Thursday Morning Jan. 18 1877.

THE Orphans' Court of Caroline county will meet on Tuesday, 23rd of Jan., 1877.

The Editor's Hash.

—The new M. E. Church at Chestertown cost $18,000.

—See prospectus of Baltimore daily and weekly *Sun* in another column.

—Irish Potatoes are selling in the Baltimore market at $1.50 and $2 per bushel.

—Somebody says the Greensborough Brass Band is to give a concert this winter.

—The Board of Control and Review for this county will close their labors on the 30th inst.

—Endorsed by the people as a safe, reliable, harmless, and cheap remedy. Dr. Bull's Cough Syrup.

—Dr. Enoch George has been re-appointphysician to the Alms-house in this county for the ensuing year.

—A party of four gentlemen skated from Easton to Cambridge one day last week, a distance of 24 miles.

—Henry Ward Beecher will lecture at Wilmington on Thursday evening next.—Subject—"Hard Times."

—With the new year many were the resolves to do better. Show your manhood this time and don't backslide.

—At Salisbury, last week, Charles Duffy was accidentally shot through the wrist while romping with Wm. E. Bailey.

—The price of coal oil has gone up in Denton while the quality has gone down. It is now selling at 45 cts per gallon.

—The wheat crop in this county is in an exposed condition, being encased in a sheet of ice and exposed to the wintry elements.

—The pews in Plymouth church, (Beecher's,) Brooklyn, N. Y., were sold last week, and brought the sum of $48,-421 50.

—Eight prisoners escaped from the new jail at Dover on Thursday night last.—They escaped by picking a hole in the stone wall.

—Wandering barbarians, better known as tramps, have been injuring school houses and stealing school property in Dorchester county.

—Cæsar covered his bald head and gray hair with a laural crown. Ayer's Hair Vigor covers gray heads with the still more welcome locks of youth.

—An eight-year-old son of J. A. F. Neal, at Easton, was recently walking on ice with an axe on his shoulder and fell, the axe cutting off one of his fingers.

—Thirty-two thousand dollars is soon to be expended in repairs of the State House at Annapolis. This sum was appropriated at the last session of the Legislature for this purpose.

—The Delaware authorities say they will not send a requisition to New York for May and Bennett, because investigation establishes the fact that the duel was fought in Maryland.

—Provender for horses and cattle is extremely scarce in Lakes and Straights districts of Dorchester county. And eggs, poultry, potatoes and cabbage are short in Cambridge.

—The amount of the Sunday School penny collection, taken in the Sabbath School in this place on Sunday afternoon last, for the benefit of the Bliss children, amounted to $2,36.

—Old party hacks receive recoguition and official patronage in Delaware as well as in Maryland. George B. Dickson has just been appointed a Justice of the Peace for Dover Hundred.

—Mrs. Abigal Hunter must be a specimen brick. She has again returned to Wilmington and resumed housekeeping.—She chases unwelcome visitors from her door with a bowie-knife.

—A man named Stuart in Washington county endeavored recently to find out whether his gun was loaded by blowing into the muzzle, and the gun reciprocated by blowing out his brains.

—Some ten or fifteen schooners were cut through by the ice off Annapolis harbor on Friday afternoon last and sunk. Among the number is the steamer Falcon, of Wilmington, North Carolina.

—Charles Clayville's house, near Snow Hill, was destroyed by fire last week. The furniture was saved. A portion of Mrs. Mary Vincent's dwelling, in Snow Hill, was also burned on the 7th inst.

—The taxpayers of Newtown have held a meeting, and propose to kick against payment by that town of the interest on bonds of the Worcester and Somerset railroad indorsed by the corporation of Newtown.

—J. H. Linthicum has been appointed delegate, and John M. Mason alternate to represent Easton station in the Maryland Annual Conference of the M. P. Church, which will meet at Westminster in March.

—About seventy or eighty oyster pungies and schooners are now frozen in Eastern Bay, Kent Island. They are loaded with oysters and if they could get into port would receive liberal prices for their cargoes.

—A youth, named Bromwell, residing in Broad Creek Neck, Talbot county, while cutting wood last week, met with a severe accident—the axe striking a limb and glancing, struck his foot, nearly severing it in twain.

—The side wheel steamer Alice was burned to the waters edge on Thursday night last at Chincoteague, Va. She was formerly a ferry boat plying between Havre de Grace and Port Deposit. She was built about forty years ago.

—The Chancery or law term of the Circuit Court for this county will hold its January term in this place on Tuesday next.—The 8th of January is the day fixed by law for the regular term of this court, but in consequence of the inclemency of the weather, it was postponed until next Tuesday.

