Thursday Morning Mar. 15. 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 27th of March, 1877.

The Editor's Hash.

—The gold premium on Monday last closed at 104¼.

—Some houses in Elkton that only cost $450 rent for $100.

—The 17th of March, (Saturday,) is St. Patrick's day. Look out for stormy weather.

—Three thousand herring were caught in the locks at Delaware city one morning last week.

—Hon. J. W. Crisfield is to deliver a lecture before the Salisbury Circulating Library. Subject—Aaron Burr.

—A Democrat at New Castle, Del., has had his flag at half mast, tied with crape, in mourning for Tilden.

—Herring are becoming more plentiful and are selling in our market at 18 cts. per dozen.

—The complete assessment of Somerset county is $4,961,065. Increase over last assessment $388,835.

—The first shad of the season was offered in our market on Tuesday. It was sold for 20 cents.

—Notwithstanding the damages that Tilden received during the Presidential conflict, he still has Pelt-on.

—The new steamer that was to have been put on the Choptank route, like the old woman's buttermilk, has all gone back.

—Our farmers are vigorously engaged in prosecuting the labor of the farm. The Spring has opened favorable for out door labor.

—New Hampshire voted for Governor and members of Congress on Tuesday last. We have no returns up to the time of going to press.

—The oyster business has played out at Cambridge and those engaged in that business are about to turn their attention to the fishing business.

—Thirteen divorce cases have been granted by the Delaware Legislature at its present session. The last one is that of Randall, a brother of Speaker Randall.

—A change in the time table of the Md. & Del. railroad occurred on Monday morning last. An extra train will be run on Thursdays. See time table in another column.

—The peach bird has made his appearance in Queen Anne's county. Well, let him pluck, there will be enough left of this delicious fruit to stock all the city markets.

—A thorough route from Norfolk to Crisfield is again agitated. Steamers from Norfolk are to connect with the railroad at Crisfield and from thence to Philadelphia and New York.

—The Maryland Annual Conference of the M. P. Church, assembled at Westminster yesterday. Mr. Edward Salisbury, residing near this place, is a lay delegate from Caroline circuit.

—One hundred and fifteen separate parcels of real estate are advertised at public sale for the payment of taxes in Talbot county. Why not sell out in entire, and as the lawyers say, commence *de novo?*

—What is that matter with the St. Michael's *Comet* this week? It is so poorly printed we can scarcely read it. If it does not do better we will have to call in the aid of that forty-four million magnifying glass.

—We are indebted to Dr. Prettyman for copies of the *Daily News and Advertiser*, published during the sitting of Conference at Milford. It is very neatly gotten up and contained pretty full reports of that body.

—The political ball has commenced rolling in Somerset county. Judging from the assembling of the eagles in this quarter there is a bone to pick in this county.—There is nothing like being in readiness to step in at the troubling of the waters.

—We are still printing large sized, neat and tasty horse bills at cheap rates. All other kinds of job printing executed at short notice, on good paper, and at city prices. For neat job printing call at the *Union* office. We mean what we say.

—Messrs. Thompson & Kersey, at Easton, are enlarging their store room preparatory to receiving an immense stock of Spring goods. They know how to do business and thus anticipate the wants of their customers. Purchasers have also learned where to invest their cash to the best advantage.

—Married and yet unhappy. How many a home has been robbed of sunshine happiness and rendered sad and desolate by the loss of some dear and petted child.—This is a dangerous season for children, and parents should keep Dr. Bull's Cough Syrup handy.

—The Wilmington Annual Conference of the M. E. Church, which assembled at Milford on the 7th instant, adjourned on Monday morning last after a session of four days. The proceedings of the Conference, and the appointments of the ministers to the various stations and circuits, will be found in our columns to-day. Rev. J. E. Smith and J. M. Collins are appointed for Denton circuit, and will no doubt be acceptable to our people.

—Messrs. Tuthill & Avery, of Easton, and H. C. Dodson, of St. Michael's, have purchased the entire stock of hardware, agricultural implemements, &c., of Mr. Benson, trustee for W. H. Bruff, and will establish first class agricultural ware rooms at St. Michael's. This we suppose is to be a branch house connected with the large and increasing business at present conducted by Messrs. Tuthill & Avery at Easton. Such enterprising gentlemen deserve thumping luck and abundant prosperity.

