American Union

Thursday Morning March 18 1875

The Orphans' Court of Caroline county will meet on Tuesday, 23d of March, 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

The Editor's Hash.

—The Lenten season ends on Sunday next.

—Easter Sunday comes on the 28th of March this year.

—Gold advanced in New York on Monday to 116 at which figures it closed firm.

—Horse Bills, printed in the very best style, at this office. Call and see specimens.

—A Fresh Lot of Landreth's Garden Seed, just received and for sale by H. Blackiston & Son.

—The first shad of the season was caught below Dover Bridge on Saturday morning last and was sent to Easton market.

—Some of our farmers have commenced seeding the oat crop and should the weather continue favorable they will soon begin to turn the ground for the corn crop.

Mr. Chas. Stevens, the newly appointed postmaster at this place received his commission last week and entered upon the discharge of his duty on Friday last.

—The much married Brigham Young, the Mormon prophet, was sent to the penitentiary last week at Salt Lake city for contempt of court. He has been released since.

—We invite the attention of our readers to a careful perusal of our European correspondence. We are promised further letters which will appear in due course of time.

—The Louisiana Congressional investigating Committee closed its labors at New York on Monday and certified the result to Gov. Kellogg. The result is not yet made public.

—Mr. Leonard G. Quinlan, a few years ago a member of the Maryland Legislature from Baltimore city, died at his residence in Baltimore county on Saturday last, aged 74 years.

—Traveling, which has been somewhat interrupted in our county for some time past on account of the general thaw, is now improving, the public roads becoming settled and firm.

—The first herring of the present season was captured in the Choptank on Wednesday last. They sold last week in this market at 5 cents a piece, but may now be purchased at 25 cents per dozen.

—Two executions took place in Maryland on Friday last, Geo. Wheeler at Easton, and Joshua Griffin, at Belair, colored men. They were guilty of murder and suffered the extreme penalty of the law.

—During a thunder storm on Saturday morning last, near Goldsborough station on the Md. & Del. railroad, the lightning demolished four telegraph poles and destroyed 60 or 70 yards of telegraph wire.

—B. F. Fields & Co., having reduced the price of the celebrated Maryland Boots (the best in the country) from $6.00 to $4.75, would call the especial attention of fishermen to this fact. Now is the time to buy.

—A colored boy named John Wilmer, living near Wye Mills, shot another colored boy, named Ben. Nichols, in the neck, inflicting a painful but not a dangerous wound. The shooting was accidental and the result of carelessness.

—The Maryland Temperance Alliance held a congratulatory meeting at the Second Lutheran Church, Baltimore, on Sunday afternoon last, to rejoice over the recent decision of the Court of Appeals affirming the judgement of our Court in sustaining the Local Option law.

—It is said that the Register of Wills of Talbot county thinks seriously of resigning his office. Reason—the people refuse to die and the fees of the office have not amounted to $100 in the last two months. Letters of administration have been issued to but two parties during the present year.

—Another side wheel steamer for the Eastern Shore Steamboat Company was launched from the shipyard of Harlan and Hollingsworth at Wilmington, Del., on Thursday last. Her length is 163 feet, and breith 47 feet, depth of hold 10 feet, and 550 tons burthen. She is to run between Baltimore and Crisfield.

—Just before the adjournment of Congress an amendment was added to the postal law by which the postal rates on newspapers and other third class matter was increased from one cent to two cents per ounce or fractional part of an ounce. That portion having reference to newspaper publishers remain unchanged.

—Our fishermen are very busy since the genial sunshine and the bland south winds have succeeded the hoar frosts of winter, in repairing their fishing tackle, hanging new seines and procuring a general outfit for the successful prosecution of their business. Old fishermen progrosticate an abundance of small bone bacon the present season.

—Miss D., the authoress of the beautiful and touching obituary lines found in our columns this week, is informed that her favors will be thankfully received. She certainly possesses decided literary talents, judging from this her first effort, and she should cultivate and improve them in the morning of her existence. All articles from her pen, either prose or poetry, will be gladly welcomed to our columns.

—An effort is being made to raise funds sufficient to build a new M. E. Church at Preston, in this county. The old edifice is in a dilapidated condition and a new church is greatly needed. A building committee has been appointed, consisting of Col. Jas. E. Douglass, J. B. Fletcher, Dr. H. F. Willis, W. W. Williamson and E. T. Moore, to make arrangements for the construction of the new house of worship.

Peninsular Waifs.

CECIL COUNTY.

Mr. C. C. Brokaw, one of the Grand Jurors for Cecil county, is very ill and his life is dispaired of.

The 25th of March is moving day in Cecil.

A Miss Underwood has a patch-work quilt which contains 12,000 pieces. She is a lady of leisure.

