American Union

Thursday Morning July 15 1875

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

The Orphans' Court of Caroline county will meet on Tuesday, 27th of July, 1875.

The Editor's Hash.

—Brown & Mitchell, at Federalsburg, are putting up 6,000 fruit baskets daily.

—Gen. Frank P. Blair died at St. Louis on the 9th inst., in the 55th year of his age.

—Several grists of new wheat have been manufactured into flour at the mills in this neighborhood.

—Rehoboth camp meeting commenced yesterday. A good attendance of the ministerial force is expected.

—Mr. R. O. Christian, late of the Preston Academy, has accepted the position as principal of the graded school at Hillsborough.

—Wm. S. Ridgely Esq., land agent, sold last week to J. L. Patterson Jr., of Rensellaer Co., N. Y., 220 acres of the Orrell farm in this District at 5,500.

—One canning house at Dover has purchased several thousand baskets of peaches of the yellow variety, sufficient to run them the entire season, at 25 cents per basket.

—George W. Truit, a laborer in the plaining mill of Parsons, Smith & Co., at Parsonsburg, in Wicomico county, was caught in the belting last week and drawn around the drum and instantly killed.

—The Beecher case has been a big bonanza for the lawyers. Mr. Everts received $25,000, Mr. Tracy $10,000, Mr. Hill $5,000, Mr. Beach $5,000, Mr. Fullerton $2,500, Mr. Morris $2,500, and Mr. Pryor $2,500. Mr. Sherman refused to accept money for his services.

—A letter passed through the post office at this place last week, bearing the following address: Mrs. Kessy Williams, Birch Grove Farm, near John Brown's Saw Mills, 5th Election District, Caroline county, Md. The postmater sent the missive on its way rejoicing. But the question is, where is Birch Grove Farm?

—The Peninsular Peach Growers' Association held another meeting Saturday at Middletown, Del., when important details were considered for shipment of the $8,000,000 baskets of peaches which are to be raised this season. It is proposed to furnish that fruit to nearly all the prominent cities of the West.

—The growing crop of corn, although smaller than usual at this season, presents a very thrifty appearance. The stalks on good land are stout, green and healthy, and under the influence of the late favorable weather, are growing rapidly. The working of the crop will soon cease as the stalks will have grown to such size as to render further cultivation unnessary. The prospect for a large crop is very flattering at present.

—The potato beetle is now more numerous than heretofore this season. We have in a small patch in our garden enough to supply a whole county. If the potatoes at the root was only as numerous as the beetles on the vines we would have plenty of this esculent for sale. The potato vines are in a flourishing condition—so are the bugs. We are patiently waiting the result of the contest. We have tried Paris green but it was a failure.

An Eastern Shore (Md.) paper last week copied bodily in its editorial columns without credit, two recent editorials from the *News and Advertiser*. Does the *Comet* always shine with borrowed light?—*Milford* (Del.) *News*.

Oh! you naughty fellow! How dare you bring such a serious charge against a minister? We really believe since Tilton sued Beecher everybody seems to think they have a perfect right to pitch into a minister and lampoon him most unmercifully.

—A number of our farmers last week and apart of the present, have been engaged in machining their wheat crops. Wheat is turning out well, and the grain is full and plump and free from blight or damage. Mr. W. Thawley, from 140 bushels seeded gets 1360 bushels without any fertilizer.—Mr. Beniah Kinnamon, from 80 bushels seeding, gets something over 1100 bushels. He used several tons of fertilizer manufactured by the Grangers at this place. Mr. Chas. A. Dunning, from 40 bushels seeding gets 400 bushels which had received a dressing of 4 tons of fertilizers manufactured at home.

Spring Branch Camp.

This camp meeting for the growth of holiness, originating with the ministers of the Wilmington Annual Conference of the M. E. Church, commenced its exercises near Felton, Del., on Tuesday last. A goodly number of ministers have been in attendance and a deep feeling of piety has pervaded all the exercises.

On Saturday morning an able sermon was delivered upon the subject of holiness by Rev. Dr. Matlack. He was followed in the afternoon by Rev. Mr. Kramer of the Wilmington Ashbury Church, upon the same subject, with ability and great power, proving the great necessity of holiness, not only by his own thoughts, but well connected scriptural quotations. The same subject was followed up in the evening by Rev. Mr. England. On Monday morning Rev. R. W. Todd, though suffering with protracted disease, preached an able and satisfactory sermon to an attentive audience. These holiress meetings are of great interest and are accomplishing much good. The camp will close to-morrow.

The Gubernatorial Contest.

The political horoscope now indicates the present status of the three aspirants for Gubernatorial honors. Carroll, 24. Hamilton, 41. Groome 10, and eight counties not reported, but a majority of them supposed favorable to Groome.

