—Presideat Grant will be 53 years old on Tuesday next.

—The ground was frozen so hard on Monday morning last that farmers could not plough the land.

—Prof. Jas. H. Groves, of Smyrna, has been appointed State Superintendant of public schools for Delaware.

—Twelve hundred dozen eggs were shipped from Milford in one day last week and 7,000 dozen in the preceeding three weeks.

—Scarlet fever is still very bad among the children in Baltimore. Seventeen died from the disease last week, and eighteen the week before.

—"A Welcome to Spring" and "A Wish for my Friend," by SALLIE CARLTON, will appear next week. Other favors will be thankfully accepted.

—A postal card picked up in the street at Norwich, Conn., the other day, bore this solemn appeal: "Deer mary for luv of God send me a pare of pants."

—In consequence of the coldness and lateness of the season many of our farmers are behind with their work, and cornplanting will be later than usual.

—Delaware's spring whippings commenced at Georgetown on Saturday last. Four men, for petty larceny, each received twenty lashes on the bare back.

—A. B. Rothchild &co's. menagerie and circus are making a tour through this peninsula. It has been several years since a menagerie or circus visited this town.

—The new P. E. Church edifice, at Greensborough, will be consecrated on Friday the 30th inst.; service at 10½ o'clock A. M. Friends and the public are cordially invited to attend.

—Mr. Hall, who conducts a large canning establishment at Frederica, has engaged from the farmers in that vicinity the product of one hundred and fifty acres of tomatoes at a half cent a pound.

—Here is the 22d of April and winter still lingers with us. We might have expected this, when some years ago, the boundary line of the United States was removed to the northern limits of Alaska.

—A hotel keeper at Bay View, Cecil county, being refused a license to sell liquor at the recent term of Cecil county Court, become so enraged that he run a worm fence around his hotel and stables to shut out travellers.

—The Standing Committee of the Easton Diocese has voted against confirming both Bishops-elect—DeKoven and Jaggar. this action amounts to nothing practically, as the former was previously defeated and the latter successful.

—The draw and west end of Denton Bridge is up for repairs and travellers from the west bank of the Choptank, desiring to visit this place, have to be ferried across the river. It will require about two weeks time to complete the repairs.

—Rev. B. F. Price will deliver a lecture at the Presbyterian Church, in Greensborough, on Tuesday evening April 27th. Subject—"When I was a Boy." Proceeds to go to the M. E. Sunday School. Admission 25 cents. Children 15 cents.

—But little has been done by our citizen at gardening. Those who have planted early seed will, in many instances, have the fun of planting again, as the cold weather of the past week and the frosts have destroyed all that have dared to peep out of the earth.

—The weather on Friday night last was unusually cold for this latitude. Ice formed and early vegetation was nipped by the frost. Since that time we have had a brush of winter, with cold northwest winds and occasional snow squalls filling the air with thickly falling snow flakes.

—About two years ago Mr. W. A. Linthicum purchased a farm, containing between forty-five and fifty acres, in Baltimore county, near Catonsville, for $600, and sold the same on Saturday last to Mr. L. Seldner, of Baltimore, for $900 per acre, amounting in the aggregate to over $40,000.

—For several years past there has been a very ugly leak around the steeple of M. E. church in this place and it has in some measure damaged the ceiling and caused a break in the plastering. Mr. Hutson, the tinner, is now engaged in making repairs and it is to be hoped will effectually cure the leak.

—Owen C. Jones, Esq., the oldest inhabitant of the town, and the oldest man, died at his residence in this place on Saturday morning last, aged about 75 years. He came to this place in 1812, being then but 13 years of age, and has resided here ever since with brief intervals of but a few years, after attaining his majority.

—Mr. H. Blackiston is collecting together the material, and will soon commence the erection of a new building on the Garey lot, opposite the Brick Hotel. The location is in the very centre of the business part of the town, the site being formerly occupied by a dwelling and store house which was destroyed by the conflagration of 1865. It was known years ago as the residence and business place of the late Jas. Sangston.

