Thursday Morning May 31. 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 12th day of June, 1877.

The Editor's Hash.

—Lines by Sallie Carlton shall appear next week.

—A one half interest in the Federalsburg *Courier* is offered for sale.

—Strawberries sold in this market last week at ten cents per quart.

—Soft crabs and strawberries are among the superfluities of Crisfield society.

—Brigham Young, it is said, on an average, loses two mothers-in-law a year.

—Ripe cherries, grown in Virginia, were offered for sale in the Baltimore market on Friday last.

—Up to Saturday last nineteen carloads of strawberries had been shipped over the Delaware railroad.

—At the last pay day of the Milford Fruit Basket Company they paid out to their employees $1,600.

—Mr. Hayland Marcus, near Elkton, lost a valuable horse Sunday night week, the lightning striking and killing him.

—Johnathan Leonard's farm, 150 acres, in Talbot county, has been sold to Joseph Wingard, of Pennsylvania, for $10,000.

—Preparations are being made in Denton for the observance of the coming 4th of July—so that it may be kept very quiet.

—B. F. Field & Co., have just received a nice lot of sugar cured hams, dried beef and various other articles needed in every family.

—The reader's attention is invited to Mr. Wm. T. Shewbrooks' advertisement. He offers boots, shoes and harness at the lowest prices.

—Geo. Hastings, a breakman on the Junction and Breakwater railroad, was killed last week at Harrington by the backing of the cars upon him.

—Wm. W. Lowe, an employee in a mill at Salisbury, was killed last week by the bursting of an emery wheel on which he was sharpening a saw.

—Edward L. Griffith, of the lumber firm of Griffith & Thomas, of Baltimore, committed suicide in Druid Hill Park, last week, by shooting himself.

—Robt. Dodd was drowned in Cedar Creek Canal, near Milford, last week. He is said to have been a son of an incestuous intercouse between a brother and sister.

—The hail storm on Monday week was very severe at Queenstown. More than 200 window lights were broken, wheat destroyed, and trees riddled of their foliage.

—There are some four or five cases of small pox at Harrington, but they are all confined to one family and every precaution is taken to prevent a spread of the disease.

—Barney Cannon, son of Mr. Jno. M. Cannon, at Bridgetown in this county, was one of the victims of the unfortunate launch of the iron steamship at Chester, Pa., last week.

—Professor West's basket pic nic on Friday last was a perfect success. Young and old enjoyed them hughly. The Cornet Band enlivened the occasion with choice music.

—The boiler in Carey's steam saw mill, located in Sussex county, Del., exploded last week, killing the proprietor, Elijah J. White, a young man aged 21 years and slightly injuring three others.

—A man named Smith, living near Felton, Del., last week deliberately beat a colt to death he was endeavoring to break. His last brutal act was to crush in its head and left it in this suffering condition.

—Mr. Trusten Pippin, residing in the second election district of this county, is the owner of a valuable cow, which last week gave birth to a fine calf, which weighed a half hour afterwards 110 lbs.

—The board of managers appointed at a previous meeting will meet on the old camping ground at Hurlock's Wood's tomorrow, to decide whether they will hold a camp meeting or not, the present season.

—We received from Rev. Jas. H. Rich, of this town on Tuesday last, a basket of the largest and most delicious strawberries we have seen this season. For this token of esteem we tender him our hearty congratulations.

—The sale of a vile compound, known as Maryland Star Bitters, by parties at Easton who are prohibited from selling intoxicating drinks, has attracted the attention of Talbot county Court, and the matter is to be investigated.

—A Mrs. West died at Georgetown, last week, aged 40 years. She was married at the age of 22 and was the mother of 23 children. Her husband who was married the second time is the father of 36 children. He ought to have a pension from the government.

—Gov. Carroll on Monday pardoned Chas. Gould, colored, sentenced to the penitentiary ten years ago from this county to serve for the term of twenty years. He was convicted of arson and must have been very young as he is now only about 22 years of age.

—A dozen persons were made seriously ill at Newtown on Tuesday by eating ice cream at one of the hotels there. Among them were several lawyers who were attending court. Some impurity in the milk used for making the ice cream was the cause. Prompt attention by physicians saved the lives of all.

—Last week a hail storm passed over a section of country near Smyrna, Del., another visited Queenstown and a part of Kent county, and a third passed over a portion of Dorchester county, in each of these sections, doing considerable damage to wheat, fruit and vegetables. Hail stones, said to have been as large as hens eggs, played sad havoc with window panes and pelted unmercifully men and beasts caught out in the storm.

—Next week, it is stated, a new line is to be started on the Choptank route. The steamer *Raleigh* will run from Baltimore to Potter's Landing, touching at all the intermediate landings on the river. The is to be a tri-weekly night boat and the line will be known as the Farmers' and Planters' Transportation Line.