—Bishop W. R. Whittingham, of the diocese of Maryland, is dangerously ill at his residence in Baltimore. He was paralyzed in his left side on Friday morning last and for a time was unconscious. He is in the 71st year of his age.

—Mr. Walter H. Thompson, who has for a number of years past, been the efficient and faithful superintendent of the Easton M. E. Sunday School, has resigned his position, and Mr. L. Dodson, Jr., has been selected to fill the vacancy.

—Kent county Agricultural Society has elected the following officers: W. W. Stephens, president; S. Vannort, vice-president; Dr. F. Worrell, secretary; Thomas C. Parsons, treasurer; J. W. Correy, corresponding secretary, and S. Lecates, Librarian.

—Dogs are considered of more value in Delaware than sheep. At least the members of the Delaware Legislature think so for they are about to repeal the dog tax.—Does the Delaware law tax sheep? If so, repeal that law also, and let both stand on an equal footing.

—The board of control and review of Wicomico county has finished its work.—The total assessment for taxable purposes is $4,507,331, being an increase of $119,-516 over the last assessment, which slight increase is due to depression of the times, according to the Salisbury Advertiser.

—Mr. Philip T. Bell, residing 15 miles above Port Deposit, having a little business at Elkton last week, concluded he would tackle on his skates and slip down to Elkton, a distance of forty miles. He left his home at 7 o'clock, A. M., reached Elkton at 12 M., and returned in the afternoon, making a run of 80 miles in one day.

—Notwithstanding the comparatively mild weather of the past week, the Choptank is still covered with ice and navigation closed. The covering of ice and snow which has sleeted the earth for weeks past has about disappeared, and the present prospect is that the icy fetters of winter are broken. We have thus far had the severest winter known in this latitude for the past sixteen years.

—The fourth quarterly meeting for Denton Circuit will be held in the M. E. Church in this town on Saturday and Sunday, 27th and 28th of January inst. Sermon by Rev. Mr. Hill, P. E., on Saturday morning at 10 o'clock, after which the quarterly conference will be held, attended by the official members of the circuit. On Sunday morning, commencing at 9 o'clock, love feast will be held. At half past 10 o'clock preaching by the Presiding Elder.

—It is said that every loafer in and around Marydel has important information about the recent duel to impart for which they expect somebody to pay them liberally. Regular maps, showing the positions of the parties, the number of paces which separated the combatants, the distance from town and railroad, with other particulars, are handed round for public inspection. If there were any shots exchanged there is no doubt but they were fired on Maryland soil, and in the limits of this county.

—The Democratic newspapers of this State have been in the habit of publishing all advertisements that emiuate from the Executive Depart and charging heavy prices therefor. This too without any authority from any one. Hundreds of dollars have been taken from the State Treasury to pay for proclamations, &c., never intended for general publication. Recently the Secretary of State has given notice by advertisement that no monies will be paid for such advertising unless specially ordered by some one authorized to do so.—Why not also abolish the publication of the laws in newspapers?

—Mr. Richard M. Legg, residing in Queen Anne's county, about three miles from Hillsborough, died very suddenly on Thursday last. He was taken with a chill on Tuesday, from which he recovered, and on Wednesday and Thursday, up to the time of his death, was able to sit up and converse with his family. On Friday, while sitting in his chair, he was taken suddenly ill and fell from his chair to the floor. When taken up the vital spark had fled and he was a corpse. The deceased has been for several years a member of the Hillsborough M. E. Church, a devoted christian, and much beliked by all who knew him.

School House Burned.

The school house at Gravelly Branch, about one mile below Potter's Landing, in this county, was burned on Monday last.—The scholars met at the school house on that morning, built a fire in the stove, and the teacher not putting in his appearance, the door was closed and they left for their homes. Sometime afterward, smoke was seen to issue from the building, and when assistance arrived it was too late to save the building. Loss between $200 and $300. Not insured.

Vessel Supposed Lost.

The schooner *Richard Rhodes*, of Havre de Grace, belonging to Nathan Corkran of that town and Richard Rhodes, of Dorchester county, loaded with hoop-poles in Baltimore and bound for New York, was out in the storm of last month,—about the 16th of December,—and has not been heard of since, and it is feared that the vessel, with all hands have been lost. Nathan Corkran was master and Wm. Corkran, his brother, formerly of the *Lydia A. Hughlett*, was acting as mate on the trip. The schooner is nearly new, and a very staunch vessel.

Both the gentlemen named above were born and raised in the lower part of this county, and until within the past few years, have resided near New Hope. Both of them are the sons of Willis Corkran, the present Surveyor of Dorchester county, a gentleman of high social and moral position. We hope the fears entertained for the loss of the schooner and the Captain and Mate may prove groundless, and that these gentlemen may be restored to the bosom of their families and friends.