Democratic Primaries.

The Democratic primaries for this county were held at the usual voting places on Saturday last. In this district the contest was spirited and animating. Several side issues were presented and with the aid of a little whiskey, and it is stated, a few stray greenbacks, the fight was made lively and interesting to those engaged in it. If we have been correctly informed a large majority of the Democrats of the county favor the nomination of Gov. Groome. In this district, however, two tickets were in the field and it has been stated that ticket No. 1, and which was successful, though professing to favor the nomination of Groome are really in favor of Carroll, after giving a complimentary vote to Groome. It has again been hinted, that in the event of there being no show for Groome, the delegation will go for Hamilton. This, perhaps, is mere surmise, and as all political conventions and caucuses in these times are managed by party trickery, we doubt whether the delegates to the State convention know themselves, exactly what course they will pursue, or for whom they will vote in convention. In this district local option was again dragged into the political arena. This question having been settled by the people, and being out of politics, we had hoped that it would here rest and hereafter not be known in the future contests of any party. But it was here raised and became one of the issues at this place on Saturday. One hundred and sixty-eight votes were polled, of which ticket No. 1 received an average of 86 votes and ticket No. 2 receives an average of 83 votes.—Ticket No. 1 elected three committeemen by a majority of 4 votes, while there are three ties.

The Educational Institute.

The educational institute for this county assembled at the Court House in this place on Tuesday morning last. The attendance from all parts of the county is large; Rev. G. F. Beaven, Examiner of the County Board, conducting the exercises of the institute, assisted by the District Commissioners. Prof. Newall, State Superintendant of education, arrived on Tuesday and was present at the afternoon session. The exercises on Tuesday, and that portion of the proceedings up to the hour of our going to press on Wednesday, were of an interesting character and cannot fail to give additional importance to our educational interests. We have not time or space to-day to enter into a detailed statement of its proceedings, or to particularize the most prominent subjects that have been presented during its sitting.—We propose next week to give the full proceedings.

The Delegates.

The Democratic county convention which assembled in this town on Tuesday last selected the following gentlemen as delegates to the State Convention which meets in Baltimore city next week:—J. P. J. Hubbard, P. W. Downes and Dr. A. Hardcastle. Various reports are in circulation as to whom the delegates favor for the nomination of Governor. It is asserted by some that they are in favor of Groome on the first, and perhaps several successive ballots, after which, they will go for Hamilton.—It is again asserted that the nomination of Comptroller will complicate matters, and in order to secure the nomination of that officer for this Shore, Gov. Groome will be slaughtered in the house of his friends.—Gov. Groome is doubtless the choice of the Democrats of this county, but as no one can forcsee the result of a partizan caucus, all is mere conjecture.

Orphans' Court.

Court met according to adjournment. Present Wm. A. Ford, Chief Judge, Jarrel and Sparkling, Associates.

John H. Stack, executor of Wm. Stack, deceased, presented list of sperate debts, which were duly examined and passed by the Court.

John H. Stack, executor of Wm. Stack, presented first account of administration. Passed by the Court.

Mrs. Serena Simpson presented final receipt and release from her late ward, Susan E. Simpson. Passed by the Court.

John T. Sangston, administrator of Elijah Chance, deceased, presented an account of sales of the personal estate of the deceased, which was examined and passed by the Court.

No Camp at Concord.

Due notice having been given for those interested to meet at the camp ground at Concord to determine whether a camp should be held at that place, quite a number assembled in the grove on Saturday afternoon last to determine the question.—After canvassing the question for sometime, a vote of those present was taken, and it was unanimously decided not to hold a camp the present season. There was but three or four persons present who favored holding a camp, and finding they were so largely in the minority, they refused to vote.

Camp Meeting Privileges Sold.

The privileges and franchises of the Oakland camp were sold at public auction on the grounds last week. The bread stand was knocked down to Mr. John Rich for $110. The horse pound to Mr. Wm. Driggins for $40. Photograph gallery to Mr. Collison for $10. Barber shop to Mr. J. E. Carroll for $5. Butcher, to furnish beef for camp, Mr. J. Rich for $5. Boarding tent from Greensborough by T. H. Coursey; from Hillsborough by J. Melvin. Camp commences on August 6th and closes on the 16th.

Land Sales.

Mr. H. S. Mancha, Real Estate Agent, has made sale of the following parcels of real estate recently.

A farm of 75 acres for Col. R. C. Carter to Mr. Tiller, of Detroit, Michigan, for $1,050. The farm of Dr. H. C. Comegys, near Greensborough, containing 310 acres, to Mr. Abraham Van Houton, of New York, for $6,000.

Peninsular Waifs.

CECIL COUNTY.

The Methodist congregation of Elkton are repairing their church.

