American Union

Thursday Morning Sept. 9. 1875.

THE Orphans' Court of Caroline county will meet on Tuesday, 14th of Sept., 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

MR. E. Madison Towers is our authorized agent for the collection of bills due this office. He will present accounts to those indebted to this office in a few days and we hope those waited upon will pay him at once. His receipt will be good against us. We have not the spare time to present these claims ourself in person, hence the necessity of procuring the aid of an agent.

The Editor's Hash.

—The sweet potato crop on the Eastern Shore of Virginia is said to be a failure on account of the continued wet weather.

—A colored man has been drawn on the jury for Garrett county. He is the only colored man in that section of the county and is a Democrat.

—Mary Swiggette, a white woman, who for ten years past has been the wife of a colored man, committed suicide at Wilmington, Del., on Sunday last.

—Gov. Cochrane, of Delaware, has offered a reward of $200 for the arrest of the Whitelocks, who murdered a colored man at Middletown a few weeks ago.

—Two foolish editors at St. Louis, quarrelled last week over Jeff Davis and to settle their dispute resorted to pistols. Both of them deserve to have been shot.

—Atterney General Syster positively declines the nomination of the Citizens Party for Governor. It is said his reasons for so doing are entirely of a personal nature.

—Rail birds have made their annual appearance in our marshes. They ought to be numerous and fat this season as there is heavy crop of wild oats upon which they feed.

—Six hundred and ninety-one foreigners were naturalized in three days last week before the Baltimore city Criminal Court and they were not good days for making voters either.

—The newly appointed United States Attorney for the District of Columbia, Gen. H. H. Wells, was sworn into office on Saturday morning last, and Judge Fisher, the late attorney retired.

—What came over Peninsula editors last week for issuing half sheets? We only received some five or six, but if they knew our opinion of a Lalf sheet they would forward no more to this office.

—Mr. Wm. G. Horsey, of the firm of Horsey & Lowe, has sold out his interest in the mercantile firm in Denton, to Mr. Emmett Downes. The firm is now conducted under the name of Lowe & Downes.

—Mrs. Burke, wife of Rev. G. W. Burke, of the Wilmington Annual Conference, died at the Delmar parsonage, August 26th. She was the daughter of the late John S. See, and was born and reared at Hillsborough in this county.

—White & Duaning's canning house at this place is now running to its fullest capacity. They have about eighty hands employed in the various departments of their cannery, and could find employment for others if their services could be obtained.

—One third of the peach shipping of this Peninsula is done at Clayton. From 75 to 100 cars per day have been shipped from there daily for nearly two weeks, and one day last week 113 cars were sent off. It is next to Wilmington as a railroad centre.

—The Board of School Commissioners have contracted with Mr. Thomas Melvin of this place for the removal of the Academy to a lot on Low St., in the southern limits of the town. The building is to be removed by the 22d inst. The price paid for its removal is $175.

—A committee on the part of the Citizens' party of Baltimore waited on S. Teakle Wallace, Esq., on Monday evening last and asked him to become the candidate of of that party for Governor. Mr. Wallace did not signify his willingness to accept, nor did he positively decline the proffered honor.

—Havre de Grace, Harford county, was visited by a hail storm on Monday afternoon last, which did considerable damage to window panes, flower yards, fruit trees, and the growing crops. The hail stones are said to be as large as hulled walnuts and laid on the ground an hour and a half before melting.

—Poetical lines addressed to a "Loved One Gone,' is received, and as the writer has only signed the initials and not given us the full name, we must decline their publication. We must insist upon a strict compliance of the rules of this office, viz: the real name of the writer must accompany all communications.

—Sherman & Co., commission merchants, Baltimore, sold last week a lot of the finest peaches yet sent from this place to that city, and on Saturday the shipper received returns therefor. The accout of sales stood: 10 crates of peaches at 10 cts. per crate $1.00 Freight on 10 crates at 10 cts. each $1.00. The peach grower is deeply interested to know where the Baltimore firm are to get their commission. He has also $1.40 invested in crates which are missing.

—We acknowledge the receipt of a basket of of the largest and finest specimen of peaches of the present season, presented us last week by Mr. Thomas Urry, residing near town. They were of the Susquahannah variety and the largest we have seen this season. We are also indebted to Mr. C. S. Dickerman for a box of delicious grapes grown in his vinyard on the bank of the Choptank. We appreciate these tokens of friendship on the part of our readers, as in some sense, an approval of our labors to please, amuse and instruct them.

Peninsular Waifs.

CECIL COUNTY.

Crabs have been unusually plenty and of a large, fine quality, in Elk river this season.

A son of John Mears, aged about eleven years, living near Chesapeake City, was drowned in the basin of the canal at that place, last week.