The Gospel of Merit.

Where there is so much rivalry as in the manufacture of family medicines, he who would succeed must give positive and convincing proof of merit. This is an age of injury. People take nothing for granted. They must know the '*whys*' and '*wherefores*' before acknowledging the superiority of one article over another. Among the few preparations that have stood the test, those manufactured by R. V. Pierce, M. D., of the World's Dispensary, Buffalo, N. Y., have for many years been foremost. The truth concerning them can be easily ascertained, for Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery are now prescribed by many physicians in curing obstinate cases of Catarrh and incipient consumption. The Discovery has no equal in curing Coughs, Colds, Bronchial and Nervous Affections. It allays all irritation of the mucous membrane, aids digestion, and when used with Dr. Pierce's Pleasant Purgative Pellets readily overcomes *torpid liver* and Constipation, while the Favorite Prescription has no rival in the field of prepared medicine in curing diseases peculiar to females. If you wish to "*know thyself*" procure a copy of "The People's Common Sense Medical Adviser," an illustrated book of nearly 1000 pages, adapted to the wants of nearly everybody. Price $1.50, postage prepaid. Address the author, R. V. Pierce, Buffalo, N. Y.

HUMAN LEATHER.—The question is whether, in this age of utilization, we are going to allow the bodies of the dead to remain unutilized. Although the majority of mankind will doubtless promptly dispose of this not over agreeable consideration by an unequivocal affirmative, two shoemakers in New York city think otherwise; and they exhibit a handsome pair of boots made from human leather in support of their views. The skin was furnished from the front and back of a dissecting room subject, who had died suddenly from accident, and upon whom decay had not yet begun to act. It was placed in a solution of hemlock and white oak barks, and after the tanning, which lasted three weeks, emerged in the shape of a soft pliable, light brown fine calf skin, but more porous. The available skin on a good sized man, says these progressive Crispins, will make the legs and uppers of two pair of boots after allowing for reasonable waste. This is the second utilization that has been proposed. The other was to cremate the bodies in gas retorts, and to convert the volatile matter into illuminating gas, and the bones into phosphates.

A NORTH CAROLINA SNOW STORM.—The Raleigh papers give graphic accounts of the recent snow storm in the western part of the State. A train on the Western North Carolina railroad occupied five days in making its way from Henrys to Salisbury a distance of 117 miles, the depth of the snow on a level being three feet, and at one point the railroad hands had to carry water for the engine a quarter of a mile through this depth of snow. In many places the snow was drifted to the depth of 15 or 20 feet. The cuts of the railroad on top of the snow were filled with all kinds of birds, which had frozen to death and dropped down the banks. While waiting on the road a whole covy of partridges was seen frozen to death, and some of the crowd reached them and broke off the heads of some, their necks snapping like cornstalks. At Catawaba river a yearling was seen some little distance out in the stream, its hind legs having sunk through the ice, leaving its head and forelegs upright. It was frozen to death.

WORSE THAN BULL-DOZERS.—Real cannibals have been discovered by missionaries on the islands of New Britan and New Ireland off the north east coast of New Guinea. These natives are nude savages of the Oriental negro type, who live more like beosts than human belngs. The Rev. George Brown, a Wesleyan missionary, reports that he saw women roasting the leg and thigh of a man who had been killed in a fight. In another he counted thirty-five jaw bones of men and women. Cannibalism seems to be common throughout the islands, not as a religious rite, but as an ordinary means of subsistence. The natives assured the missionary that the accounts heretofore published of a race of tailed human belngs were true, and were certain that these strange creatures were not monkeys.

COMPTROLLER WOOLFORD thinks that, notwithstanding the shrinkage of valdes, the basis of taxation in the State will be increased by the new asses.ment. A lady in this city agress with him fully. A piece of property in Baltimore owned by her, heretofore assessed at $51,000, has been assessed under the new law at $82,000, —*Cumberland (Md.) News.*

GRIFFITH—RICHARDSON.—On Thursday the 11th inst, at St. Peter's Rom. Catholic Church, Queen Ann's county, by Rev. Mr. Heachy, MR. WM. R. GRIFFITH and MISS LACY B. RICHARDSON, both of this county.

Scarcity of Money.

There is no doubt but the present condition of all kinds of business and industry is fearfully depressed, and it behooves every family to look carefully to their expenses.—Winter is coming on when children are liable to Croup, Whooping Cough, etc. Coughs and Colds will prevail everywhere, and Consumption, with other throat and lung diseases, will carry off many. These diseases should not be neglected. Doctor's bills are expensive, and we would advise our people to use BOSCHEE'S GERMAN SYRUP. It never has failed. One bottle at 75 cents will keep your whole family well during the winter.—Two doses will relieve any case. Sold in all towns in the United States, and by your Druggists, Dr. Fisher or Chas. Stevens.

