—Mr. James G. Redden, agent for Mancha Bros., sold last week the Morris farm in Delaware, to Mr. James Corkran, of Brooklyn, N. Y., for $1,400.

—Wheat and grass are looking well.—Many of our farmers are done planting corn. The cool and wet weather has delayed operations to some extent.

—Any defects in this weeks issue of the *Union*, may be attributed to the absence of the Editor, who, though seldom away, is now with his wife and children, visiting Baltimore.

—We learn that the Thursday train on the Md. & Del. Railroad has been discontinued. The locomotive which was injured in the recent accident has been sent to Wilmington for repairs.

—The first Quarterly Meeting of the Denton Circuit will be held at Wesley's Chapel on Saturday and Sunday next.—Preaching at 10½ o'clock A. M., by Rev. Charles Hill, P. E.

—Our friends in western Maryland have been having cold weather. On Tuesday of last week the ground about Oakland was covered with snow, and in some parts of Allegany and Garrett counties ice formed.

—At a meeting of the M. E. Church Sunday School Association, held on the 5th inst., Mr. J. H. Emerson was appointed a delegate to the State Temperance Convention, now about to assemble in Baltimore.

—Capt. W. H. Dilks has exchanged his farm near Federalsburg, with Mr. Robt. McCrea, of New Jersey, for property in the city of Camden. Mr. Dilks has received an appointment in the Agricultural Department, Washington, D. C.

—Notice—All persons who are indebted to us, either by note or store account we would like them to come forward and settle the same as we need money to purchase new Goods. Please do not forget us.
Respectfully, B. F. FIELD & Co.

—The party under command of Capt. Allen, of Federalsburg, who are digging Ivy roots for pipe bowls in Talbot and Caroline counties, are highly pleased with the enterprise. They say that they are lionized by the votaries of "the weed."

—A steam barge, the first steam vessel ever built at Millsborough, will be launched there in about two weeks. She will be 150 feet long, 20 feet beam, and 6 feet depth of hold, and is being built to carry wood, ties and timber from Maryland to Philadelphia.

—One of the chandeliers in the M. E. Church near Lewes, came down with a crash on Sunday evening week, breaking the lamps, spilling the oil and setting fire to the carpet. Fortunately the flames were soon extinguished and the loss did not exceed $10.

—The yard of the M. E. Church now presents a much neater and more attractive appearance. The inclosure has been repaired, the ground cleaned and smoothed and planted in beautiful evergreens, which were presented by our nurseryman, Mr. J. W. Kerr.

—The Keyser *Tribune* understands that Jno Michael of Grant county, a few days since, caught in a steel trap, an eagle which measured from tip to tip, over nine feet.—This American bird had attempted to carry off a lamb which Mr. Michael used as a bait for his trap.

—On Saturday morning Mr. Edward Ramsburg was drowned while attempting to cross the Monocacy, about a mile and a half above Frederick Junction. Mr. Ramsburg was about 30 years of age, and leaves a wife and several children. He was a resident of Frederick county.

—The election for Commissioners of the town of Denton, held on Monday last, resulted in the choice of Dr. Enoch George, J. W. Temple, J. B. Steele, J. W. Bryant and Thos. Melvin, who are understood to favor extensive improvements in streets, sidewalks, &c. There was considerable competition.

—Mr. D. J. Zacharias, residing near Greensborough, has selected a new mill seat a short distance below the old mill, and is now at work preparing for the erection of a new mill house. He anticipates having it furnished with the latest improved machinery, and have it in full operation this summer.

—The International Exhibition opens at Philadelphia to-day. The ceremonies will commence at 2 o'clock, P. M., and will be attended by President Hayes, a majority of the members of the Cabinet, and other distinguished persons. Tickets from Clayton to Philadelphia and admission to the ground and return $2.15.

—Owing to the inclemency of the weather on Tuesday there was but few physicians at the convention. The meeting was called to order, Dr. Hackett elected President, and Dr. George Secretary. After some other business the convention adjourned to meet again on Tuesday next.

—The new Town Commissioners held their first meeting at the Court House on Tuesday evening last. Mr. Jas. B. Steele refusing to serve Mr. Thos. A. Smith was appointed to fill the vacancy. The following officers were appointed: Bailiff, N. A. Hutson; Assessors, Messrs. J. R. Fountain and J. T. Lowe; Clerk, Clinton Cook.

—The *Sentinel's* Bower's Beach correspondent, under date of May 1st, says, dull times seem to be on the decline with the commencement of the trout season.—Twenty-two trout were caught there Saturday week, and about fifthy on Tuesday. This week the large seines commence, and before another week roll around hundreds of bushels will have been caught.

—A Havre de Grace authority says:—Up to the middle of the week, very few fish have been caught, and all our fishermen were in a fair way to lose money, but we are glad to say that the run of fish is now excellent. Our gillers are catching as many as 150 shad, and 1,500 herrings a night.—The largest hauls we have heard of at the shores, have been 4,000 shad and 10,000 herring.

—The Dover State *Sentinel* is responsible for the following: On Thursday morning last quite a frost was observed by the early risers. That the fruit was injured there is no doubt, but to what extent we do not know. There is one thing certain; we can lose half of the present prospect for a crop of peaches, and then furnish more than the country is likely to want.