Some adroit thief entered the meat shop of Terrell & Porter with the aid of false keys, one night last week, and abstracted therefrom about 200 pounds of fresh beef, two or three hams and shoulders and a pair of chickens.

Milch cows sell in Cecil from $43 to $57 and horses range in price from $63 to $176. We are not informed whether these are cash or credit prices, but we incline to the opinion that at these prices a slow note is given.

Last week the public roads for the Third District of Cecil county were sold at public auction to the lowest bidder and were taken at $2,320. Last year for keeping the same roads in repair cost $2,393.16.

KENT COUNTY.

The revival meetings at the M. E. Church, Chestertown, commenced a week ago, have resulted in about 20 conversions so far.

English sparrows have made their appearance at Chestertown. They are said to be very destructive to fruit and are not great insect destroyers.

QUEEN ANNE'S COUNTY.

The dam of the Centreville mill gave way recently, during the heavy rains. The damage was but slight.

A part of the goods recently stolen from Wm. H. Smith at Centreville were found in a mill pond near that town. A negro man named Dennis has been lodged in jail charged with the robbery.

A Mr. Kraft, on Kent Island, last week was robbed of one hogshead and two barrels of meat and a quantity of lard. No clue has been obtained to the robbers.

TALBOT COUNTY.

Rev. L. E. Barrett, the foreman in the *Star* office at Easton is the recipient of a new overcoat presented to him by the ladies of Easton. This good luck arises from the fact that he is about to become a member of the Wilmington Annual Conference.

Fresh herring have made their appearance in the Easton market.

Sheep killing dogs infest the neighborhood of Royal Oak. Mr. Joseph Harrison had four of the best lambs of his flock killed one night last week.

About the first instant a man named Tobe Harris, was detected stealing corn from Jas. B. Vinson in Trappe District.—He was caught in the act but was afterward suffered to escape and is now at large to practice his thieving propensities in some other community.

Mr. Wm. B. Adams has purchased the drug and mercantile store at Royal Oak of P. T. Pasterfield, and will sell the same class of goods hereafter.

The editor of the *Comet* must be a special favorite of the ladies, judging from the profuseness with which they supply him with delicious fruit cake. We know what's the matter. He's a minister and *yaller legged* chickens are scarce just now and cake, being the next best thing, is presented as a substitute.

DORCHESTER COUNTY.

The oyster business is very brisk at Cambridge.

There is shortly to be three steam saw mills in Cambridge.

The streets of Cambridge are now lighted with coal oil.

Mr. Henry Wright of New York has purchased a farm near East New Market of Dr. J. T. Jacobs for $1,600, and proposes to make it his future residence.

Daniel Jolly, a sheep thief, was recaptured in Baltimore last week and is now looking through the bars of Cambridge jail.

The Civil Rights bill will have no effect whatever in Dorchester county.—*Cambridge News.*

Hope it may have the same effect everywhere.

Cambridge jail now has 13 inmates; one on the charge of murder, two for mutiny, 6 for theft and 3 insane.

Lakes and Straits districts have been sadly afflicted with pneumonia and a number of valuable lives have been lost. The disease has abated.

False Report.

Just before we went to press last night, we learned that a man by the name of Pritchard, residing in Denton, Caroline county, beat his wife's brains out on Wednesday night, with a frying pan, and is now confined in Denton jail.—*Easton Gazette.*

We like to see an enterprising newspaper editor, but it is not always best to accept every rumor as fact and give it publicity without any knowledge as to its truth or falsity. So far as this community is concerned it is of but little importance to notice the above startling piece of intelligence, as it is known here to every school boy that no such occurrence ever took place, but that the morals of this community may not be misrepresented abroad, we will state that there is not a sentence or line of the above statement correct in any particular, and that no such occurrence has ever, to our knowledge, occurred in this town or county. The *Gazette* has certainly been imposed upon, and if All-Fool's day were a little nearer at hand, we would be inclined to appreciate it as a good joke at the editor's expense.

New Hampshire voted on the 9th inst. for Governor, Congressmen and State Legislature. The result may be summed up thus: The Republican candidate for Governor has a plurality over his Democratic competitor of about 600 votes, but the Prohibition candidate gets about 700 votes, thus throwing the election into the Legislature, and thereby securing the election of the Republican candidate, the Legislature being Republican. The Democrats elect two Congressmen, and the Republicans one—a Democratic gain of one. The Democrats have lost the control of the State Government, which is a substantial victory to the Republicans.

Local Option Declared Constitutional.

