American Union

Thursday Morning Oct. 28 1875

THE Orphans' Court of Caroline county will meet on Tuesday, 9th of Nov., 1875.

THE *Union* will not be sent to any subscriber living outside the county unless paid for in advance.

MR. E. Madison Towers is our authorized agent for the collection of bills due this office. He will present accounts to those indebted to this office in a few days and we hope those waited upon will pay him at once. His receipt will be good against us. We have not the spare time to present these claims ourself in person, hence the necessity of procuring the aid of an agent.

The Editor's Hash.

—See Alms House report in another column.

—Baltimore held her municipal election yesterday.

—Collins & Co., fruit canners at Wyoming, Del., have failed.

—Indian summer is upon us and the air is mild and bland as summer time.

—George W. Taylor, Esq., has purchased from Rev. E. B. Newnam, his farm on Corsica Creek, Queen Anne's county, for $25 per acre.

—Andrews, the colored preacher, was convicted at Georgetown, Del., last week, for the murder of his wife and sentenced to imprisonment for life.

—Rev. Father Hencha will officiate at the Roman Catholic Church, in this place on Sunday morning next, services commencing at 10½ o'clock.

—The steamer *George Law* which was sunk in Chester River two weeks ago has been raised and carried to Baltimore and is now undergoing repairs.

—Returns from the Colorado election indicate that the Republicans have carried the Territory, and that they will have a majority in the Constitutional Convention.

—Messrs. Tuthill & Avery have another lot of hardware and every other article in their line, at their hardware store at Easton. See advertisement in another column.

—The Reform mass meeting advertised to take place here yesterday had not organized when we went to press. We cannot, therefore, inform our readers of its proceedings.

—Our county politicians are a busy set just now. Meetings are being held at all the prominent places, and even those that are not prominent, in the county. Political advise gratis.

—Those wishing to obtain certificates to teach in the colored schools of this county, will appear before the Board for examination on Tuesday November 9th.

GEO. F. BEAVEN,
Sec'y Board.

—The final unofficial returns from Ohio place the majority for Hayes, republican, for Governor, at 5,753, and give the republicans 17 majority in the House of Representatives, and three or four majority in the Senate.

—A correspondent writes us, "although there were a great many persons in Greensborough on Saturday, the speakers at the Democratic meeting had scarcely ten or fifteen auditors at any one time to listen to their eloquence."

—The body of Eddie, the little son of Capt. Start, of Piney Neck, who was drowned, several weeks since, came on shore at Miller's Island, on Tuesday last. The body was very much disfigured, and only recognized by his clothing.

—Senator Earle's letter, backed by that of Senator Claggett's, convicts Comptroller Woolford of an attempted fraud upon the Treasury of Maryland. Woolford is cornered and can't cover it up. Will the people of Maryland vote to continue such a man in office?

A Democratic Luxury.

As a piece of political information to which the public are entitled, we publish below the cost to the people of running a newspaper in Caroline. For the three years past the Denton *Journal* has received the following named sums from the State and county for public printing:—

For publishing the laws for 1873,	$1000.00
For publishing defaulters List "	216.00
For publishing the Laws of 1874,	1550.00
For publishing defaulter's List, now in course of publication and other printing, say	316.00
Total from the State	$3,082.00
From the County for 1873	$750.00
" " " " 1874	800.00
" " " " 1875	600.00
Total from the county,	$2,150.00
From the State,	3,082.00
Total from State and county,	$5,232.00

The laws of 1874 were printed at Annapolis, by Colton & Son, in the form of a supplement for the *Journal* for which they charged *one hundred dollars*. The *Journal* distributed them in this county and charged the State *fifteen hundred and fifty dollars*. A clear profit, without any labor or expense, of *fourteen hundred and fifteen dollars*. This is dear pay for a single Democratic luxury. All such laws should be repealed at once.

The *Union* for the same time has received the following sums for county printing, but nothing from the State:—

From the County for 1873	$300.000
" " " " 1874	400.000
" " " " 1875	410.000
Total	$1,110,00

For the present year's printing the amounts have been levied but not paid.

We had intended to have published these accounts item by item but we have been engaged in other matters and have not had time to collect them together. At some future time we may do so. They are matters of public concern and it is right that they should have all the facts.

Think of It.

The Direct Tax levied in Maryland for 1874 was over $80,000 *more* than was ever before levied upon the people of this State, and yet we are told that our taxes are not burdensome. In the same year Mr. Woolford was compelled to issue $261,000 Defence Loan to reimburse the Treasury to meet the payment of interest on the public debt. See Woolford's last Report, page 9.

