The Editor's Hash.

—Strawberry checks printed at this office at short notice and at the very lowest rates.

—The public schools in this county, for lack of funds, will be closed on the 15th of June next.

—Fresh trout, caught in Delaware waters, sold in this market on Tuesday last at 25 cents per peck.

—The Choptank fishermen have given it up as a bad job. The present fish season is the poorest ever known.

—Trout fishing has commenced along the Delaware Bay. Only small quantities thus far have been taken.

—Stephen Denny's farm, in Talbot county, 125 acres, has been sold to P. T. Leonard for $6,500.

—Bishop Lay last Tuesday ordained as priest Rev. W. Y. Beaven, at Christ Church, Easton.

—A medical association for this county has been formed—Dr. Thos. Hackett is President and Dr. E. George, Secretary.

—The potato bug has made his appearance in this vicinity, but are not yet numerous enough to arouse the fears of our potato growers.

—The regular annual excursion from Wilmington to Rehobeth Beach Camp meeting grounds will take place on the 7th of June next.

—Miss E. A. Downes, of Queen Anne's county, has been appointed to the vacant scholarship for that county in Baltimore Female College.

—Robt. F. Walker has been elected town commissioner of Easton. He received 110 votes, R. H. T. Councell 102 and Edward Roberts 36.

—The Baltimore Basin has become a man-trap. Within a week past some four or five dead bodies have been fished from its turbid waters.

—A complete and new dwelling house has been carried on a schooner from Baltimore to Cambridge. Even the foundation stones and bricks were included.

—A quart of gas tar well stirred in a bucket of water and then applied to the vines with an old broom, is said to be a sure remedy against the potato bug.

—Fish has been so scarce at St. Michael's the present season that every fisherman would like to be appointed on the Fish Commission. So says the *Comet*.

—The Easton *Star* has donned a new suit. Now twinkle, twinkle, little star.—We are glad to see this evidence of the prosperity of our cotemporary.

—Bishop Wayman, who is presiding at the A. M. E. Conference at Wilmington, Del., occupied the pulpit of Asbury M. E. Church in that city on Sunday last.

—Clement Sullivan, editor of the Cambridge *Chronicle*, is spoken of as the probable Democratic candidate for State Senator in Dorchester at the next election.

—Our farmers have well nigh finished planting the corn crop. The backwardness of the season has retarded operations and caused them to plant later than usual.

—The meanest thief on this Peninsula resides in Queen Anne's county. He is mean enough to steal a blind sow's acorns. Last week he stole a gentleman's sweet potato bed, sprouts and all.

—Mr. C. W. Gibson has just completed his new store house at Henderson and it is now ready for a stock of goods, which Messrs. Pratt & Ford will put in the last of the present week.

—Talbot county Court commences its May term on Monday next. The criminal docket numbers 70 cases — the petition docket 3—the appeal docket 9—the civil trial docket 126.

—The sale of the Todd property at Preston, heretofore advertised in these columns, did not take place as advertised, but the sale will positively take place on the 26th inst. See advertisement elsewhere.

—Last week Thos. R. Green, of Maryded, and Wm. S. Cooper, son of Ex Sheriff Cooper of Dover, Del., left for Waverly, Nebraska, where they intend to permanently locate and make it their future home.

—A citizen of Milford was recently rid of a forty foot tape worm by the use of one ounce of spirts of turpentine and two ounces of castor oil. It killed the worm and came near killing the gentleman also.

—The Bishop of Easton will visit St. John's Parish, administer the right of confirmation at Greensborough on Monday the 21st inst., and at Hillsborough on Tuesday the 22d. Service at each place at 7 P. M.

—The Cecil *Whig* says that a confidence operator, giving the name of C. A. Henderson, claiming to be from Baltimore, has recently been doing quite a lively business among the farmers in the Eastern Shore counties.

—John Rhodes, colored, convicted in New Castle (Del.,) Court of the murder of Jas. Temple, also colored, received the death sentence on Monday last. He knocked his victim senseless and then cut his throat from ear to ear with a penknife.

—John H. Elliott, alias John H. Wilson was tried in Queen Anne's county Court on Saturday last for the murder of Edward E. Wilson, colored, and convicted of murder in the second degree. He is awaiting sentence.

—Notice—All persons who are indebted to us, either by note or store account we would like to come forward and settle the same as we need money to purchase new Goods. Please do not forget us.

Respectfully, B. F. FIELD & Co.

