American Union

Thursday Morning June 17 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

The Orphans' Court of Caroline county will meet on Tuesday, 22d of June, 1875.

The Editor's Hash.

—The 4th of July this year comes on Sunday.

—The anchor of the Rebel Monitor Merimac is at Seaford, Del.

—Ripe tomatoes from the South sold in Baltimore last week at $16 per bushel.

—Ripe peaches from Savanah, Ga., sold in Baltimore last week at $6 per dozen.

—Early varieties of wheat will be ripe and ready for the reaper the last of this week.

—Ninety-two cars loaded with berries went up the Delaware railroad one day last week.

—A London undertaker recommends wicker baskets as a substitute. for coffins. What next?

—Capt. Thos. E. Heather lost his fast trotting horse last week. He died of farcy and lung fever.

—Rochester, N. Y., has discontinued the reading of the Bible and all religious exercises in her public schools.

—There is a striking resemblance just now between politicians and butter—both are plentiful and very oily.

—An amendment to the constitution of Maryland will be voted on at the coming fall election. It is in reference to removed cases.

—A second instalment of the potato bug may be looked for soon. Feed them on Paris Green. It will finish them—we have tried it.

—The strawberry crop is about over.—But then we have cherries, green peas, new potatoes and other cholera condiments to replace their loss.

—Since the recent rains wheat has greatly improved in appearance, and although the straw will be short, the prospect is that the kernel will be large and perfect.

—Forty prisoners were confined in Baltimore county jail last week. We have not an inmate in our prison now nor have we had one for more than six months.

—The State Democratic Convention, to nominate a candidate for Governor, Comptroller and Attorney General, will meet in Baltimore city on the 21st of July next.

—Shad and herring fishing expired by limitation of the statute on the 10th of June. Our fishermen would not have been injured if it had expired on the first of March this year.

—Sheriff P. L. Cooper, of Kent county, Del., sold last week a farm belonging to Joshua R. Clements, near Marydel, to John Daily, for $25.15 per acre; also a tract of 28 acres to Joshua Parker at $5 per acre.

—A family at Elkton is reported to have met with a heavy windfall from South America. Denton could stand a perfect tornado of this kind with a few earthquakes thrown in to spice the article.

—Some one has remarked that laziness kills more people than hard work. This must be a mistake, for we know of a number in this vicinity who would have been in their graves long ago if such had been the fact.

—The iron safe of the United States man-of-war Cumberland, sunk in Hampton Roads by the Confederate ram Virginia in 1862, was recovered last week. It is believed the safe contains between $60,000 and $100,000 in gold.

—The express train which left Boston Saturday was thrown from the track near New York, and speaker Blaine, who was a passenger, received some slight injuries. Vice President Wilson, who was on the train escaped uninjured.

—Where are the Commissioners for the town of Denton? Have they gone where the "woodbine twineth?" Hadn't we better hold another election? We have been told the town bailiff has retired and is resting easy upon the laurels won in the discharge the of duties of his office.

—Primary meetings were held on Saturday last by the Democrats of Kent county to select delegates to meet in county convention at Chestertown to select delegates to the State Convention. It is reported that the delegates from that county will favor the nomination of Groome for Governor.

And now it is a pretty well ascertained fact that the crow is the only one of the insectivorous birds that will feed upon the potato bug or Colorado beetle. Such being the fact farmers should plant this crop some distance from dwellings—in some retired corner of the farm, so the crow can feed on this pest to his heart's delight.

—Our County Commissioners closed the county levy for the present year at their meeting on Tuesday last. The county taxes will be reduced about two cents from last year. The present Board has done exceedingly well to hold in check our public expenses and have not suffered them to exceed those of preceeding years. They are entitled to the thanks of the tax-payer, and altogether they have discharged their duties faith fully and with fidelity.

Notice.

The public schools of Caroline county will be closed on Friday 25th instant, instead of the 9th of July as heretofore ordered. The Board is compelled to this course for want of funds to continue them longer.

By order of the Board,
G. F. BEAVEN, Sec'y.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesdays. Office in the building recently occupied as the Episcopal Church. Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at either of the above places by engagement.

Peninsular Waifs.

CECIL COUNTY.

The McCullough Iron Company are going to build a union church at their mills at Northeast, Cecil county—free for the use of all religious denominations.

The first district conference of the Wilmington M. E. Conference will be held in Northeast, Cecil county, beginning to night, in charge of Rev. J. B. Quigg. The conference will be composed of the traveling preachers of the district, local preachers, exhorters and Sunday school superintendents.

Scarlet fever is prevailing to some extent in Elkton, but it is confined chiefly to the juvenile population.

