# American Union

Thursday Morning March 11 1875

The Orphans' Court of Caroline county will meet on Tuesday, 23d of March, 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

### The Editor's Hash.

—New Hampshire voted for Governor and State officers on Tuesday last.

—Dr. J. P. H. Shipley died at Seaford, last week, aged 54 years and four months.

—Geo. Wheeler, for the murder of Mrs. Whitman, will be hung at Easton to-morrow.

—Cheezum & Co., at Easton have new Spring goods. See advertisement in another column.

—The Wilmington Annual Conference of the M. E. Church meets at Smyrna, Del., on Wednesday next.

—There is perhaps now the largest stock of coffee in the United States ever known and still war prices in this article is maintained.

—Sunday last was the stormiest of the season. It snowed and rained the entire day and a cold north wind added to render it more uncomfortable still.

—T. S. Hodson, of the Crisfield *Leader*, has been appointed Collector of Customs for the port of Crisfield. His nomination has been confirmed by the Senate.

—Elisha W. Chaffinch who was shot last week in Baltimore city by Geo. W. Hack, is getting better and his physician believes he will recover. The shooting was accidental.

—Mr. John Anthony, shipped one day last week from Clayton, Del., one hundred and one bushels of clover seed, said to be the largest amount ever shipped by one farmer from Kent county.

—A wood chopper in Fork District, Dorchester county, cut, split and corded five and a half cords of wood in one day recently. So says the Cambridge *Democrat* and it ought to know.

—Half a dozen Shad and 4,000 herring from the Rappahannock, together with rock-fish, perch and catfish, the first of the season from that locality, were offered in the Baltimore market on Saturday.

—An excellent variety of Early Rose Potatoes, grown from the early crop of last season, sound and healthy, may be obtained for early planting the present season of Mr. E. W. Williamson, near Potter's Landing.

—The peach crop in this county, is said by those who have examined the buds, to have thus far escaped injury from the cold and freezing weather of the past winter. The prospect is we are to have an abundent crop of this delicious fruit.

—One of the largest manufacturing boot and shoe houses in the country is carried on in Baltimore city by Wm. F. Dixon & Bro., sons of Jas. Dixon of Talbot county. They are thorough going business men; employ 450 hands and manufacture 10,000 pairs of boots and shoes per month.

—There seems to be a singular fatality amongst Congressmen. In addition to the list who have passed away since the meeting of that body in December last, the name of Hon. James Buffinton, of Massachusetts, must now be added. He died at Fall River on Sunday last. He is the eleventh member of the 43d Congress who has gone to his reward.

—March thus far has been on a spree and has given us a brush of all kinds of winter weather. The frogs have been trying to furnish us with music but their croakings stick in their throats, the result of bad colds, we suspect, or warned by instinct, that they may yet have glass houses formed over them, they prefer to keep mum in their silent retreats. The blue bird is very reticent and looks very demure and serious and doesn't warble worth a cent.

—The leading and most exciting topic of discussion with the people of Wilmington and New Castle county, is the division of that county and the formation of two counties out of one so as to form equal representation in the State Legislature.—The division of the county is the most expensive mode and if the people desire to increase their taxes they could not adopt a more sure means to accomplish such a result. New Castle county is entitled to equal representation with the other counties of the State and did her territory form a part of any other State in the Union, this right would be given her without question or doubt.

### Chesapeake and Del. Railroad.

The Wilmington (Del.) Commercial says: "It is the present expectation of those who are foremost in the Baltimore, Chesapeake and Delaware bay railroad enterprise, from Harrington to a point on Kent Island, that work will be resumed about the 1st of May. This we have on good authority. Within the past few days the subject has received much attention in Baltimore, and within the next fortnight a regular meeting will be held, which promises to give a new vitality to the project.—The war between the Baltimore and Ohio and Pennsylvania railroads has greatly promoted the interests of the new road across the peninsula, and brightened its prospects very materially."

