American Union

Thursday Morning March 4 1875

The Orphans' Court of Caroline county will meet on Tuesday, 9th of March, 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

The Editor's Hash.

—The President has signed the civil rights bill.

—Winter still lingers in the lap of Spring.

—Hot house strawberries are selling in New York market at $12 per quart.

—B. F. Fields & Co. have Messrs. White & Dunning's canned fruit for sale. Try it.

—Another instalment, consisting of thirty-nine parcels of real estate, is advertised in Talbot county for taxes.

—There ought to be a special enactment to brand in the forehead all our salmon recently put in the Choptank river.

—The Denton *Union* got up on its ear recently and was highly discourteous to the Shoreman.—*Crisfield Leader.*

Who made you judge in this matter?

—Muninicpal elections were held in Maine on Monday last and the losses and gains appear to be about equal between the two parties.

—Miss Saddie, only daughter of Hon. N. B. Smithers, died of consumption at her father's residence in Dover, last week.—She was about 19 years of age.

—Snow fell here on Monday morning last to the depth of several inches. A rain followed the same afternoon which caused it to disappear rather suddenly.

—Dr. Swinney, a homeopathic physician at Smyrna, Del., has within a few weeks past, treated successfully sixty-two out of sixty-three cases of scarlet fever.

—Both Houses of Congress adjourned to-day. The United States Senate will immediately convene in extra session for the transaction of executive business only.

—New Castle has gone and done it—or rather the Delaware Legislature has done it—granted a charter to that sleepy old town and now it is to become a city—over the left.

—Tuthill & Avery, at Easton, have clover seed for sale. As many of our farmers are in need of the article these gentlemen will supply them by forwarding their orders.

—The ice crop just harvested on the Hudson is estimated to be fourteen thousand miles in length, allowing it to be placed in a single line 12 inches square, and would reach more than half way round the world.

—Mr. Chas. Stevens has been appointed Postmaster at this place, vice J. Alburger, deceased. Mr. Stevens has given bond with good and sufficient security and will enter upon the discharge of his duty in a few days.

—A subscriber hands us the following: ——— A and B., dug a hundred yards of ditch for $100. A. received ten shillings a rod and B. received six shillings a rod. How many rods did each dig, provided each received $50.

—A young giant died last week in Baltimore, named James Murphy, who was seven feet nine inches in height without his boots and when in good health weighed 350 pounds. He was thirty three years of age and was of Irish parentage.

—The breaking up of the freeze last week produced the worst roads in this county we have had for a number of years past. They were almost impassable for several days but the warm rains soon removed the frost from the earth and settled the ground, since which time they have improved and travelling is much better.

—Great preparations are being made by that portion of our citizens who intend engaging in the fishing business the coming season. New nets are being made, old ones repaired and all other matters connected therewith is being made ready for immediate service. This business is of considerable importance to numbers of our citizens and is a source of revenue to the people of our county.

—The Attorney General of Delaware is a devotee at the shrine of Bachus and not long since during the progress of an important criminal trial was so far overcome by the effects of alcoholic stimulents as to be the subject of remark and severe criticism of the press of that State. The other day the Deputy Attorney General, following the example of his illustrious prototype, got on a "ta e" in Wilmington and made things very lively for a German saloon keeper for a short time. They have strange notions of whiskey, law and justice in Delaware.

—The past winter has been the most severe on the wheat crop that has been experienced in this latitude for years past.—The ground has been bare the entire winter which has left the wheat plant exposed to the severe freezing weather, and during the whole time we have not had a snow fall sufficient to cover the wheat and protect it from the frost. The plants living present a very sickly and unpromising appearance at the present time, but what warm showers and bright sunshine may do for this crop in the near future, depends greatly for a fruitful harvest.

The Baltimore Collectorship.

Charges were preferred against Collector Booth sometime since by Mr. James Rich of Anne Arundle county, charging him with holding the office in violation of law. The matter has been investigated by the Senate Committee on Commerce and they are of opinion that he is ineligible because of his interest in a Steam Ship Company. Mr Booth proposes to sever his connection with the company so as as to hold his position and continue in office.

No wonder the people have confidence, when the best physicians are prescribing Dr. Bull's Cough Syrup in all cases of Cough, Cold, etc.

Peninsular Wai s.

CECIL COUNTY.

The M'Colbough & Co. iron works have resumed operation, employing the usual number of hands.

Part of the Maryland Central railroad bridge was swept away by the freshet on Wednesday. An ice gorge is feared at Port Deposit.

Mrs. Simmons the third victim of the fire at East Nothingham was buried in the Catholic burying ground at Elkton last week.