—Considerable commotion was created on Front street in this town on Tuesday last by the upsetting of Mr. B. G. Stevens' carriage by the Band wagon which in passing down the street came in contact with one of the wheels of the carriage and capsized it. The coupling of the carriage was broken and other slight damage was the result of the accident.

—The Cornet Band of this town visited Greensborough on Tuesday evening last and were well received by the citizens of that place. On their return they paid their respects to Mr. A. B. Maxwin, who received them kindly, partook of his generous hospitality and after furnishing them with several popular tunes returned home highly delighted with their visit.

—The Dover State *Sentinel* says:—"If members of the General Assembly *will* insist upon getting disgustingly drunk and terribly disorderly, we beg them, for the sake of the example, to confine their orgies to their own chambers. The conduct of several of the members this session would disgrace the average bummer." This is plain talk, but such conduct deserves to be severely censured.

—The Spring mail lettings for Maryland were announced last week. Contracts have been awarded to the following parties in this section of the State. From Elkton to Galena, John W. Raisin, of Chestertown, $484. Cecilton to Middletown, Del., E. W. Parker, $282. Lambson's Station, (Kent Co. railroad,) to Crumpton, Levi S. Chew, $199. Chestertown to Rock Hall, W. W. Coleman, $595. Centreville to Queenstown, J. W. W. Woodford, $447. Centreville to Easton, T. T. Martin, $544. Ridgely to Denton, Thomas Melvin, $190. Denton to Federalsburg, Casper Miller, $575—curtailed to end at Bethlehem—new route will be made from Easton via Bethlehem and Preston to Federalsburg. Federalsburg to Smithville, Oliver Draper, $117. Easton to Oxford, Jesse Mullican, $362. Easton to St. Michael's, Wm. J. Holland $647.

For the Union.

GRAVELLY BRANCH, March 13th, '77.

Mr. Editor:—We saw an article in your valuable paper, dated Feb. 31st (!) written on the spelling bee at this place. We do not think the writer very charitable toward us boys and girls who compose the "controlling element" of the bee. Now we think if she could not show charity to our society she might at least report the truth of it; but neither charity or truth can be found in her statements, but only untruth or burlesque. This we think there is no reason for, and no matter how great the animosity of the writer may be toward us, we think we should be priviledged to enjoy such an honorable association unmolested. But the reason of such acts may be found thus: Some persons are not willing to enjoy anything themselves nor let any one else do so. They remind us of the dog on the hay, "who would not allow the ox to eat the hay nor eat it himself."

But to be more charitable to Aunt Nancy we will presume her object of another character. She has probably been animated to high aspirations of ambition when reading the slang writings of Josh Billings or the ludicrous phrases of Hezekiah Brindle, and desiring thus to immortalize her name, she has sought the columns of your paper as her medium and our bee as her subject, and commenced her career.—We think the trite old maxim very appropriate in her case:

"Fool's names like their faces
Are often seen in public places."

Aunt Nancy also says we can't spell "dog,"—we have no doubt that even she has seen the time when she couldn't spell "dog," for we are sure she knows nothing but what she has learned.

We do not claim to have a Wm. Henry Harrison, a John Quincy Adams, or a Patrick Henry in our little band, and we doubt whether Aunt Nancy ever knew of more than three such men.

She calls herself "Nancy Ann," but we think her the queerest looking Nancy Ann we ever saw; if all the Nancy Anns, Sarah Anns, Mary Anns and Julia Anns were like her, we think the fair sex of the above names would be scarce. Don't you Mr. Editor? Yours truly,

A SCHOOLBOY.

Thousands of Affidavits.

Many having used "patent" and prepared medicines and failed in finding the relief promised, are thereby prejudiced against all medicines. Is this right? Would you condemn *all* physicians because one failed in giving the relief promised? Some go to California in search of gold, and after working hard for months and finding none, return home and say there is no gold there. Does that prove it? Many suffering with Catarrh and pulmonary affections have used the worthless preparations that crowd the market, and in their disappointment say there is no cure for Catarrh. Does that prove it? Does it not rather prove that they have failed to employ the proper remedy? There are thousands of people in the United States who can make an affidavit that Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery have affected their entire cure. Many had lost all sense of smell for months, and pieces of bone had repeatedly been removed from the nasal cavities.