—Thus far, the catch of fish at the various fishing shores on the Choptank, has been poor and the fishermen have not cleared expenses. The cold weather and the lateness of the season present gloomy prospects of the future. Shad are scarce and higher than usual at this season of the year. The catch of herring has not been remunerating and with the exception of one days catch at the commencement of the season, fewer have been caught than for many years before.

—Miss Regina Fritchett has just commenced the millinery and dress making at the room on Front street recently occupied by Mrs. Bucknam. She has a fine stock of Millinery, Notions and Fancy articles which have been selected with great care. Special attention given to dress making and satisfaction guarenteed. The ladies are invited to call and see me.

—The report that Cyrus Stack, indicted in Dorchester county Circuit Court some years ago for the murder of Benj. Rhodes, had on a sick bed confessed the murder, and been arrest in Florida, is not true.—Gov. Groome of this State has communicated with the Governor of Florida and information has been received at the State department contradicting the report.

—Some of our exchanges state that the Grand Jury of this county found 15 bills of indictment against persons selling liquor secretly since the passage of the local option law. This is a mistake. There was eleven indictments found for a violation of this act and all the parties did leave the county for their countrys good, and if they have since returned we are not informed.

—We learn from a private source that the Easton *Star* of a recent date contained some strictures on our remarks relative to Comptroller Woolford. For some cause that number of the *Star* was not received at this office. If any partizan newspaper or a particular friend of the Comptroller desires to put their foot into this thing by controverting the points we have made, let them pitch in. We have the documents to sustain us and the truth ought not to hurt any one. The people want light.

—Since the commencement of repairs on Denton Bridge a ferryman has been employed to transport passengers and vehicles across the river. On Tuesday last the ferryman struck for higher wages, and this being refused, he left the ferry to take care of itself, and on Wednesday morning communication was cut off from either side. The mail stage was caught on this side of the stream, and there remained for the want of transportation. The consequence was no mail left this place for any point on that day.

For the Promotion of Holiness.

Revs. L. C. Matlack, R. W. Todd and F. M. Chatham, who were appointed to select a place for holding a camp meeting during the summer for the promotion of holiness, have decided to hold it at Spring Branch, two miles from Felton. It will commence on Tuesday, July 6th.

Indicted for Violating the Enforcement Act.

The Grand Jury of the United States District Court, has indicted William H. Whiteley, registration office for the first election district of this county, charged with having fraudulently omited from the registry list the names of legal voters, thereby depriving them of the right and privilege of voting at the election for members of Congress. Mr. Whiteley gave bail in $1,000 to answer at the June term of the United States District Court. We expected trouble somewhere when Wm. Perkins and several other gentlemen of African descent were summonded upon that jury.

Election of Officers.

At the annual meeting of the Citizens' Building and Loan Association of Caroline county, held at their office in Denton on Tuesday last, the following Directors were re-elected for the ensuing year: R. J. Jump, Jos. White, R. C. Carter, Wm. G. Horsey, J. W. Bryant, W. W. Lowe, S. Fountain Lidon, Henry Wilson and J. B. Dukes. The Directors organized by electing the following officers: President, R. J. Jump; Vice President, Wm. G. Horsey; Treasurer, R. C. Carter; Solicitor, J. W. Bryant; Secretary, Josiah White. A semi-annual dividend of 5 per cent. was declared by the Association.

A New Enterprise.

We learn that several gentlemen residing near town, last week purchased the patent right of a Fruit Dryer, and intend in a short time to commence the erection of suitable buildings, near Denton Bridge, and will be put in operation when the fruit season commences, an establishment for drying fruit in the latest and most improved method. Such is the improvement in the drying process that almost all kinds of fruit made be made to retain its natural sweetness and flavor and be both palateable and healthful. Dried fruit is an article of ready sale in almost every market and commands good prices. Even a poor article is not to be had in this market, at this season, at any price. We wish the new enterprise a successful and prosperous career.

Fears for the Peach Crop.