Dwelling Burned.

The dwelling house owned and occupied by Mr. Lynch, was destroyed by fire on Saturday afternoon, the 16th inst. The fire communicated to the frame work of the dwelling from a defect in the chimney, and had made such headway before it was discovered, that the flames could not be checked, and hence the total destruction of the building. The dwelling was a two story, nearly new, having been built some four or five years ago.

An Editor Shot.

Mr. E. E. Ewing, editor of the Cecil *Whig*, while gunning one day last week, near Rowlandsville, Cecil county, was accidentally shot, but we are glad to learn it is thought not fatally. Mr. Ewing and a Mr. Way, of Port Deposit, were gunning together, and in creeping through some bushes the hammer of Mr. Way's gun was caught and falling produced an explosion, the load taking effect in Mr. Ewing's side. The main portion of the charge, found lodgement in a pocket-book, but some of the shot, it is stated passed into the liver. Mr. Ewing will recover; when he does he should ever hold in higher esteem unpaid bills (for it was these, we understand, with which his pocket-book was filled; no one ever knew an editor to have a pile of money so thick that shot wouldn't penetrate it) and commend them to his brother editors as blessings in disguise.

To the Editor of "American Union."

Please do us the favor to say, that the placing of our names upon the so-called Independent Reform ticket, as candidate for Judges of the Orphans' Court, was without our knowledge or consent and the same is unauthorized.

Collosal Gold Sheaf Seed Wheat

THE ATTENTION of Farmers is specially invited to this new cereal, which for its prolific qualities, hardiness and freedom from disease, perhaps out rivals all other acclimated varieties. Its perfect adaption to every variety of soil and climate makes it a peculiar favorite with both American and British Farmers.

It matures in about twenty days less time than oats.

It is a remarkable grain to stand severe drought.

It yields form 40 to 90 bushels per acre.

The heads will average ten inches in length (We will send sample specimen heads to Farmers on receipt of ten cents, by mail, which will be a life evidence of the enormous growth of the wheat. Agents to whom we have sent specimen-heads are making enormous profits, showing the heads to their neighbors, and taking orders.)

The stalk is sufficiently strong to support the head and prevent its lodging The grain for stock food is equal if not superior, to Indian corn. It ripens while the stalk is yet green. We have tested its superiority as far North as Ontario and Quebec, and as for South as New Mexico, providing its perfect adoption to every variety of soil and climate in North America.

Terms, cash. No C. O. D. packages sent out.

CLIPPER WASHING MACHINE.

I HAVE USED the machine over two years and having the utmost confidence in the same, beg leave to bring it again before the public. In washing quilts, blankets and men's cassimere clothing it cannot be excelled, and will give perfect satisfaction. One trial according to directions will convince the most skeptical. This machine received the Diploma at the State Fair, held at Middletown, Dela, October, 1874.

Direction For Using.

Place the boiler on the stove; fill with water to the circle when boiling; cut from one-third to half pound of soap in the same.—Having soaked or wet the clothes in cold water, soap the soiled parts; drop them losely and evenly in the water, as many as will turn easily. Turn the crank, not all the way round, but half way round and back.—Thus by a rapid reverse motion you will have the clothes cleaned and boiled in *ten minutes*. The cleansing properties of the soap and hot water and the action combined, accomplishes the work. Colored clothes washed by this process will fade less than by the usual mode or manner of washing. All letters of inquiry in regard to machines or Rights for Counties or States will be answered by addressing

MRS. E. PENNINGTON,
Middletown, Dela.,

who has Power of Attorney to dispose of either.

CERTIFICATES.

The following are extracts from private letters from ladies who have used the machine and voluntarily testify of its merits.

"I think the Clipper machine the best that ever was invented. I have seen and had quite a number but this is the only one I can recommend." MRS. ANNA MACKERY,
Easton, Md.

"I am happy to say I like the washer very much indeed. It gives perfect satisfaction—do not think I could do without it. It is all right and nothing wrong."
MRS. HENRY MARSHALL, Lewes, Del.

"Having used one of your Clipper Washing Machines and being so well pleased with it, I feel it my duty to say something in its favor. I am so well pleased with it that unless I could get another of the same kind, I would not dispose of it for three times the price. It is simple and works like a charm in every particular; is less liable to get out of order than any other machine in use. To appreciate its real worth is to possess it.
MRS. GEO. H. BECK, Easton, Md.

"I like the washer exceedingly—better every time I use it. Would not take $20 for it if I could not get another."
MRS. WM. THOMPSON, Rehoboth Del.