—Mr. Beniah Kinnaman, a practical farmer and a worthy citizen of Tuckahoe Neck, who was seriously ill last week and whose life was despaired of, we are pleased to announce is convalescent. He is recovering rapidly and will soon be about again.

—Wm. N. Dill was tried in the Circuit Court for Queen Anne's county on Friday last for the burning of the barn of Dr. R. J. Wilson, near Queenstown. The jury after an absence of two hours returned into Court with a verdict of "not guilty."

—The coal consumers of St. Michael's are taking time by the forelock and are laying in their next winter's supply at $4 per ton. The freight on coal from Havre de Grace to St. Michael's is only seventy-five cents a ton.

—The patent on sewing machines having expired the price is being reduced. Agents are now asking $35 for a $65 machine.—Don't buy yet. They will be cheaper still. It only costs $15 to get up a $70 machine. Our readers may purchase one in a short time at $25.

—The Baltimore Daily *Bee* is one of the newsiest, spiciest and neatest of all our exchanges. How it does to crowd so many good things into so small a space is a marvel to newspaper men. It is a welcome guest at the editorial table of the *Union*.

—Col. L. A. C. Gerry, Deputy Collector of Int. Revenue, will visit Denton Friday and Saturday, (the present week,) 18th and 19th of May, to receive the special tax due from merchants and others.—He may be found at the editorial room of the *Union* office.

—The new fish law applicable to Choptank fishermen, goes into effect on the 20th ints. After Saturday next it is unlawful to haul the seine in the Choptank or its tributaries. We hope that the officers of the law will see to it that the law is not violated.

—Several stalks of wheat were received at this office on Tuesday last, (15th of May,) grown on the farm of Mr. Thos. F. Garey, near town, which measured three feet, eight inches in height. It was of the Fultz variety. Can any of our farmers produce a taller sample?

—An extension of the mail route from Vernon, Del., to Barrsville, Md., in this county, is about to be asked for. The distance is but four miles and the favor will not be refused by Postmaster General Key, we are sure, if the facts are properly presented. The advantages to be derived will be additional mail facilities, its delivery with promptness and regularity.

—The formal opening of Fairmount Cemetry, situated on the lands of Jesse Hubbard, between Hunting Creek and Preston, will take place on Sunday, May 27th, at 2 P. M., with appropriate religious services. The sermon will be preached by Rev. R. D. Bradley. Vocal and instrumental music. The public are respectfully invited.

—The Delaware State Fire and Marine Insurance Company, located at Delaware City, is a palpable fraud. At Henderson, in this county, there is a claim of $3,300 awaiting payment. At Harrington, Del., a claim of $2,000, and one near Milton, Del., of a similar amount. Our citizens, if called upon by their travelling agent, should spot at him once.

—A bright and beautiful child shows in its very expression that its Babyhood was not associated with Opium, Cordials, etc., —for the continued use of Opium is antagonistic to health. That valuable and highly recommended Remedy for the disorders of Babyhood, Dr. Bull's Baby Syrup, is absolutely free from Morphia and all other dangerous agents and can be safely employed at all times. Only 25 cents per bottle.

—We invite the special attention of the travelling public to the Mansion House, located on Fayette street, Baltimore. The proprietor, Isaac Albertson, Esq., is a gentleman who by his long experience in conducting a public house, knows just how to provide for his guests and make them feel at home. We advise our readers when visiting the city to stop with him.

—Messrs. Satterfield & Moore, at Greensborough, have their new saw mill and basket factory almost completed and in a few days will again be in operation. The new building is built upon the site of the old one which was burned last summer.—The present building and machinery is on a larger scale than the one destroyed by fire and it is said will give employment to about two hundred men.

—Six million baskets of peaches—the estimate of some of our exchanges for this Peninsula the coming season—we think is a stretch of the imagination. That the trees are heavily laden with the young fruit is a fact, but no one acquainted with the nature of this fruit, can doubt for a moment, that one third of the crop will fall and perish. Even then, the crop will more than supply every demand.

—Mrs. M. S. Norris, has again replenished her stock of Millinery, Notions and Fancy Goods, and the ladies of Caroline county are earnestly requested to visit her when they visit Easton. Her establishment presents the appearance of a city millinery, and the counters are continually thronged with customers attracted thither by the grand display of the latest fashions, and a wonderful decline in prices. Our readers would be well repaid by a visit to this great Fashion Bazar. Read her advertisement.

—On Tuesday morning of last week the fine new steamer built for the Chester River route, was launched at Wilmington, Del. She was christened the B. S. Ford, in honor of the President of the Chester river steamboat company. The new boat is 160 feet long, 27 feet breadth of beam, 8½ feet depth of hold and is to have a vertical jet condensing engine, with 38 inch cylinder and eight feet stroke.