Great fears are entertained by the growers of this crop that it has been almost entirely destroyed within the past week. We have had but little warm weather this season and hence the peach bud has been slow in making its appearance, and it is only the late peach that has here and there shown a blossom. All that have come to full bloom are no doubt killed by the freezing weather of the past few nights. The early varieties which have not opened their buds it is thought are but little injured.—Several gentleman who have examined tell us that the late varieties are nearly all killed, while Hale's Early and other early peaches, though somewhat injured, will produce a fair crop, should they escape injury in the future. The opinion is advanced by some who say they speak from the experience of the past, that it is too soon after the freeze to know the injury and to what extent the crop may have suffered, and that after a few days of warm sunshine and mild weather the young peach, if injured, will then show beyond doubt a black and dead appearance and in a little while fall from the bud. That the crop is damaged there can be no doubt, but to what extent cannot be known for a week or ten days to come.

They say business is dull; sugar and coffee are selling slowly. Not so with Dr. Bull's Cough Syrup; we understand our druggists can hardly supply the demand.

Stricken with Paralysis.

We regret to learn that the deservedly popular and well known steamboat captain John R. Griffith was last week stricken with paralysis while on his way to Baltimore from Piankitank river. His right side was completely paralyzed and he was speechless. Capt. Griffith is well known to many of our citizens being for several years the commander of the steamer Champion running between this place and Baltimore.

Baltimore papers of Tuesday inform us of the death of Captain Griffith. He expired at his residence in that city about 2 o'clock on Monday afternoon. He was born at Cambridge and removed to Baltimore in 1838. He had been engaged as a steamboat captain for the last 25 or 30 years and was always popular with the travelling public. He leaves a wife and one child. His remains were brought over to Cambridge for interment on Tuesday last on the steamer Highland Light.

New Canning House.

Messrs. White & Dunning are making arrangements, and will commence next week, the erection of a new canning house adjacent to the building put up last season, on the lot adjoining the residence of Mr. Matthew Chilton. The building is to be 30 by 60 feet, three stories high; the foundation to be built of granite and the walls of concrete. Intending to enlarge their business the coming season, and because of lack of room to prosecute it successfully, has induced them to construct a larger building, which in addtion to the one put up last season, will enable them to facilitate matters and give them ample room for storage of fruit and to work a larger force of hands. We hope to see this branch of industry prosper here and be a success. If our fruit growers can dispose of their crops here at home, at even a little less price than is obtained in the city, it will be to their interest to do so, as there might be a considerable saving in handling and hauling fruits by delivering it at the canning house.

Another Enemy.

Should the peach crop escape the ice and cold of the past few days, there is another enemy equally as destructive to the crop, that it will be likely to encounter in the early summer months. It is the Colorado beetle which appeared last season in such numbers on this peninsula. It seems that the severity of the past winter, neither severe freezing nor extreme hot weather, has any effect in impairing its vitality. A farmer told us a short time since that while removing manure from his premises, he came across a number of the beetle snugly ensconced in the manure heap and they were full of life, active and ready for business. They have also been found burried in the earth, and at a convehient distance to appear at short notice, ready for a forcible and vigorous campaign.—They appeared last year millions strong and attacked the potato plant, the peach tree and other fruits, doing considerable injury to the older peach trees and nursery stock. We may fully calculate for the appearance of this pest again, perhaps in increased numbers, and it is safe to reckon this as one of the causes likely to diminish both the quantity and quality of the crop.

Peninsular Waifs.

CECIL COUNTY.

They have had a spelling Bee at Elkton.

Shad are worth 50 cents per pair in the Elkton market.

Frank Clements, a young man from Dover, Del., was robbed of his pocket book at Elkton last week, containing $80 in cash and a note for $50. He had started for California but has since changed his mind and gone back to Dover.

The School Commissioners of Cecil county are about to erect a public school house at Elkton, a want long felt in that place.

The new road system, recently put in operation, is working well in Cecil county and is giving general satisfaction.

A grange of the Patrons of Husbandry was organized at Elkton, on Tuesday last, with L. T. Roberts master, and S. B. Grant secretary.

The commissioners of Cecil county last week appointed the following officers for the ensuing year: Road Inspectors—Thos. Price, first district; H. H. Brady, second; Wm. KENT COUNTY.