Joints and Muscles, Stiff and painful with rheumatism and gout, are promptly relieved by Glenn's Sulphur Soap. Local diseases of the skin and defects of the complexion are also remedied by this standard article. Depot Crittenton's No. 7 Sixth Avenue, New York. Hill's Hair & Whisker Dye, black or brown, 50 cents. [jan4-4w.

MANY thousands of dollars has been spent in distributing, *free of charge*, Sample Bottles of BOSCHEE'S GERMAN SYRUP to all parts of this country, to those suffering from Coughs, Asthma, Hemorrhages, Consumption, and other Throat and Lung Diseases, that the afflicted might satisfy themselves, that this remedy would save them from those fatal diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggists, Dr. Fisher or Chas. Stevens, and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cents.

DELAYS ARE DANGEROUS.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WEBAR'S PINE TREE CORDIAL, and so avoid Consumption, Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The PINE TREE TAR CORDIAL can always be relied on to do what is claimed for it. Sold by all druggists. Principal Depot No. 916 Filbert St., Philadelphia.

NEW ADVERTISEMENTS.

1877 THE SUN, BALTIMORE, MD. 1877

The Sun, from the geographical position occupied by Baltimore and its proximity to the National Capital, presents unusual advantages to all classes of readers, not only in the city of its publication, but in the surrounding States. It is emphatically a newspaper, and its reputation has been built up by the acknowledged excellence and variety of its news, both local and general. From its fairness and impartiality in discussing public questions, its circulation extends among men of all political fabrics, and has become, from the thoroughness of its information on all current subjects engaging popular attention, the favorite paper of the people. Everything worthy of special notice or record in the State of Maryland, the District of Columbia, and the States adjacent, will be found from day to day in a compact and readable form in its columns. During the session of Congress it gives special attention to the subjects under discussion, the introduction of important bills and the pith of the debates. Its special correspondence embraces not only daily but letters and telegrams from Washington, but covers all the most prominent points in the Union, from San Francisco to New York, and the Eastern cities beyond. Its foreign news is the very latest received from day to day by cable. In its Commercial and Financial Departments the utmost pains are taken to secure perfect accuracy in the quotations, the fluctuations in all classes of public securities being carefully noted. Special attention is also given to the Breadstuff and Provision markets and particularly to the current prices each day, not only in Baltimore, but in other cities of the Union and abroad. For all the principal matters that enter into the business of the country it may be consulted with safety, both by producers and dealers But aside from its political, financial and commercial features, the Sun has an established reputation as a family paper. As such the information it imparts, in the way of general news, is of interest to all classes of readers, nothing being admitted into its pages that may not be read by any member of the household. In religion its position is non-sectarian, with charity towards all; and in local as in federal affairs it regards an honest and economical administration, dealing justly by the people and respecting their rights, to be paramount to all other considerations. To those who desire a first class newspaper, up to the times, and sparing no expense to keep it so. The Sun will recommend itself; while to advertisers it offers the advantages of a large and widely extended circulation among all classes of readers

Beautiful Pictures.

WE HAVE received from the Fine Art Publishing House of Geo. Stinson & Co., Portland, Maine, several pictures recently published by them. The subjects, as works of high art, deserve the highest praise. Stinson & Co. were among the pioneers in the Fine Art publishing business in this country, and year by year their business has grown, until at the present time it has assumed colossal proportions.

A short time since they published a chromo that had a run of over one hundred and twenty-five thousand copies The weight of them unmounted was over nine tons. In the selection of subjects, Stinson & Co. show correct judgment of the public taste, which natural talent, aids by long experience none can give. They publish every description of fine works of Art, from a chromo to a photograph—from a fine Crayon drawing to the most elegant Steel Engraving. They bring into service the skill of the most talented artists. Messrs Stinson & Co. are at present in want of a large number of new agents, to whom they offer the most liberal inducements. We call attention to their advertisement, headed, "To the Working Class," in this column. [Jan-18-1w.

TO THE WORKING CLASS.—We are now prepared to furnish all classes with constant employment at home, the whole of the time, or for their spare moments. Business new, light and profitable. Persons of either sex easily earn from 50 cts. to $5 per evening, and a proportional sum by devoting their whole time to the business. Boys and girls earn nearly as much as men. That all who see this notice may send their address, and test the business we make this unparalleled offer: To such as are not well satisfied we will send one dollar to pay for the trouble of writing. Full particulars, samples worth several dollars to commence work on, and a copy of Home and Fireside, one of the largest and best Illustrated Publications, all sent free by mail. Reader, if you want permanent, profitable work, address, GEO. STINSON & Co., Portland, Maine.

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
