, killed recently one hundred and seventy-five muskrats in one day. So says the *Democrat and News*—we cannot vouch for the truth of this statement, but one Dr. John Meredith does.

During the recent freeze, the Choptank river at Cambridge, two miles wide, was completely bridged with ice, a circumstance which has not occurred for ten years past.

WICOMICO COUNTY

Congress has appropriated another 5,000 for the improvement of Wicomico river.

A buzzard visited Dr. Todd's kitchen at Salisbury last week for food and after the cook had supplied his wants pretty liberally, "Polly," the parrot handled the buzzard rather roughly and called him all sorts of bad names. The buzzard was not of Polly's feather.

IT speaks for itself; is what a lady said of Dr. Bull's Cough Syrup the other day, for a single bottle cured my child of a most dreadful cough.

Local Option in its Results.

The St. Michaels *Comet* under the above heading notices the benefits of the Local Option law in that community. The remarks of the *Comet* will apply with equal force in this community. The law has been in operation in this county about five months and the most bitter enemies of the law can but admit its beneficial results.—We hope there may never again be a drop of liquor sold in our county. The *Comet* says:—

It seemed to be a question with some, previous to the Local Option election, as to the expediency of adopting that, or any other prohibitory liquor law. It was maintained even by friends of the temperance cause that no law of prohibition could be made operative, for the simple and trite reason that "men who want whiskey will get it." For the last three months we have had an opportunity to fairly and fully test the efficiency of the Local Option System in our community, and it must be conceded, even by the enemies of the cause, that it works well, and accomplishes all that its sanguine friends could have desired. Among certain classes of our people, liquor has become absolutely inaccessible, while others abstain from its use because it is not conveniently obtainable, and the result is that there is a degree of sobriety unparalleled in the history of our community;—and just in proportion as a people are led to an observance of the laws of temperance and sobriety, so they advance in those industries that lead to prosperity. If in addition to the severities of the present winter, there had been also ills of the liquor traffic, there must have been many helpless people thrown upon the benevolencies of our community. It must therefore, be regarded among all who have the welfare of the community at heart, as one of the wisest outgrowths of a free suffrage that no liquor system was voted into existence last July, and whether the Court of Appeals may declare it to be unconstitutional or otherwise, we cannot hesitate to say that Local Option is one of the best things attainable for the prosperity of our community and county.

Peninsular Methodism.

It has been but a few years since the formation of the Wilmington Conference of the M. E. Church. Prior to its formation this whole Peninsula was connected with the Philadelphia Conference, which then embraced a large part of Pennsylvania, a part of New Jersey and as before stated this entire Peninsula. The circuits were large, requiring four weeks in many of them to make the round and the minister to fill his appointments. The ministers pay then was but meagre—the minister in charge receiving $500 and the junior $100 for their year's services. But the M. E. Church has taken a rapid stride toward advancement since the days of 1885 and is keeping step with the civilization of the age, or rather is in the vanguard of civilization. It is Christianity that civilizes, utilizes and promotes the highest interests of humanity.

Since the formation of the new Conference much earnest and persistent work has been done. New districts, new circuits and stations have been cut out, and the work systematized and placed in the hands of aggressive, energetic and earnest men, faithful to the cause of the Master, and laboring conscientiously, yet fearlessly in their holy calling. With such laborers, inspired with a holy zeal and backed by Omnipotent power, there can be no surprise at the wonderful progress of Methodism on this Peninsula.

The past Conference year which is just about to close has witnessed a prosperity in all our Peninsular borders. Methodism has spread and increased in almost every direction. The city of Wilmington alone furnishes about 400 accessions to the churches of that city, while the stations and circuits of the district will swell the number of new converts in the Wilmington district to 800. The Easton, Dover and Snow Hill districts will furnish an aggregate of 1500 more, which added to the 800 in the Wilmington district will give the total increase of Methodism on the Peninsula at 2300.—This accession to the M. E. Church in the past year is an evidence that Methodism on the Peninsula is in the front rank of the christian churches and is destined to do much good in the future.