A single pea grower, near Elkton last week, put upon that market in one day a two-horse load of that vegetable.

The drunken rowdy element disturb the peace of Elkton and the officers of the law fail to put in their appearance to stop such disgraceful proceedings.

KENT COUNTY.

The valuable property known as the Massey farm, in Kent county, was sold on Tuesday last to Mr. Thomas Massey, of Middletown, Delaware, for $11,294.95.

Mr. Thomas K. Stephens, a justice of the peace for the first district of Kent county, died suddenly of paralysis of the heart, at his residence in Galena, on Monday of last week. Deceased was seventy-one years of age, and a worthy and respected citizen.

The crop prospects in Kent are said to be good—the wheat fields delight the eye and other crops are very encouraging.

Mr. J. Bell, an agent for the sale of reapers, has sold the present season in Kent county, twenty-eight new reapers and a number have been sold by other dealers.

John W. Startt, of Worton, has sold his bay gelding, a fast trotter, to a gentleman in Philadelphia for $1,100.

QUEEN ANNE'S COUNTY.

The following sales of real estate were made at Centreville, Queen Anne's county, on Tuesday: A tract of land within a mile of Centreville, containing 33 acres, for $30 per acre, Elijah Wilson, colored, purchaser; two farms of Thomas A. Bryan, one situated on Bordley's Island and the other on Wye river—the island farm, containing 215 acres, was purchased by William J. Price for $30.60 per acre, the Home or Wye river farm, containing 211 acres, was purchased by Valentine V. Clements for $26.50 per acre.

Queen Anne's County Grange recommend that wages heretofore charged for harvesting grain being out of all proportion to the price of grain, they be reduced this harvest to the following figures: For cradlers, $1.50 per day; binders after cradlers, 75 cents per day; after reapers, $1 per day; shocking, $1.25. These rates were recommended to the farmers of the county for their adoption.

Saturday afternoon preaching in the sin-stricken town of Church Hill has been inaugurated by the ministers of the different denominations at that place. Old hardened, bloated sinners will not attend divine worship at the churches upon the Sabbath, so the clergy taking the advantage of the situation, will take them on the wing.

TALBOT COUNTY.

George E. Battee, residing at the Royal Oak, Talbot county, fell into the dock in Baltimore on Wednesday night of last week and was drowned. He was 35 years of age and leaves a wife and one child.

Strangers, prospecting for land continue to arrive almost daily at Easton. A few purchase, others look around, gratify their curiosity and leave without investing.

Prof. Pharzyn did not succeed at St. Michaels. The *Comet* says that when the doors opened his audience consisted of four persons. He could not succeed in 35 cents, the sharp witted people of St. Michaels.

A union camp meeting of the M E. Circuits and M. P. Circuits at St. Michaels and Royal Oak, will be held at Deep Water Point, commencing on the 6th of August.

Mr. L. P. Kirby, at St. Michaels, has been offered and refused $2,250 for a Frank Pierce mare. Somebody is getting the horse mania on the brain.

DORCHESTER COUNTY.

As the passenger train on the Dor. & Del. railroad was approaching Seaford on Monday of last week, the tender of the engine Dorchester was discovered to be on fire. The engineer immediately detached the train and ran to Seaford, three miles distant at lightning speed, where the flames were promptly quenched. A spark from the smokestack it is supposed did the mischief.

The District Grange, composed of Talbot, Queen Anne's, Caroline and Dorchester counties, held its second meeting in Cambridge last week. The various subordinate granges in the four counties named were represented, and considerable business of importance to the agricultural community was attended to.

From the first to the tenth of June 48 car loads of berries passed over the Dor. & Del. railroad for New York, aggregating 378,088 quarts of strawberries, besides the large number of car loads that went to Philadelphia and Baltimore. In the same time 31 car loads of lumber and bark, besides other regular freight passed over the road, and about 200 barrels of peas.

Candidates and Potato Bugs.

The Denton *Union* lays the *Comet* under an accusation of "stretching" because the latter made a numerical comparison between the candidates for the clerkship of an adjoining county and potato beetles.—Of course we had exclusive reference to the bugs on our potato vines, of which we have but one in our garden. Still it has plenty of beetle visitors, and we stick to it about those county clerk candidates.—*St. Michaels Comet.*

And lo! now thou speakest plainly.—But the question arises has an editor with but one potato vine a right to speak so disrespectful of the potato beetle? It is said comparisons are odious, but when you associate the beetle with the politician, whose character is to be blackened—the bug's or the politician's?

A Gala Day for the Children.