The Judges of the Court of Appeals of this State on Thursday last declared the Local Option law, passed at the last session of the Legislature and which was sanctioned by a vote of the people of this county on the 14th of July last, to be constitutional and a valid exercise of the right of the Legislature in the passage of the act and a prerogative belonging to the people to accept or reject the question of license or no license in their municipal regulations.—This case was decided by the Judges of the Circuit Court for this county at the October term last year and was made a test case and carries conviction to a half dozen other parties who were indicted for selling spirituous liquors in violation of the provisions of this act. A fine of $50 was imposed in each case by the Court, but being carried to the Court of Appeals all action has been suspended, awaiting the decision of the higher court. That decision is now given confirming the judgement of the Circuit Court and establishing the validity of the law. The plaintiff had eminent counsel in the person of Judge Tuck and his son, Phil. P. Tuck, while the State's interest was ably defended by Attorney General Syester and Wm. Daniels, of the Baltimore Bar.

We hope that all parties in our county will accept this as a finality of the liquor question. The public sentiment of our people is opposed to its traffic; the law is opposed to its license and sale; the Courts have we think, very wisely decided in favor of the constitutionality of the law and it is wisdom on the part of our people to accept the changed relations of affairs; changed so much for the better, and not any longer oppose its workings by a factious opposition to its strict enforcement. That the law may be carried out in good faith our County Commissioners have a very important duty to perform in the appointment of constables and some other officers who if opposed to the law may do much to prevent its strict enforcement. In the election also of county officers the people are deeply interested in the selection of trusty agents who do not by a mere negative support of the law destroy its vitality and render nugatory its provisions.

Opening of Kent Island Narrows.

The appropriation by Congress of $20,000 to open Kent Narrows from Chester River to Eastern Bay is about to receive some attention from those to whom is entrusted the work of opening communication with those waters. It is proposed to dig a channel one hundred feet wide and seven feet deep at mean low water. Years ago tide water flowed through these narrows and boats drawing only a few feet of water passed through what is now fast land. A causeway was erected some years ago, since which time all communication by water has been cut off. This causeway is about twenty feet wide at the top and four feet above high water. The distance to be opened up is about one mile in length and the excavation to obtain seven feet depth of water is on an average, about nine feet of solid earth. Last week bids were received for the proposed work, Messrs. Curtis, Forbes & Co., Baltimore putting in their bid at 19½ cents per cubic yard; W. H. Beard, Brooklyn, N. Y., 16½ cents; A. A. Dodge, Baltimore, 23 cents; American Dredging Company, 19½ cents; L. H. Ferris, New York, 17½ cents. Proposals also for a swinging bridge across the stream, when the excavation shall have been completed, have been invited.

Arrested for Embezzlement.

Jas. T. Raughley, formerly a citizen of this county, but more recently a citizen of Philadelphia, was arrested on Monday evening last by an officer of the law from that city upon a requisition of Gov. Hartranft of Pennsylvania upon Gov. Groome of Maryland, charged with obtaining money fraudulently from parties in Philadelphia. There is other charges against him, we learn, but these were not charged in his arrest. The officer with the prisoner in charge left this place for Philadelphia on Tuesday morning.

Federalsburg Items.

The bids for the new Dorchester School House was opened on the 16th and Messrs. Manners, Fisher & Co., of Seaford, Del., were the lowest bidders; their figures being $1,030. The House is to be 26 by 36 feet, with belfry and other modern improvements.

The Preachers on this Circuit left Tuesday morning for Conference, having received their salary in full, which is pretty good for the "Wilderness."

Herring have made their appearance in the Nanticoke.

Acquittal of a United States Collector.

C. H. B. Day, formerly U. S. Collector of Internal Revenue for Delaware, was on trial last week at New Castle, in the U. S. Court, charged with embezzling $12,000 of the Government funds. The verdict was for the defendent, and was a surprise to the Court and Bar. U. S. District Attorney gave notice of a motion for a new trial.

Stop that coughing; if you do not it may kill you. A bottle of Dr. Bull's Cough Syrup only costs you 25 cents, and its timely use may save your life.

READY MIXED PAINT.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 300,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it Regular size 75 cents.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesdays. Office in the building recently occupied as the Episcopal Church. Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at either of the above places by engagement.

DYSPESIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to hat diseases and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth impure blood and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

Deaths.

MORGAN.—On the 13th inst., at Hillsborough, Mr. Jas. MORGAN, after a lingering illness, aged 24 years.

STAFFORD.—Near Preston on the 23rd ult., of Pneumonia, MRS. ANN STAFFORD, beloved wife of John O. Stafford in the 40th year of her age.

PRICE.—Near Henderson, on the 11th inst., of scarlet fever, MOLLIE, eldest daughter of Eliza Jane and Wm. M. Price, aged 7 years 9 months and 6 days.

Fold her loving hands together,
Close her dark and beaming eyes;
See, how like a broken lilly,
Pale and beautiful she lies.

Lonely the house; and sad the hour,
Since our dear one has gone;
But oh! a brighter home than ours,
In Heaven is now her own.