R. D. Jamar, Register of Wills has been confined to his house at Elkton for ten days past with a sore ankle.

The gas apparatus in the M. E. Church at Port Deposit exploded last week but done no other damage than the burning of the gas house connected with the church.

The Groom Guards at Elkton observed Washington's birth day by marching up hill and down again.

A new public road system is about being inaugurated in Cecil county. Under a new law all public roads in that county are to be advertised and sold out to the lowest bidder. We believe the system to be a good one and our own county would profit by adopting it.

A strong move is being made by the friends of temperance to prevent the issuing of licenses to hotel keepers, and it is thought but few hotels will be tolerated in Cecil by the consent of the people.

A coal oil lamp exploded in the family of David Bentz, on Wednesday last, severely burning Mr. Bentz and consuming a large lot of clothing that was in the room.

KENT COUNTY.

Rev. A. A. Curtis has been lecturing to the people of Chestertown on the subject "why he became a Roman Catholic." His reasons may have been satisfactory to himself if not to his hearers.

The revival meeting which has been in progress at the M. P. Church at Chestertown for the past five weeks, closed last week. Some thirty or forty persons have professed conversion.

Chester river was free from ice last week and the steamer Geo. Law has resumed her trip to Chestertown.

The dwelling house of the late J. Greenwood in Chestertown, was sold last week for $2,022.

QUEEN ANNE'S COUNTY.

Coal is $9.50 per ton at Centreville.

Chicken thieves are plentiful about Centreville.

TALBOT COUNTY.

The negro Wheeler will be hung at Easton on to-morrow week.

Four persons living near St. Michaels aggregate in weight 776 lbs.

A protracted meeting has been in progress in the M. E. Church at St. Michaels, under the direction of Rev Mr. Walton since the 1st of January. Some forty members have been added to the church during the period.

Mr. J. Frank Turner is about erecting a new dwelling on Rail Road Avenue, Easton.

An old colored man said to be over one hundred years old was found dead in Miles River Neck last week. His name was Dick Richardson.

The St. Michaels *Comet* is possessed with *devils.* It has three who manufacture fire and brimstone for delinquent patrons.

WICOMICO COUNTY

Pea planting has commenced at Salisbury.

Several bushels of sun perch were caught at the flood gates near Salisbury last week.

Mr. Malone, editor of the Salisbury Advertiser, has taken Greeley's advice and gone West on a visit.

There was a free blow out in Wicomico on Thursday night. The wind lifted several buildings from their foundations.

A boy named Hudson was seriously injured one day last week by the accidental discharge of a gun in the hands of another boy who fell upon the ice, the fall causing the cap of his gun to explode and the contents entered the thigh of Hudson causing a dangerous wound.

DORCHESTER COUNTY.

Sheep killing dogs are plentiful in Dorchester and play havoc with the sheep.

The stock of hogs are scarce in Dorchester.

Large shipment of oysters are now going forward over the D. & D. R. R.

An appropriation of $75,000 for the building of the Cambridge and Chesapeake railroad, is to be voted upon by the people of Dorchester county next fall.

Resolutions of Respect.

At a regular communication of Temple Lodge, No. 128, A. F. & A. M., held on the 23rd of February, the following preamble and resolutions were adopted.

WHEREAS, It has pleased the Grand Architect of the Universe to call from labor, on earth, to the Celestial Lodge above, our aged brother, Jacob Alburger, therefore

Resolved, That we have heard with deep regret of the death of our beloved brother, Jacob Alburger, who was esteemed and beloved, not only that by his life and conduct he maintained the principles of our Order, but also for his uprightness as a citizen.

Resolved, That the bereaved widow of our deceased brother, and other members of his family, we tender our sincerest condolence in their irreparable loss.

Resolved, That the Lodge room be draped in mourning, and that the members wear the usual badge for the space of thirty days.

Resolved, That these resolutions be recorded among the proceedings, and also be published in the newspapers of the county, and that a copy be sent to the widow of our deceased Brother. By order,

Z. P. STEELE, Secretary.

Engineer for the Md. & Del. Railroad.

To supply the place made vacant by the death of Mr. Samuel Peters as engineer on the Md. & Del. railroad, Mr. Geo. A. Eagles of Wilmington has been appointed to the position and has entered upon his duties. Mr. Eagles is said to be fully competo fill the place.

Correspondence of the Union.

From Trappe.

February 24th, 1875.

News is very dull here. Our village is improving a little though trade is dull and money scarce. The long closing of the Choptank by the ice has made our stores rather short of many goods. Parties in Oxford are forced to send to Easton for coal. In fact our whole district is feeling very much the inconvenience of the closed navigation. Some persons who have corn, wheat and country produce to sell for the home consumption are very well satisfied. As high as $1.40 has been asked for wheat. This is, however, a very dear market—as high if not higher than Easton. Butter generally is regulated by Easton prices.—Turnips were sold last Fall at 80 cents per bushel and sweet potatoes at $1.50 to $2.00, when in your county many would have been glad to have received one half as much. Our merchants do not trade in country produce to the extent they do in your county, hence fruit, berries, &c, are often scarce and high.