Incendriaism.

The Saw Mill belonging to Mr. J. W. Brown at Federalsburg, in this county, was destroyed by fire on Thursday night last.—The burning of this property was evidently the work of an incendiary as there had been no fire in or about the premises for several days. The entire saw mill was destroyed and nothing of any value saved.—Mr. Brown had lost only a few nights previous about 700 lbs. of bacon, his meat house having been broken into and robbed, and several houses in the vicinity were searched to find the stolen property, and this is supposed to have been the groundwork with some malicious person to fire the property. Mr. Brown had just expended $700 on the mill to put her in thorough repair—had just completed the work and was ready to commence operations the next day.

Amputated.

Thos. Frampton, age 65 years, an inmate of the Alms House of this county for a number of years, fell on the ice two years ago, dislocated his left hip and has been a confirmed cripple since. The dislocation not being reduced, impaired the circulation of that leg, and the result of it and old age a Gangrenous condition was brought about in the foot, having suffered several months and gradually growing worse. The attending physicians decided to amputate the leg on Friday last. Dr. W. H. Downes, assisted by Dr. J. W. Hignutt, amputated the leg at the middle third. Patient at this time is said to be doing well.

READY MIXED PAINT.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same

Death of the Postmaster at Denton.

Mr. Jacob Alburger, the Postmaster at this place died at his residence in this town on Sunday night last in the 59th year of his age. For the past two months he had been incapacitated for business and confined to his room. His disease was that of chronic dysentery. Mr. Alburger was a native of Queen Anne's county, but removed to this county when quite a young man, about the year 1834 and has resided in this town ever since. He has held the position of Postmaster at this place for the past twenty years, except some twelve or eighteen months, during the administration of President Johnson. The deceased was a member of the M. E. Church and had been for a number of years past. His remains were interred in the M. E. Church yard in this town on Tuesday last, the funeral obsequies being performed by the Masonic order of which he was an acceptable member.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

DYSPESIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to that diseaes and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth impure blood and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

Marriages.

SLAGHTER—TAYLOR.—On the 11th inst., in Baltimore city by Rev. Mr. Jones, Mr. THOS. H. SLAUGHTER, of this county, and Miss GEORGIA TAYLOR, of Baltimore city

Deaths.

FOWLER.—At Greensborough, on the 20th inst., Mrs. MARY FOWLER, widow of the late Clement Fowler, aged about 85 years.

CANNON.—At Greensborough, on Thursday morning last, Mrs. CANNON, wife of Hugh Cannon, aged about 80 years.

Ayer's

Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.

NEW GOODS.

MANUFACTURERS OF

LIQUID ENAMEL PAINT,

(BRADLEY'S PATENT.)

Made from Pure White Lead, Linseed Oil and Zinc.

Always Ready for Use.

☞Read the following Testimonials.

Testimonials from the Vestry of Mount Calvary Church.

BALTIMORE, August 13th, 1874.

MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,

BERNARD CARTER, S. C. CHEW, M. D.,
JAS. M. ANDERSON, BENJ. C. BARROLL.

From Mr. Isaac Albertson.

BALTIMORE, December 10th, 1872.

MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Wethered.

ASHLYNS, Balt. Co., Md., May 27, 1872.

MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours Respectfully, JOHN WETHERED.

From James Hall, Esq.

MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint, Baltimore:*

Dear Sir—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.

The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.

I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,

JAMES HALL.

The following letter is strong and valuable:

BALTIMORE, Md., Dec. 27, 1871.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint:*

Dear Sir—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,

EMMART & QUARTLEY,
276 W. Baltimore St., House, Sign and Fresco Painters.

MILFORD, September 24, 1872.

MR. C. P. KNIGHT: *Dear Sir*—As I have been usuing Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction. I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels. Yours Truly,

JAMES H. TRUIT,
House and Sign Painter, Milford, Delaware.

From Murray Addison, Esq.

PRINCE GEORGE'S COUNTY, Oct. 24, 1872.

C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,

MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.

MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,

S. McGILL, M. D.