By a resolution of the Wilmington annual Conference, last Sunday was set apart for the especial benefit of the children of the various Sabbath Schools and congregations of the M. E. Church within the bounds of the conference. It was a high day for the children of this place and vicinity. The M. E. Church was tastefully decorated with a rich profusion of flowers, wrought into wreaths and festons by the nimble fingers of the fair, and exhibited artistic skill and good taste. The exercises of the day were opened at 10 o'clock, A. M., by the Rev. Mr. M'Nichol, the junior pastor, who delivered a very appropriate discourse upon the importance of the early training of the youth and the duties of parents in giving them religious instruction, such as will lay deep the foundations of virtue, upon which to build in after life, a religious character which will lead to true happiness. At the afternoon session of the school one hundred and thirty scholars were in attedance and the strictest decorum was observed. R. I. Jump, Esq., the efficient superintendent of the school, ever present in his place and whose unwearied efforts to promote the interests of the children, was present, active in the discharge of his duties and assiduous in his attentions to meet the wants and desires of every scholar. The superintendent is worthy of and entitled to the thanks, (yes, more substantial tokens of esteem,) for the faithful and thorough discharge of the duties of so high and responsible a position. The church, the children and this community, owe him a debt of gratitude for the unselfish and christian spirit of unwearied devotion he has bestowed upon the Sunday School work. The evening services consisted of addresses, appropriate to the occasion, by W. M. Tyler, one of the scholars; Rev. Mr. M'Nichol, Rev. E. P. Aldred and R. J. Jump, Esq., Superintendent of the school, interspersed by the singing of select pieces by the scholars. It was indeed a gala day for the children, and with glad hearts they will look forward to each returning anniversary of the "children's day," with emotions of pleasure and hearts of gladness.

Fire.

The dwelling house of Mr. Thomas W. Fisher, on the road to Hillsborough, two and a half miles from town, was burned on Saturday morning last. The family were aroused from their slumbers about one o'clock, but the fire had so far progressed that it was impossible to save the building which was entirely consumed. Mr. Fisher's loss in furniture, clothing, &c., is about $150. Mr. Eli Smith, who occupied a portion of the building, lost nearly all his property, and being a young married man, just commencing in the world, his loss is keenly felt. Mr. Fisher was absent from home and knew nothing of his loss until the next day, when a friend imparted to him the sad intelligence. The property was insured in the Cecil County Company for $600, and in the Dover Mutual Insurance for some $400 or $500 more, but not sufficient to meet the loss.

For the Union.

POTTER'S LANDING, June 14th, 1875.

MR. EDITOR, *Dear Sir*:—If your business is as dull as ours I thought you could find a little corner in your paper that might need filling up, and as the neighbors around here seem to be in the spirit of improving, I will merely give you the text and you can prepare it yourself. Mr. S. F. Liden is repairing his dwelling in the latest style, with veranda in front, under the supervision of Mr. Beachamp. Mr. C. W. Clark is also rebuilding his dwelling and adding on another story, which will improve his home a great deal. Mr. E. Towers is getting lumber together to build a front to his building on the Gravely Branch farm, 20 by 40 feet, to be finished in good style, which will add greatly to the present structure. James W. Saulsbury is in the city this week, purchasing lumber for an additional building to his dwelling, which will be done in best of style and of substantial material. Mr. E. W. Williamson is building a front to his dwelling, the work being done by Mr. Fisher, of Philadelphia, on the Gothic style, and when completed will give great credit to Mr. W., as he has done a great many other things since he has been with us, which no eye can fail to see in passing his place, especially at this season of the year, when you look around at the fruit trees loaded down with fruit, and peep through the fence, at the delicious strawberry all growing on what was a barren sand bank a few years ago. Would that we had many more such to improve some of our worn out land which needs a great deal of energy and little spare cash. Our harvest will be on us next week, but short crops are expected. Mr. B. G. Stevens expects to cut wheat next Monday.

RUSTICUS.

IS YOUR LIFE WORTH TEN CENTS?

Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart burn, Palpitation of the Heart, Depressed Spirits, Billiousness, &c., can take GREEN'S AUGUST FLOWER without getting relief and cure. If you doubt this, go to your Druggists, Dr. Fisher or Chas. Stevens, and get a sample bottle for 10 cents and try it.—Regular size 75 cents. Two doses will relieve you.

THE PEOPLE WANTS PROOF.

There is no medicine prescribed by Physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as BOSCHEE'S GERMAN SYRUP for severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs, a proof of that fact is that any person afflicted, can get a sample bottle tor 10 cents and try its effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it.—Three doses will relieve any case. Try it—Sold by Dr. Fisher and Chas. Stevens, Denon Md.

Marriages.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula,** and all scrofulous diseases, **Ulcers, Eruptions,** and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm,** and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility,** and **Leucorrhœa,** when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