The new Presbyterian church at Kennedyville, was dedicated on Sunday of last week. The church cost $3,500, and is a neat and attractive edifice.

The April term of the Circuit Court for Kent county commenced at Chestertown on Monday last.

QUEEN ANNE'S COUNTY.

The several granges of the Patrons of Husbandry in Queen Anne's county have formed a county grange.

The Centreville Observer says that Mrs. P. S. Erickson, of Kent Island, has a dark Bramah hen, hatched on the 27th of October last, which has been laying two eggs a day regularly since the 16th of March last.

There are 87 dogs licensed in Centreville to visit every mans kitchen, scratch and destroy the gardens and bark and howl at night to the annoyance and discomfort of the citizens. There are seven unfortunate whelps in that town denied this privilege.

The Centreville Citizen wants the Bee to buz in that town.

The County Commissioners have appointed the following named gentlemen tax collectors for the ensuing year. First District, E. W. Spear; Second, C. F. Hollinsworth; Third, Geo. W. Legg; Fourth, Jas. Denny; Fifth, Wm. Carmichael.

There are always some early birds. W. Gould, a Queen Anne's county farmer, finished planting his corn crop the early part of last week.

Capt. Joel C. Slaughter, residing at Crumpton, has been confined to his bed all winter with inflamatory rheumatism, is improving slowly.

TALBOT COUNTY.

The Gleebe farm, of one hundred acres, near Easton, belonging to Mr. John E. Martin, was sold on Tuesday last, to Mr. T. T. Martin, for $3,700.

Chesapeake oysters are being carried to the Delaware Bay and planted there to increase the stock in Delaware waters.

A union camp meeting of the M. E. and M. P. church is mooted at St. Michaels.

A teachers institute is to be held at St. Michaels the last of this month.

A Lady Washington tea party is to be held at the town hall, Easton, about the middle of May.

The orthographical mania has reached Easton and it is proposed to have a big spelling match in that town shortly.

DORCHESTER COUNTY.

A rock fish was caught near Cambridge last week which weighed 120 pounds.

One thousand dozen eggs were shipped from Cambridge last week.

Two companies are fitting up at Federalsburg for the manufacture of strawberry and peach baskets and crates.

A mammoth mud machine built at Cambridge was launched last week.

W. E. Evans, of the Crisfield *Leader*, is to deliver the annual address before the Odd Fellows of Cambridge on the 25th inst.

The eggs, oysters and fish shipped this year over the Dorchester and Delaware railroad have brought more money into Dorchester county than all the other produce shipped by all the other routes combined.

Captain James E. Norman has purchased the farm owned by Jacob Tome, situated about three miles from Cambridge, the old homestead of the late W. C. Hufflington, one of the best farms in the county and very finely located, for $12,500.

The colored four men, Daniel Foley, Frank Sanders, Sol. Sharp and William H. Johnson, who escaped from the jail at Cambridge on Friday of last week, were captured in Delaware on Monday, and returned to their old quarters. They were all under indictment for larceny.

SOMERSET COUNTY.

Jos. Feddeman, a negro, who was convicted last week at Princess Anne, of housebreaking and sentenced to five years in the penitentiary, upon being returned to jail attempted to commit suicide by cutting his throat with a razor, inflicting two ghastly wounds upon himself.

READY MIXED PAINT.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same

IS YOUR LIFE WORTH TEN CENTS?

Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart burn, Palpitation of the Heart, Depressed Spirits, Billiousness, &c., can take GREEN'S AUGUST FLOWER without getting relief and cure. If you doubt this, go to your Druggists, Dr. Fisher or Chas. Stevens, and get a sample bottle for 10 cents and try it.—Regular size 75 cents. Two doses will relieve you.

THE PEOPLE WANTS PROOF.

There is no medicine prescribed by Physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as BOSCHEE'S GERMAN SYRUP for severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs, a proof of that fact is that any person afflicted, can get a sample bottle for 10 cents and try its effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it.—Three doses will relieve any case. Try it—Sold by Dr. Fisher and Chas. Stevens, Denton Md.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For Dyspepsia or Indigestion, Listlessness, Languor, and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhœa, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