The Elkton Building society has so much money in hand that it cannot loan it out and it is being disposed of by lot to the members.

Ex-Sheriff Oldham died at his residence in Elkton on Friday last.

The wheat crop in Cecil is reported as a half crop. Oats promise well—corn is growing rapidly—potatoes an average crop.

Arrangements have been made to run tug boats and barges from Elk Landing to Baltimore city daily during the peach season.

A little son of W. F. J. Henry had an arm broken last week by the upsetting of a carriage in which he was riding.

John Butler was committed to Elkton jail last week for beating his wife.

KENT COUNTY.

The convention of ministers and layman of the M. P. Church on this Peninsula, was held at Chestertown last week and being slimly attended the programme was not fully carried out, though the proceedings were of an interesting character.

The assessment for the present year in Kent, including State and county tax, will be $112 5-16 in the $100, being one cent more than last year.

The foundation of the new M.E. church at Chestertown is now being laid and the building will be pushed to completion with all possible dispatch.

The dwelling house occupied by Joseph Shriver, three miles from Chestertown, was struck by lightning on Wednesday, but no damage was done beyond the killing of a flock of chickens which had taken shelter under the house.

Commodore Jesse K. Hines, of the steamer Lelia, of the celebrated Maryland Oyster Navy, was before Chestertown on the glorious Fourth and fired a national salute in honor of the nation's birth day. Quite patriotic.

QUEEN ANNE'S COUNTY.

The dwelling house of Wm. A. Barwick, near Snddlersville, was struck by lightning during a thunder storm on Tuesday night and considerably damaged.

The dwelling house of Thomas Edmead, on the farm of James D. Carville, on Kent Island, was struck by lightning on Saturday week and damaged to the amount of about $50.

Mr. John B. Brown, as trustee, sold at Perrymanville, on Thursday, of last week, a farm of Wm. B. Paca, in Harford county, called 'Hopewell,' containing 253 acres to George W. Baker, of Harford county for $7,100.

TALBOT COUNTY.

The M. P. Sabbath school of Easton had an excursion to Balitmore last Saturday.

Three colored women sporting around Easton last week with a fast team, wound up their sport with a smash up.

The crop prospects around Easton are flattering.

Dr. Trippe, of Bailey's Neck lost a valuable horse last week, having tyed him down to prevent his jumping, he became entangled in the rope which threw him to the earth and he beat his head against the ground until he killed himself.

A Mrs. Small was stricken with paralysis while attending the M. E. Church at Bolingbrook on Sunday week, and she being so badly afflicted, could not be removed to her house, a bed was provided for her in church, but she died the next day.

Editor of Denton Union.

Dear Sir:—As there is a report circulating here and elsewhere, that I have been discharged from my school at Preston, for some flagrant misconduct, I hereby send you a copy of my discharge, with my answer thereto, which you will please publish in your next issue.

PRESTON, July 13th, 1875.

My Dear Sir:—I am instructed by the Trustees to notify you that your application was considered last night, and that after mature deliberation, they are firmly of the belief that a change of teacher is required in the Academic Department.

The Trustees, recognizing your abilities as a teacher, acknowledging gratefully your past services, and still entertaining for you warm personal regard and friendship, voted to give you leave to withdraw your application.

Trusting that you will receive the assurances of our personal regard in good faith, I desire to add for myself and my associates, how painful this task is, as subscribe myself. Very truly,

H. F. WILLIS, Sec'y.

PRESTON, June 30th, 1874.

P. S.—Our action last night it was agreed should be kept secret. Send me your withdrawal this morning and we will give the public the announcement that you have withdrawn. It will be much more pleasant and is meant *kindly*. Truly.

H. F. W.

PRESTON, Md., July 5th, 1875.

MESSRS. H. F. WILLIS, WILLIAM SISK, J. B. FLETCHER, } BOARD OF TRUSTEES FOR PRESTON SCHOOL.

Gentlemen:—Your very kind and considerate letter, granting me the privilege of withdrawing my application, has been duly received. In reply, I am constrained to say, I must most respectfully decline to avail myself of your unprecedented magnanimity. I assure you, gentlemen, I am not so dead to all feelings, both of gratitude and honor, as to rob you of the praise you so richly merit, or deprive you of the self congratulation which you doubtless experience in this, the master stroke of your public administration. Allow me to congratulate you for having so nobly risen above all personal pique and prejudice in the discharging of a teacher, whose abilities you so fully recognize; whose services you so gratefully acknowledge, and for whom you entertain such warm personal regard and friendship.

Hoping your honorable and august Body may reap the public's gratitude and thanks, which you so richly deserve, I remain yours most respectfully, ROBERT O. CHRISTIAN.

Dec10-tf. THOS. M. COOPER'S.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff; and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