—We have received from the *American* office, Baltimore, a very neat lithographic war map of the countries bordering on the Black Sea, and which is the battle ground of the Turco-Russian armies. It is a very useful assistant to the general reader, enabling them to trace out the line of march of each army and locate the battle-fields. The editors of the *American* furnished each of their subscribers on Saturday with a copy of this map.

—The steamer Highland Light which makes her weekly visits to this place is one of the most commodious and comfortable steamers that leaves the port of Baltimore. Capt. Leonard and Purser Conner are as good officers as ever set foot on the deck of a steamer and by their affable manners and polite attention to the traveling public have now the good will and esteem of all who have been brought into contact with them. This steamer deserves a liberal patronage from our people.

—The berry crop in this region promises more abundant than for years past. The strawberry vines are already loaded down with berries not yet ripe, while the patches or fields are white with blossoms yet to mature. The Wilson variety may be regarded as the greatest bearers and the best for shipping. All other varieties will yield an immense crop the present season. Other varieties of berries give promise of a heavy crop. Peaches and apples are uninjured and these crops will be large and a drug on the market, except those of choice varieties, for which remunerating prices may be obtained. Our fruit growers should send only the best varieties to market, and dispose of the inferior at home.

—Chas. H. Blackiston, son of Mr. H. Blackiston, merchant in this place, met with a serious accident on Saturday night last. At the hour of closing the store he stepped outside for the purpose of closing the shutters when in the darkness he fell into the cellar, the doors of which had been left open. When found he was in an insensible condition. He was immediately taken up and carried into the dwelling adjoining, the medical services of Docts. Fisher, Downes and George were secured, and in a short time consciousness was restored. He received a severe wound across the scalp, some three inches in length and from the concussion produced by the fall bled freely from the mouth and fears were entertained at one time of hemorrhages.—We are glad to state that he has so far recovered as to get out again.

—The first Quarterly for Denton Circuit was held at Wesley's on Saturday and Sunday last. The Conference was presided over by Rev. Chas. Hill, P. E. for Easton District. The business of the Conference was conducted harmoniously and in a fraternal spirit. The spiritual condition of the several churches within the bounds of the circuit were represented as in a prosperous condition. The finances were in a rather depressed condition, owing to the scarcity of money and the stagnation of business. The Conference fixed the salary of the senior minister for the present year at $800 and that of his colleague at $200. The next Quarterly Conference will be held at Sheppard's on Sunday and Monday, the 5th and 6th of August next.

—While on a visit to Baltimore city last week we stepped into the large clothing house of Rogers, Peet & Co., where we were pleasantly entertained for a short time by Mr. J. E. Stanton, the leading spirit of the establishment. This firm is doing a prosperous business with daily increasing sales. This is no cause of marvel with those who visit the establishment and see the amount of ready made clothing of the best material, latest style, and offered at such low prices. Their prices are all plainly marked, or rather printed, and attached to each separate article, from which there is no abatement; so there can be no deceiving the purchaser as regards prices. Their system of doing business is perfect and free from mis[illegible] We commend this firm to the fa[illegible] consideration of our readers. Mr. Mobray, a young man well known in this and the adjoining counties for sauvity of manners as well as for his good business qualifications, is with this firm and will no doubt be glad to receive a visit from his numerous friends when visiting the city.

Attempted Rape.

Our jail which is most of the time without a prisoner, received an occupant last Saturday evening in the person of Daniel Phillips, a colored man, who was arrested on Saturday last by constable Wm. Slaughter, of the 5th District, charged with an attempted rape on the person of Mary Hurlock, a white girl, aged about 14 years. Miss Hurlock and the colored man both lived in the family of Mr. Henry Mobray, at Federalsburg, and on Thursday morning last, as is their habit, both arose before the family. Phillips selected this early hour, and before others were about, to take improper liberties with the young girl and finally attempted to commit the hellish act. The cries of the girl alarmed the family who came to her rescue and the designs of the inhuman monster were frustrated. On Saturday he was arrested and lodged in jail to await trial at the next October term of Court.

What a blessing to the poor would be such a wholesome purifier and preventive of contagion as Glenn's Sulphur Soap, could it be distributed among them. Why dont some philanthropist act on this hint. Depot Crittenton's, No. 7 Sixth Avenue, New York.

False Impression.

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggists, Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md.

A TIME-HONORED SPECIFIC.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe batonic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.