—The "Baby's Best Friend" is the most appropriate title for Dr. Bull's Baby Syrup. It is absolutely free from Opium, Morphia and other powerful agents, is perfectly safe and reliable under all circumstances, and by allaying the usual Stomach and Bowel disorders of Babyhood keeps the Child from fretting and crying, so injurious to itself and annoying to all.—Price 25 cents.

—The Denton Cornet Band and Dramatic Association gave another entertainment at the Court House in this place on Saturday evening last, which was well attended considering the inclemency of the weather. The Band executed some fine airs in a correct and attractive manner, indicating continued improvement and a purpose to excel. The characters were generally well sustained and the audience highly pleased.

—On Friday morning, early, the citizens of Bealesville, in this county, were very much excited in consequence of the killing of a colored man by the name of Hanson Owings by L. L. Beale, an estimable old gentleman of sixty-five years. The verdict of the coroner's inquest was that the colored man, having attacked Mr. Beale with a murderous bludgeon the killing was justifiable homicide. The homicide was effected by the use of a small stone, which struck the deceased in the head, causing instant death.—*Balt. Sun.*

—Mr. Joseph Stout, of Carroll county, gives the following remedy for chicken cholera, which he considers a perfect cure: take a handful of white oak bark and boil it in a quart of water to make a strong decoction. After it cools mix with the liquid corn meal to the proper consistency to make a dough for feeding, and give to the fowls. Mix a teaspoonful of Cayenne pepper to two quarts of the feed. The fowls will eat this mixture readily. His theory is that the cholera is a species of diarrhœa, and the bark and pepper acting as astringents cure the complaint.

## Peach Growers Convention.

The Peach Growers in anticipation of large crops are already taking action looking to the means of transportation. A call has been issued by some of the most prominent men in Delaware for a convention to be held in Middletown on the 19th of this month. The object of the meeting will be to make arrangements for a reduction of freights on the Philadelphia, Wilmington and Baltimore railroad and its branches, the Pennsylvania, Baltimore and Ohio, the Philadelphia and Reading and other railroads. Representatives from all the prominent railroads are expected to be present, and every district on the peninsula are expected to send delegates.

Let the Peach Growers of our county take care that they are represented. United and early action is important, and this Convention, if properly constituted, must be of great service.

## Fish Culture.

We are informed that Mr. J. E. Hignutt, by the use of boxes, which are located near the mouth of Watt's Creek, has succeeded in hatching out some 50,000 young shad, in addition to a considerable number of herring and white perch. Mr. Hignutt is at work without compensation, and deserves great credit for the public spirit exhibited in practically demonstrating that shad may be raised in unlimited numbers, where proper skill and care are used. Mr. Hignutt's perseverance and success is the more creditable when we remember that the effort, last Spring, on the part of the agents of the Fish Commissioners, to hatch shad in the Choptank, was a total failure.

MR. J. W. GARRETT, of the firm of Garrett & Redhead of this town, enclosed $50 in an envelope of Adams Express Co., and directed it to Vickery & Carroll, Baltimore, Md., on Thursday of last week. He subsequently and on the same morning delivered it to the express agent here, who alleges that it was duly stamped and forwarded. Messrs. Vickery & Carroll both telegraph and write that a package, purporting to contain $50 "marked, counted and sealed by J. W. Garrett" was received by them on the 27th, which upon being opened was found to contain nothing but "a part of an old newspaper with some writing on it" and that the "seals do not bear the impress of the Adams Express Co.'s stamp."

The matter is undergoing investigation by the Express Company and its agents.—*Md. Courier.*

*For the Union.*

## Town Blowing.

What a delicious thing it is to have a fresh breeze occasionally to blow the dust out of ones eyes as we happen to be on the street attending to *our work*.

Good it is for us all to be in earnest, and while we are intent upon our own work to have a little breath given to aid others in their struggles against wrong, and to strengthen the right, let it appear where it will, either in the hedge row or the field.

Such was *our* thought as we walked home in time to feed pigs and poultry and get the childrens' dinner (they had been given their breakfast before starting out,) —not to electioneer or ask ought of the public but the privilege, which is the inalienable right of every woman, to pass the men who throng the streets unmolested, and without fear of insult.

We were not a little surprised however, on this particular morning to be reminded by one of the *Town*, that "a lady should be at home attending to her work, instead of *blowing* upon the street."

Just then a small boy blew a blast from a wooden whistle; and the reprimand descended to him, "*Don't blow so loud on the street!*"

We thanked God and took courage.—Gathered our arms full of babies, came home, fed all who called on us for nourishment, felt thankful for the breath of this lovely spring morning and shall continue to "*blow*" as long as God giveth us the breath to blow with. A breath that is not poluted with tobacco smoke, or spirituous liquors, but from a good healthy constitution, and for the clearing away of the fogs which obscure the rising of the Sun of Righteousness with healing on His wings.

No wonder that the Hindoos talk of settling missions among Christians in order to instruct them in morality and decency.

## False Impression.

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md.

## Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggists, Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md.

**A TIME-HONORED SPECIFIC.**—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe botanic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.

Ayer's
Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