Edith May, three years of age, daughter of John G. Ash, who resides on the New Castle pike, about three miles east of Elkton, whilst climbing up a harrow which had been propped against the fence, pulled the harrow over upon herself, one of the teeth entering her skull just above the ear and penetrated the brain to a depth of between two and three inches, carrying with it into the brain substance, fragments of the bones. The opening in the skull is about one inch square, from which a considerable quantity of brain matter exuded at the time, and through which there is now protruding a large hernia of brain substance.

There is no intellectual disturbance and no loss, at present discernible, of any function of the brain, and the child's condition is such as to inspire hope of its recovery.

A correspondent of the *Whig* tells the following hog story. Mr. John Lyttle at North East in the employ of the Iron Company, breakfasted by lamp light and the meal being over, he opened the door for the purpose of going to his work when he was met by a large hog which darted past Mr. L. and tore into the room, upsetting the table, demolishing dishes, and breaking the lamp which set the carpet on fire. Mr. L. jumped to extinguish the flames, the hog in the meantime made a raid on the child's crib, somewhat injuring this necessary article of furniture, and inflicting injury on the child that lay sleeping, unconscious of the presence of such a monster. The hog next made a rush for the parlor, when Mr. L. objecting to allow him further privilege of the house, proceeded to put his hogship out, which he accomplished with some difficulty.

KENT COUNTY.

The public schools of Kent county reopened last week.

The locomotive 'Delaware,' was wrecked on the Kent County railroad one day last week. A bolt which held the switch becoming misplaced was the cause of the accident. No lives were lost.

A camp meeting under the auspices of the M. E. Church, South, is in progress near Millington.

TALBOT COUNTY.

Messrs. Probasco, Hopkins and Reynolds have established a peach canning factory at Skipton.

The drying house of Capt. R. Tbarp & Sons, at Easton, caught fire last week and came near being consumed.

Chas. Bateman, a member of the Easton Bar, died at Jordan Alum Springs, Va., on Monday week.

The canning house of Numson & Son, at Easton Point is now working about three hundred hands, and are putting up large quantities of fruit.

Chas. Jefferson, a half brother of the murdered man Ford at St. Michaels a few weeks ago, was arrested in Baltimore last week and lodged in Easton jail to await the charge of murder. We give further particulars of the affair in another column taken from the St. Michaels *Comet*.

Chas. H. Gibson, agent for the Alex. Mackey estate, has sold to Collector Nicholas Willis the Black Walnut Point farm, on Tilghman's Island, for $1750. Mr. Mackey a few years ago paid $8,000 for it.

Mr. Charles O. Groome has sold his farm on the Miles River Ferry road, containing 197 acres, to Robert Hatten, of Ohio, for $11,000.

St. Michaels is daily becoming more like New York.—*Comet*.

Mistake—you meant Brooklyn.

DORCHESTER COUNTY.

The annual fair of the Cambridge Agricultural Society takes place on the 6th, 7th and 8th of October next, and promises to be a greater success than last year.

A large grain scow is being built at Cambridge 110 feet long, 22 feet wide with a depth of hold 10 feet.

Wonder if Johnson of the *Democrat & News* has'nt a hankering after "*peach and honey.*" After reading his argument in favor of "manufactured goods" one would reasonably conclude he was casting sly glances at the juice of the peach.

AMERICAN FARMER. — The September No., just received, is very interesting, treating extensively upon the wheat and other crops, which require prompt attention the present month. Papers from two of the best known farmers of the world, at this time,—Messrs. Mechi, of England, and John Johnson, of New Yosk,—on the cultivation of the wheat, and a very plain and lucid article on the same subject by the editors, are contained in this number, which, to the intelligent and progressive farmer, are alone worth the cost of many years subscription. The *Farmer* is published monthly, at Baltimore, Md., by Samuel Sands & Son, at $1.50 per annum, or 5 copies for $5.50. Specimen copies sent free.

Queen Ann's Ticket.

The Democrats of Queen Ann's county nominated the following ticket on Tuesday last. It is said all the "ring" candidates were defeated. For Senator, B. S. Ford; for Sheriff, Jas. Straughn; for clerk of the court, T. S. McClements;—for House of Delegates, Chas. Cocky, W. O. Neall; for State's Attorney, Ed. Brown; for county commissioners, Wm. E. Temple, John M'Feely and Thomas Carvel.

J. E. Durding, twenty-three years old, of Rock Hall, Kent county, a first-class seaman on oyster police, steamer Leila, Captain Jesse K. Hines, was instantly killed by being accidently caught in the crank of the engine shaft while the steamer was sailing on the Chesapeake, between Sharp and Poplar Islands, about four o'clock on Thursday afternoon last. His left leg was nearly torn from the body.