THE Comptroller and Treasurer of this State has given notice that on the 15th of July next they will redeem, at the banking house of Messrs. Baring Bros. & Co., the State's agents in London, the bonds of the State issued to the Susquehanna Canal Company, from No. 1 to No. 250, inclusive. These bonds are for £225 each, and have been due since 1865. They are payable in gold in London.

James E. Pannell, who killed his wife last July, was on Friday convicted of murder in the first degree. The trial occupied sixteen days, and excited great popular interest. There has been no other conviction in Lancaster, Pa., of murder in the first degree for the past twenty years.

Two oyster dredgers were recently arrested at St. Michael's and committed to Talbot county jail for violation of the oyster law. The commitments were handed to them, and they went to Easton and surrendered their bodies to the sheriff without any officer accompanying them.

Lunatic Wheeler's Suicide.

KILLS HIMSELF WITH A VIEW OF PROVING THAT HE CAN BE BROUGHT TO LIFE.

One Wheeler committed suicide in Dundee, Michigan, on Saturday. He fancied that he had discovered a means whereby the dead might be resuscitated, and professed to have had a mystic revelation pronouncing some fiendish death on all persons who would not accept this idea. The following letter, sealed and directed to "Benighted Friends," was found lying on the floor, with a small bottle containing a thick, black liquid, giving out a sickening odor when uncorked:

"It is now twenty minutes after 2, A. M., of Saturday morning, March 3, A. D., 1877. My mind is fully made up to pass the ordeal of which I am to be the sacrifice. The mysteries which lie unfolded in the physical part of man will in a short time be given to the world. Having failed in my effort to satisfy scientific men of the soundness and utility of this grand discovery by experiments in the animal world, and knowing that such an invaluable secret is known only by myself, I shall before six hours have passed, give to the world sufficient proof of my reasonings. The Almighty Being gave man faculties and placed before him powers, leaving him to penetrate their apparent mysteries. But to one who has brought to light these hidden powers everything is so plain, and we notice our actions to harmonize with its occult qualities, we have no fear of a change in our constituent elements. When this mighty, mighty agent controls and guards the course of our atomizing body, we advance one step higher in our change, nearing concatenation at each successive stage, and at last enter perfection. All is life for him who has life! All is hope for him who has hope! All is death for him who has death! My physicatomic state after the ordeal I desire shall be taken in charge by Prof. Louis McLouth, who, by taking a portion of my "creative all-changing assistant material," will scatter a few particles over the dissectory remains and then place them in the receptacle of my galvanic allotropic power, where the elements will resolve themselves into a new combination, and I will appear a living evidence of the collateral discovery."

The machine with which Wheeler killed himself consists of a strong frame work, which supports a ponderous iron balance wheel, and numerous pullies, wheels, steel springs, wire ropes and belts, most of them without any apparent utility to an unsophisticated eye. The wheel is strongly bound with numerous old knives, sharpening irons, and in one case a savage-looking broad axe. When set in motion by a stout steel spring, arranged on scientific principles, it will run fully ten minutes with frightful velocity. The head of the victim was hacked and torn from the trunk, and sliced and cut into a thousand minute pieces.

His intent seemingly was to place his body in such a manner that it might work slowly under the wheel, thus pulverizing it inch by inch. The end attained was brought about by a three-sided trough inclined to the machine. The thing was neatly planed, and large enough to contain his body, but no more. He probably set the hellish arrangements in motion, then placed himself in the trough, head downward, and slid under the revolving knives. One arm was found in shreds, torn from from the body. The arm was probably thrown upward in the agony of the first moment.

Wright, the colored Associate Justice of the South Carolina Supreme Court, turned up in Washington last week. With Chief Justice Moses dead and Wright absent, the Democrats have no chance at present of obtaining a recognition of Gov. Hampton's authority from the Court.

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggists, Dr. G. M. Fisher and Chas. Stevens.

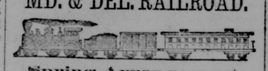

A TIME-HONORED SPECIFIC.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe batonic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.

False Impression.

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by Dr. G. M. Fisher and Chas. Stevens, Denton, Md.

Ayer's *Hair Vigor,*

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