—The Cambridge *Democrat* tells of a love sick swain and his adored who were engaged to be married but in consequence of a short crop of herring this Spring were compelled to postpone the nuptials. Our fish commissioners should hurry up the crop and remove this obstacle to connubial felicity.

—Mother's grow weary and sigh over the responsibility that Baby places over them, but they have the high privilege of shaping a character for usefulness. The exercise of patience and the preservation of Baby's health by the proper use of Dr. Bull's Baby Syrup will give them great present comfort and prospective happiness. 25 cents per bottle.

—We are informed that on Saturday evening next, the Denton Cornet Band are to visit the beautiful residence of E. W. Williamson, Esq., near Potter's Landing, at which time and place a strawberry festival is to be held. We are confident that our Band will acquit themselves with credit, and be pleasantly entertained by Mr. Williamson and family, as *none* can excel them in making *all* who stop under their hospitable roof, comfortable and happy.

—The Easton *Star* speaking of the senatorial contest in this county, says:—"J. W. Bryant, Esq., and Dr. Alexander Hardcastle are spoken of in connection with the nomination for State Senator in Caroline county. Either of those gentlemen would make Caroline a good Senator. Mr. Bryant is a lawyer of talents, character and influence; he knows the wants of the people of Caroline, and is thoroughly posted in State politics. Dr. Hardcastle is a large peach grower and farmer, and has had some experience in legislation."

—Christ's Church at Cambridge is undergoing repairs and in the mean time services are held in the Court room. Brother Johnson, of the *Democrat*, who by the way, we should judge is not overburthened with the mania of church going, stepped in to scan the worshippers, and being by profession, a limb of the law, could not reconcile former proceedings with the present; law books, briefs, dockets, deeds and conveyances, filled his mind so full of the sensual things of life, that like Banquo's ghost, they would not down at his bidding, and the music, prayers, hymnal or sermon failed to impress him with holy desires or to even heave a sigh for the "evergreen shore." We must admit there is a wide distinction between human and divine law, but this should not have so disturbed brother Johnson's pious meditations, unless there was a consciousness in his own mind of some dereliction of duty in the practice of both which brought condemnation.

Real Estate Sales.

The Brick Mill property, known as Stock Landing, situated on the Choptank river, about three miles above this place, consisting of a grist mill in pretty good order, brick dwelling house and other out buildings, 90 acres of land and other improvements, was sold at public sale in this place on Tuesday last by Messrs. Downes & Bryant, trustees for the sale of the real estate of the late Wm. T. Wilson. Thos. F. Garey and Wm. T. Wilson were the purchasers at $3,375.00.

The same trustees for same estate sold the Wilson Home Farm, situated near Boonsborough, containing 125 acres, with good dwelling and other improvements, to Mr. Alex. Saulsbury for the sum of $2,-100.00.

Dedication.

The dedication of Fairmount Cemetery, which has recently been laid out, enclosed and embellished by Jessee Hubbard, Esq., of Upper Hunting Creek, took place according to previous announcement, on Sunday afternoon last, 27th inst. It would be difficult to find a spot better adapted to the purposes of sepulture, or more charmingly located than Mr. Hubbard has selected. It lies about one-fourth of a mile north of the village in which its founder resides, and on the public highway leading from thence to Preston. Soathing less than an acre is, at present, enclosed with a neat picket fence, dressed, and painted white, the posts being of a dark brown. The ground is amply shaded with oak, beech and other forest trees, with here and there an evergreen, which gives a pleasing variety to the scene. The entire expense, both of land and improvements has thus far been borne by Mr. Hubbard, and he now offers burial lots to all who desire a lovely spot wherein to lay their loved and lost, at mere nominal figures.

A very large concourse of people, many of them from a distance, assembled upon the grounds, on Sunday afternoon, and at half past two o'clock, the dedicatory exercises were opened by singing.

"We shall sleep but not forever."

The singing was by an impromptu choir, with organ accompaniament, Mrs. Elijah Todd, (nee Hynson) presiding at the instrument. This was followed with singing by the congregation, of the 1058 hymn—"We, Thee adore! the eternal name!" after which Rev. Jas. L. Kenney offered a most touching and eloquent prayer.

"And must this body die?" was then sung by the choir, followed by a sermon, delivered by Rev. R. D. Bradley from the following text: "I am a stranger and a sojourner with you; give me a possession of a burying-place with you, that I may bury my dead out of my sight."—Genesis 23d chap. 4th verse.

The sermon was able, appropriate and eloquent, and any synopsis of it that you would have space for, would not do the speaker, nor the discourse anything like justice. I, therefore, prefer not to mar its fair proportions by making extracts.

After the sermon, which was slightly interrupted near its close, by a sprinkling of rain, and a few sentences dedicating the place to the purposes for which it has been set apart and invoking the favor of the Most High upon those who shall there rest, the doxology was sung, followed by the benediction. By request of Mr. Hubbard the congregation sang—"Hark from the tomb—a doleful sound," and then quietly wended their way to their homes.