Attempted Robbery at Marydel.

On Sunday night, the 29th of August, Mr. James F. George, station agent at Marydel, Md. & Del. R. R., had his house entered and ransacked by parties whom he has been unable to detect. A bureau was taken from the room to the yard and rifled, but nothing of very great value was taken. He had over $200 in money, which he had removed from his pocket and placed on the mantle, with his watch, in his bed room, but this was untouched. It is thought the robbers expected to get a large haul of railroad peach freights. Mr. G. thinks the parties secreted themselves in the house, and Mrs. G. thinks her husband was drugged, as he was so hard to waken.

The young man who by mistake swallowed a whole box of Dr. Bull's Vegetable Pills is out again. He says he feels rather 'pale' but otherwise is all right. He will, however, follow the directions next time.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Greensborough Saturdays. Office at R. Plummers residence. Persons wishing Dentristry other days can be waited on at my residence or at the above place by engagement.

TO CONSUMPTIVES.

The advertiser, a retired physician, having providentially discovered, while a Medical Missionary in Southern Asia, a very simple vegetable remedy for the speedy and permanent cure of *Consumption*, Asthma, Bronchitis, Catarrh, and all throat and lung affection,—also a positive and radical specific for Nervous Debility, Premature Decay, and all Nervous Complaints, feels it his duty to make it known to his suffering fellows.—Actuated by this motive, he will cheerfully send [free of charge] to all who desire it, the receipe for preparing, and full directions for successfully using, this providentially discovered remedy. Those who wish to avail themselves of the benefit of this discovery, without cost, can do so by return mail, by addressing DR. CHAS. P. MARSHALL, 64 Niagara St., Buffalo, N. Y.

P. S.—Those who feel disposed, will please give symptoms in full. Great benfit will be derived therefrom. C. P. M.

Deaths.

POOL.—Near Potter's Landing, Md., July 14th, VAUGHN OMEN, infant son of James H. and Mary E. Pool, aged ten months and twenty days.

Yet not dead, only transplanted. Given for a little time by the Heavenly Father to make life more joyous, and then the gift was taken home by the giver. The heart must ache as the little rootlets which go down so deep into the inmost recesses of the heart are drawn out, and the wounds left there will ever open afresh when we remember the little plant that bloomed so sweetly in the garden of the heart. Only transplanted. The little body through which the spirit spoke, has been folded up like a faded and useless garment, and laid away in the grave, but the Soul, which gave it beauty, and caused the affections to twine so closely around it, has been transplanted to the father's home above.

He has gone out from the troubles and trials of life which must have been his portion here; gone out from this blighted world over which sin has cast its darkening shadow, into the bright Eternal where nothing evil dwells; where no sorrow enters; where no sickness comes; where death never invades. He has gone in obedience to the Saviour's invitation, who said, "Suffer little children to come unto me, and forbid them not; for of such is the Kingdom of Heaven." Gone to be a child of God; gone to be a brother of Christ's; gone to be an heir with Him to all the Father's wealth.

'Tis meet to mourn when ties which bind the heart to cherished ones are rudely severed by death; meet that tears should flow as we perform the last sad rites of burial, but as the little mound of earth rises between us and the one we mourn, 'tis also meet to remember, that Christ is the resurrection and the life, and that He stands by the grave of every redeemed one as he stood by the side of the Ruler's daughter proclaiming, "not dead, but sleepeth."

Christ has need of little children in His Kingdom. Vaughn has gone to fill his appointed station there, while we mourn, let us also rejoice in our knowledge of the fact, that it is well with the child.

"Gone from us all to the better land;
Gone there to join the angel band;
There no storms o'erspread the sky;
There sweets flowerets never die."

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Collosal Gold Sheaf Seed Wheat

THE ATTENTION of Farmers is specially invited to this new cereal, which for its prolific qualities, hardiness and freedom from disease, perhaps out rivals all other acclimated varieties. Its perfect adaption to every variety of soil and climate makes it a peculiar favorite with both American and British Farmers.

It matures in about twenty days less time than oats.

It is a remarkable grain to stand severe drought.

It yields form 40 to 90 bushels per acre.

The heads will average ten inches in length (We will send sample specimen heads to Farmers on receipt of ten cents, by mail, which will be a life evidence of the enormous growth of the wheat. Agents to whom we have sent specimen-heads are making enormous profits, showing the heads to their neighbors, and taking orders.)

The stalk is sufficiently strong to support the head and prevent its lodging The grain for stock food is equal if not superior, to Indian corn. It ripens while the stalk is yet green. We have tested its superiority as far North as Ontario and Quebec, and as for South as New Mexico, providing its perfect adoption to every variety of soil and climate in North America.