### Maryland State Grange.

The Maryland State Grange which has been in session at Baltimore, adjourned on Friday last. Mr. A. D. Woodruff, of Somerset County, was elected overseer, vice J. W. Barr, of Chestertown, by the separation of the Delaware Granges, disconnects himself from the Maryland organization.

A merchant down town sells more of Dr. Bull's Cough Syrup than all other medicine together. It surely must be the best remedy for a cough.

### Peninsular Wai's.

CECIL COUNTY.

The liquor license question is now agitating the minds of the most thoughtful of the citizens of Cecil county. The Grand Jury law is looked to for relief and the *Whig* is of the opinion that the Grand Jury of that county will follow the example of Harford and refuse license to all who may apply for them. This will be a wise conclusion.

A tract of land containing fifty acres, near Andora, Cecil county, belonging to the estate of Enoch M. Ferguson, deceased, was sold on Tuesday to Mr. John McCleary for $2,700.

The McCullough Iron Company, Cecil county, have received large orders for sheet iron, and have started both their mills at Rowlandsville, one of which had been idle during the winter.

Pneumonia is very prevalent at Elkton.

The first sale of public roads under the new law takes place at Elkton to-day.

KENT COUNTY.

The farm of B. R. Meginnis, near Massey's, Kent county, has been sold to Mr. John Price for $11,500, and that of Mrs. Hessey, in Sassafras Neck, to Hiram Deal for $6,000.

Mr. Sewell Hepbron has been appointed by the Circuit Court of Kent county a member of the board of county school commissioners, vice W. F. Massey, resigned.

A religious revival is in progress at the M. E. Church, Chestertown, which promises success.

Chestertown is well supplied with fresh fish.

QUEEN ANNE'S COUNTY.

The colored people's church, in Piney Neck, Queen Anne's county, was destroyed by fire on Wednesday night last. The church has been used as a school-house since its erection. The teacher lost all his books, as also did a number of the scholars.

We learn that Mr. John Dillen entered a room at Church Hill last week where Mr. C. F. Hollingsworth was and approached the latter with drawn pistol declaring his intention to kill him. Mr. H., being a good man, threw Dillen down and took the pistol from him. Dillen had not been arrested at last accounts.

On Friday night the meat house of Mr. Robert Wilson, at "Warrington," near Queenstown, was broken open and some sixty pieces of meat stolen. The thieves then took Mr. Wilson's horse and dearborn to haul their plunder away. A part of the stolen property was found upon the premises of Ben Wilmer and Bill Brookes, two colored gentlemen of African descent.

Clement McConner, Jr., has been appointed Constable for Queenstown district.

TALBOT COUNTY.

The peach crop of Talbot county is likely to be a good one, as the trees are said to be in fine condition, the buds healthy and sound.

The "Maynadier farm," in Trappe district, Talbot county, containing 197½ acres, has been sold to the heirs of Charles Stewart, to whom it formerly belonged, for $5,000.

Samuel C. Tripp is a new fledged M. D. from the University of Maryland.

Mrs. Groome, widow of the late Peregrime Groome, of Easton, died in that town very suddenly on Friday last.

The steamer *Champion* makes her regular trips to Easton Point and Miles River Ferry.

The oystermen of St. Michaels are anticipating a lively Spring trade.

Capt. Wm. Crier, one of the oldest men in Trappe district, and his wife, died of pneumonia last week.

The wheat crop is most promising in Caroline, says the Denton *Union*.—*St. Michael's Comet.*

No we didn't. We said it was most unpromising.

Congress at its late session made an additional appropriation of $5,000 for the opening of Kent Island Narrows—making the total appropriation to this improvement $20,000.

We expected it would come to this.—Mr. Joseph B. Seth has caused a writ of mandamus to be issued from the Circuit Court of Anne Arundle county against Comptroller Woolford to compel that officer to pay over the State appropriation to the Talbot county Agricultural society or to restrain him from paying it to others.—Its a very contrary wind that does not blow something into the hands of the lawyers.

DORCHESTER COUNTY.