The number of persons present were estimated by several as high as 800. There were over 200 vehicles by actual count.—There was no incident to mar the proceedings, and the affair was not only pleasant, but a decided success.

Preston, May 29th. NORWOOD.

For the Union.

Union of the Methodist Churches.

Mr. Editor:—In your issue of yesterday an item is inserted which may mislead some of your readers. It states, that "after a separation of some twenty years, the M. P. Church and the Methodist Church South, re-united in one general denomination last week." The union effected was between the "Methodist Protestant" and the "Methodist" churches. The members who organized the former body, withdrew from the M. E. Church; holding their first Convention in 1828. A Constitution and Book of Discipline were adopted in 1830. Their chief ground of complaint against the old church was the rejection of lay representation.

In the year 1858 some twenty Conferences of the M. P. Church severed their connection with that body, because they held more ultra anti-slavery views than the General Conference would endorse. These Conferences were located chiefly in the Northern States. They dropped the word *Protestant*, and organized as "The Methodist" church. Since our late civil war, one entire Conference, we believe, as well as a number of individual ministers and lay members, have formally united with the old M. E. Church; among these, Rev. L. C. Matlack, now of the Wilmington Annual Conference. At the last session of the General Conferences of the Methodist Protestant and the Methodist churches, action was taken looking toward a reunion of these bodies. A delegated Convention, representing each, met in Baltimore last week, and Wednesday last completed the work the work of a permanent union. In 1876 the Methodist Protestants reported 650 itinerent ministers, and 58,319 lay members. "The Methodists" 775 ministers and 55,183 lay members. So that their aggregated membership is something over 100,000.

The M. E. Church South withdrew from the M. E. Church in 1844. Her membership in 1876 was, 3,371 intinerant ministers, 5,462 local preachers, and 722,346 lay members.

Notwithstanding these large withdrawals from the parent body, the M. E. Church, the statistics of 1876 gave her a membership of 11,361 itinerant ministers, 12,509 local preachers, and 1,613,560 lay members.

[Mr. Editor, allow us, through you, to tender our congratulations and well wishes to the happy couple, whose union in the bonds of matrimony was announced in your last issue. May happiness and prosperity attend them.] Yours truly,

May 25th, 1877. E. P. A.

Small Pox at Harrington.

We briefly alluded in another column to a case of small pox at Harrington. Later information enables us to state the case more fully. It seems a young lady from Harrington visiting New York, contracted the small pox and dying there, was sent to her married sister Mrs. Parson of Harrington, the corps arriving on Saturday night. All the preparations for her funeral had been made for Sunday and the services even performed, when the secret leaked out, and the body was was sent back to New York, on the following Monday.—Nothing more was thought of the case until Mr. Parson, his wife and three children all caught the disease, which though of a mild type, sufficiently shows its character. At present no new cases are reported and it will probably stop where it is.

Strawberry Festival.

The Denton Cornet Band will hold a strawberry Festival at the Court House in this place on Saturday, June 9th, to continue day and night.

A Talk with the President.

A correspondent of the New York *Post* telegraphs that General Grosvenor, the Speaker of the last Ohio House of Representatives, passed some hours with President Hayes on Friday, during which the political situation was very freely talked over. The President said that he did not think that the members of the Republican party quite understood his course and position, and that nothing is further from his intention than to do anything to impair its organization or future success. The notion of building up a third party, or Hayes party, independent of the Republicans in the North or South, had never entered his head.

The President said also that he especially dislikes the phrase, "Hayes' Southern Policy," and looks upon it as the policy of justice and necessity in the interests of prosperity and peace; that what he has done and will do will be in furtherance of the idea embodied in the sentence of his inaugural address: "He serves his party best who serves his country best."

THE PEACH CROP.—The committe of fifteen, who were appointed by the fruit growers of Delaware to confer with the officials of the railroads to consider rates and other points, met in Philadelphia on Friday for conference. Sub committe consisting of Hon. B. T. Biggs, H. N. Willetts, Jacob B. Brown and Albert Curry, of Delaware, and Dr. Atkins, of Maryland, was appointed to report at a convention to be held June 8. At the meeting, it was stated that the peach crop has been uninjured by the late cool weather.

Very obstinate and troublesome are old sores and ulcers. Yet how easily may they be healed. All that is necessary is to use freely Glenn's Sulphur Soap dissolved in water as a lotion. Depot Crittenton's, No. 7 Sixth Avenue, New York. Hill's Hair & Whisker Dye, black or brown, 50 cents.

False Impression.

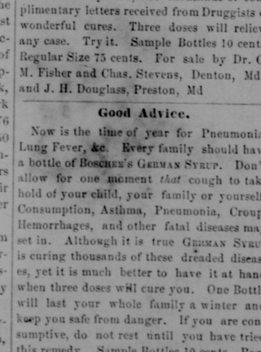

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggists, Dr. G. M. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md.

A TIME-HONORED SPECIFIC.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe batonic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.