NEAL.—On the 24th of December, 1874, at the residence of his Uncle, Alfred Davis, near Federalsburg, Md., JONATHAN NEAL, youngest son of Arthur and Sarah A Neal, of Sussex county, Delaware, aged 21 years, 6 months and 7 days.

"Death sealed the lips which should have left a token,
And he died with his farewell words unspoken."

But the "peace of Christ" had been stamped on heart and mind, e're the dark-winged angel hovered o'er and chilled the form wasted by Consumption, and those who ministered to the necessities of the departed one, felt that for him to die, was gain.

From the loved ones of earth thou hast faded away, [of day,
Like the pale stars of night, at the breaking
Or the bright flowers of Autumn, whose fragrant perfume, [bloom.
Is nipt by the frost-king, while yet in their

They have laid the cold form, in the Churchyard to rest, [breast;
With the turf of the valley, high over thy
We wept, when we saw it, consigned 'neath the sod, [God.
Yet smiled, for we knew, 'twas the will of

The song birds of summer, may warble their lay, [array,
And flowers deck the hillsides, in brilliant
Yet nought unto thee, is earthly beauty or bloom; [tomb.
Since alas! thou art sleeping, the sleep of the

In the home thou hast left, thy long frequented place, [face,
We list for thy footfall, and watch for thy
Though we know thou art gone, with thy kindred to rest, [blest.
In the far-away home, of the pure and the

Farewell! there's an hour, when the Saviour will come,
To make up His jewels, and gather them home,
Though Friendship's bright chain, by death now is riven,
Assurance is ours, of reunion in Heaven.

REAL ESTATE OWNERS WHO WISH to sell this season will do well to communicate with the subscriber at his office in Denton on Tuesday's and Saturday's. In consequence of arrangements with influential parties at the North an extensive immigration is anticipated the coming season to our county and all who place their property at an early date in my hands, as attorney for sale, will have every opportunity afforded to realize upon it.

I desire descriptions as soon as practicable, that are not exaggerated, with reasonable terms and fair prices. Upon this basis I propose to operate. I desire my efforts to be mutually beneficial to both seller and buyer. Upon my part I offer the pledge that a most extensive communication will be opened with Northern and Western men and if any of my clients have property they desire to sell they shall be put in the way of purchasers. By a thorough correspondence and intimate association with parties responsible at the North, I am prepared to carry to the very doors of large and desirable sections all information respecting properties in my hands for sale as attorney.

I shall issue a special catalogue of all such properties the last of the present month, distributing among my correspondents at the North. All who wish to sell and have not made other arrangements will do well to communicate with me at once.

If you have the right kind of property and the right kind of prices I can render you service WM. S. RIDGELEY, ATTY.,

Feb4-tf. Denton, Md.

Made from Pure White Lead, Linseed Oil and Zinc.

Always Ready for Use.

☞Read the following Testimonials.

Testimonials from the Vestry of Mount Calvary Church.

BALTIMORE, August 13th, 1874.

MR. C. P. KNIGHT: *Dear Sir*—We take pleasure in testifying to the excellent qualities of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,

BERNARD CARTER, S. C. CHEW, M. D.,
JAS. M. ANDERSON, BENJ. C. BARROLL.

From Mr. Isaac Albertson.

BALTIMORE, December 10th, 1872.

MR. C. P. KNIGHT: *Dear Sir*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Wethered.

ASHLYNS, Balt. Co., Md., May 27, 1872.

MR. C. P. KNIGHT: At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours Respectfully, JOHN WETHERED.

From James Hall, Esq.

MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint, Baltimore:*

Dear Sir—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw.

The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used.

I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced Yours very respectfully,

JAMES HALL.

The following letter is strong and valuable:

BALTIMORE, Md., Dec. 27, 1871.

C. P. KNIGHT, Esq., *Agent for Bradley's Patent Enamel Paint:*

Dear Sir—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,

EMMART & QUARTLEY,
276 W. Baltimore St., House, Sign and Fresco Painters.

MILFORD, September 24, 1872.

MR. C. P. KNIGHT: *Dear Sir*—As I have been using Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction. I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels. Yours Truly,

JAMES H. TRUIT,
House and Sign Painter, Milford, Delaware.

From Murray Addison, Esq:

PRINCE GEORGE'S COUNTY, Oct. 24, 1872.

C. P. KNIGHT, Esq., Baltimore: *Dear Sir*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen. Very Respectfully,

MURRAY ADDISON.

THE PLAINS, Fauquier Co., Va., Feb. 6 1873.

MR. C. P. KNIGHT: *Sir*—the paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter. Very respectfully and truly,

S. McGILL, M. D.

At Knott's Mill.

P. S.—All persons indebted to the firm of Sewell & Knotts will please come forward and settle. The books are in my hands for settlement. N. P. SEWELL.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. **By curing Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become Incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against **ordinary colds**, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