Our district has been highly favored during the past Fall and early part of Winter with revivals. A bush meeting at Boling Brook was attended with considerable interest. This was followed by an unusual interest in religious matters in this village. The meeting though held in the M. P. Church was a union meeting. The pastors and members of the other Methodist churches heartily co-operated, and the character of the meeting became so decidedly union that regular services were almost entirely suspended for two months. On Sabbath evenings the services were held alternately at the M. E. Church and M. E. Church South. There are three Methodist churches in this little village, but so strong has been the current of christian sympathy and love during the revival that many in the different branches have asked seriously the question—Why are we thus separated in church organization when we could work so much more efficiently together for the cause of Christ?

To outsiders there seems no excuse for these different bodies stultifying themselves and crippling each other by continued separation when the points at issue years ago are nearly all settled or out-grown, or at least the remaining differences are quite small.

In this district the three Methodisms have about all they can do to live. The vitality of each is greatly weakened by efforts to keep above water, while as a united body in this district their strength and efficiency would be increased a hundred fold. In the late revival they were one; in the cause of temperance they are one; in doctrine and spiritual aim they are one; but in others matters three.

The Local Option law works finely in this district. By-the-way have you heard of the suicide of "Harman?" Well, I haven't either, but the lampooning they gave him for expressing so freely the honest convictions of many good citizens was severe.

But I presume he will recover for he was overheard singing lately—

"Tell me ye giant minds that make or break our laws;
Will there not come a time triumphant for one cause?
A glorious time where man shall join with man,
And rear their household altars on the temperance plan?
All, all respond in one uniting voice,
That time *will* come—Americans rejoice."

Becoming Very Liberal.

The Legislature of Delaware, which in times past have been noted for stinginess, have all at once become very liberal minded in using the public funds. A few days ago they voted to each of their United States Senators $2,500 for their services as attorneys. The marvel is that the Legislature should give them $1,000 each more than they claimed for their services. They are a strange set of partizan zealots in Delaware—they will or they won't.

LIBERALITY OF PHYSICIANS.—It has always been said that physicians would disparage any remedy, however valuable, which they did not originate themselves.—This has been disproved by their liberal course towards Dr. J. C. Ayer's preparations. They have adopted them into general use in their practice, which shows a willingness to countenance articles that have intrinsic merits which deserve their attention. This does the learned profession great credit, and effectually contradicts the prevalent erroneous notion that their opposition to proprietary remedies is based in their interest to discard them. We have always had confidence in the honorable motives of our medical men, and are glad to find it sustained by the liberal welcome they accord to such remedies as Ayer & Co.'s inimitable remedies, even though they are not ordered in the books, but are made known to the people through the newspapers.—*New Orleans Delta.*

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesdays. Office in the building recently occupied as the Episcopal Church. Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at either of the above places by engagement.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

WANTED.—I will give fifty cents per hundred pounds for old bones.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same

DYSPESIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to hat diseaes and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth impure blood and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

Deaths.

Testimonials from the Vestry of Mount Calvary Church.
BALTIMORE, August 13th, 1874.
MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,
BERNARD CARTER, S. C. CHEW, M. D.,
JAS. M. ANDERSON, BENJ. C. BARROLL.

From Mr. Isaac Albertson.
BALTIMORE, December 10th, 1872.
MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,
ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Wethered.
ASHLYS, Balt. Co., Md., May 27, 1872.
MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours Respectfully, JOHN WETHERED.

From James Hall, Esq.
MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.
C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint, Baltimore:*
Dear Sir—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.
The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.
I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,
JAMES HALL.

The following letter is strong and valuable:
BALTIMORE, Md., Dec. 27, 1871.
C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint:*
Dear Sir—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,
EMMART & QUARTLEY,
276 W. Baltimore St., House, Sign and Fresco Painters.

MILFORD, September 24, 1872.
MR. C. P. KNIGHT: *Dear Sir*—As I have been using Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction. I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels. Yours Truly,
JAMES H. TRUIT,
House and Sign Painter, Milford, Delaware.

From Murray Addison, Esq.
PRINCE GEORGE'S COUNTY, Oct. 24, 1872.
C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,
MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.
MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,
S. McGILL, M. D.

HALL'S VEGETABLE SICILIAN HAIR RENEWER
Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye.
FOR THE WHISKERS.
As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation;* which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.