The farm formerly owned by Mr. John H. Bramble, at East New Market, Dorchester county, was sold last week to Maurice W. Cummins, of Penn Yan, New York, for $9,000. It contains over two hundred acres, and is valuable on account of its two thousand peach trees growing on it.

Mrs. Henrietta E. White died suddenly on Saturday last, at Cambridge, Dorchester county, of heart disease, in the 75th year of her age. Deceased was a daughter of Hon. Wm. Bond Martin, for many years chief judge of Dorchester Circuit Court, and leaves a numerous family of relatives in Dorchester and Talbot counties and Baltimore city.

Benjamin Jenifer, colored, for many years a local preacher at Cambridge, Dorchester county, died on Sunday last in the 84th year of his age. He was one of the most prominent of his race in that county. He leaves a numerous family of children, grand-children, and great-grand children.

SOMERSET COUNTY.

The Worcester and Somerset railroad is to be sold at sheriff's sale at Princess Anne, on the 23d instant. The road extends from its intersection with the Eastern Shore railroad at King's Creek to Pocomoke river, opposite Newtown, a distance of nine miles.

An appropriation of $36,000 to the harbor of Crisfield by Congress at its late session is a big thing for that one horse town. Would not be surprised if it aspired to put on city airs soon.

The *Leader* man has been taking a census of Crisfield recently. He makes the number of the population as follows:—25 packers, 47 shippers of barrelled oysters, 1,000 shuckers and 2,000 boatmen who live on the water and ain't there.

WICOMICO COUNTY

Wicomico has had three new M. D.'s added to her professional roll within the last week.

The first fresh herring of the present season was captured last week in the Wicomico.

In view of the deepening of the channel of the river Salisbury is beginning to agitate the question of steamboat navigation to that town.

### Md. & Del. Railroad.

A meeting of the holders of the first mortgage bonds of the Maryland and Delaware Railroad Company was held in Boston on Thursday last. The amount of these bonds is $850,000, most of which is held in Boston. As they have paid no interest for four years the meeting was held to take steps looking to foreclosure, but the main obstacles in the way of this appears to be the fact that the property lies in two States and it would be necessary to bring suits in two Circuit Courts. Second mortgage bonds have been issued to the amount of $150,000, and it was thought probable that some arrangements could be made with the holders of second mortgage bonds and the original stockholders, to avoid the expense of a suit. A committee was appointed to make an investigation, and to recommend the best plan for action. The meeting then adjourned subject to call.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

DYSPESIA.

Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

*Testimonials from the Vestry of Mount Calvary Church.*

BALTIMORE, August 13th, 1874.

MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,

BERNARD CARTER, S. C. CHEW, M. D.,
JAS. M. ANDERSON, BENJ. C. BARROLL.

*From Mr. Isaac Albertson.*

BALTIMORE, December 10th, 1872.

MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

*From Hon. John Wethered.*

ASHLYNS, Balt. Co., Md., May 27, 1872.

MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours Respectfully, JOHN WETHERED.

*From James Hall, Esq.*

MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.

C. P. KNIGHT, ESQ., *Agent for Bradley's Patent Enamel Paint, Baltimore:*

*Dear Sir*—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.

The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.

I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,

JAMES HALL.

The following letter is strong and valuable:

BALTIMORE, Md., Dec. 27, 1871.

C. P. KNIGHT, ESQ., *Agent for Bradley's Patent Enamel Paint:*

*Dear Sir*—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,

EMMART & QUARTLEY,
276 W. Baltimore St., House, Sign and Fresco Painters.

MILFORD, September 24, 1872.

MR. C. P. KNIGHT: *Dear Sir*—As I have been using Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction. I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels. Yours Truly,

JAMES H. TRUIT,
House and Sign Painter, Milford, Delaware.

*From Murray Addison, Esq.*

PRINCE GEORGE'S COUNTY, Oct. 24, 1872.

C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,

MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.

MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,

S. McGILL, M. D.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous **diseases, Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
